In order for an adoptive child to be considered a child with special needs for medical, mental health, or rehabilitative care, the public children services agency (PCSA) responsible for determining state adoption maintenance subsidy program eligibility shall determine that, at the time of adoptive placement, the child has a medical necessity as defined in rule 5160-1-01 of the Administrative Code. The medical necessity includes at least one of the following needs or circumstances that may be a barrier to the adoptive placement without medical assistance because the child:

2. Has been diagnosed with a mental disorder as characterized by a behavioral, psychological, or biological dysfunction.
3. Has been diagnosed with a substance-related disorder.

   (b) A finding by the county department of job and family services (CDJFS) of the child's residence that either the child was eligible for medicaid as outlined in rules 5160:1-4-06 5160:1-2-01.8 and 5160:1-2-01.9 of the Administrative Code, prior to the approval for state adoption special services maintenance subsidy being entered into; or that the child would have been eligible for medicaid, based on the child's income, during any of the six months prior to the approval for state adoption special services maintenance adoption subsidy being entered into.

2. For any child for whom a JFS 01615 was entered into on or after July 1, 2004, CFC medicaid eligibility as outlined in rules 5160:1-2-01.8 and 5160:1-2-01.9 5160:1-4-06 of the Administrative Code, is contingent upon all of the following:
   (a) A finding by the PCSA administering the agreement that the child has a medical necessity as outlined in paragraph (B) of this rule which makes the child with special needs eligible for medical, mental health, or rehabilitative care as documented on the JFS 01449 "Determination of Special Needs for Medical, Mental Health, or Rehabilitative Care" (rev. 7/2004 7/2016).

(2) Notice of the CDJFS decision on medicaid eligibility shall be provided in accordance with division 5101:6 and Chapter 5160:1-2 of the Administrative Code. In addition, the CDJFS shall send a copy to the PCSA of the notice of medicaid approval sent to any adoptive parent who meets the criteria set forth in rule 5160:1-4-03 of the Administrative Code.

An adoptive child with special needs who is in receipt of an Ohio-executed state adoption subsidy and who does not live in Ohio is not eligible for Ohio CFC medicaid even if the subsidy payment continues.

1. The new residence state has elected, in its state medicaid plan, the state option for its state adoption subsidy children.

If an adoptive child moves from Ohio to another state, the adoptive parent shall inform the PCSA of the family's address and telephone number within ten days of relocation.

An adoptive child with special needs who is a resident of Ohio and in receipt of a state adoption subsidy agreement from another state is eligible to receive Ohio CFC medicaid, as outlined in rule 5160:1-4-06 of the Administrative Code, if:

1. The state which entered into the state adoption subsidy agreement has been identified as a member of ICAMA.
(2) The state which entered into the state adoption subsidy agreement is not identified as a member of ICAMA but has elected in its state medicaid plan to provide medicaid coverage for its own state adoption subsidy children.

(3) The state which entered into the state adoption subsidy agreement and ODJFS are parties to an interstate agreement for reciprocal medicaid coverage of state adoption subsidy children.

(F) If an adoptive child moves from another state to Ohio and has a state adoption subsidy agreement in effect with another state, the PCSA shall:

(1) Upon receipt of the ICAMA form 700 from the national ICAMA database and the state adoption subsidy agreement determine the child's eligibility for CFC medicaid as outlined in paragraph (E) of this rule.

(G) Copies of all ICAMA forms and correspondence shall be maintained in the child’s state adoption subsidy case record.

(H) The adoptive parents, whether moving from or to Ohio, shall provide the residence state with any information regarding medical assistance or insurance available to the child.

(A) Upon request, provide the following within five days to any adoptive parent who resides in Ohio:

1. The JFS 01050 "Application for Post Adoption Special Services Subsidy" (rev. 7/2016).

(C) Process all completed JFS 01050s.

(D) Retain all JFS 01052s, all approved and denied JFS 01050s and all JFS 01051s.

Applicants seeking a post adoption special service subsidy shall:

1. Complete each section of the JFS 01050 and JFS 01051, if applicable, and have the provider complete each section of the JFS 01052, if applicable in order for the application to be considered complete.

2. Forward all documentation as outlined in rule 5101:2-44-13.1 of the Administrative Code to the PCSA in the county in which the applicant and child reside.

The PCSA shall form a post adoption subsidy review committee composed of a minimum of three people: a representative of the PCSA administration, a representative of the PCSA adoption services section, and a person within the community who is knowledgeable about post adoption services. The PCSA shall ensure that people from outside the adoption services section adhere to all confidentiality procedures in accordance with section 5153.17 of the Revised Code.

The committee shall review each completed JFS 01050, JFS 01051 and JFS 01052 and recommend the services and level of funding to be provided by the PASSS program to the PCSA executive director or designee.

PAS SSS funds shall be used for the following:

1. Family preservation services for a child residing in the home of the adoptive parent.
2. Services that will reduce serious psychological risk for the child or serious physical risk for the child or others. Serious psychological or physical risk is defined as a progressive psychological or physical illness, injury, or impairment that will continue over an extended period of time and requires direct supervision by a qualified professional as outlined in rule 5101:2-44-13.1 of the Administrative Code. If such services are for a child not residing in the home, the requested services shall focus on specific reunification goals that enable the child to return home.
3. Medical services designed to relieve or correct preadoptive health care problems.
The committee shall base its approval of the PASSS application on:

2. Whether the application requirements of rule 5101:2-44-13.1 of the Administrative Code are met.
3. A determination that the individual services requested by the family are appropriate.

Within forty-five days of submission of the completed application, the PASSS review committee shall make its recommendations to the PCSA executive director or designee.

If the PCSA executive director or designee determines that the review committee will be delayed in making its recommendations beyond the forty-five day deadline, the PCSA executive director, or designee, may substitute an alternative review process. This alternative review process shall be defined in the PCSA's adoption policy and shall set out the alternative procedure and explain when the alternative review process may be used.

The PCSA executive director, or designee, shall determine, within five days of receiving the recommendation, whether to follow the recommendation of the PASSS review committee.

If the PCSA executive director, or designee, does not follow any of the recommendations of the PASSS review committee, the PCSA executive director, or designee, shall describe, in writing, the reasons for not following the recommendation.

The PCSA executive director, or designee, shall provide written notice of approval or denial on the "Approval or Denial for Post Adoption Special Services Subsidy" report generated from the statewide automated child welfare information system (SACWIS) to the applicant within five days of the decision to approve or deny the application.

The PCSA shall document the state hearing review process in the agency's adoption policy.

The PCSA shall approve PASSS funding as long as state funds are available. In the event state funding is no longer available, the PASSS program will close to new applications until July first of the following state fiscal year (SFY). Once state funds have been exhausted, neither ODJFS nor the PCSA may be held responsible for payment of services for applications that have not been approved.

The PCSA working with the adoptive family shall provide assistance to the adoptive parent(s) in exploring other sources of support and services for the child. PASSS is a funding source of last resort; therefore, to the extent that other funding sources are or become available, they shall be used in place of PASSS funds.

PASSS funds shall not supplant medicaid funding if the child is eligible for coverage under the medicaid program.

The PCSA may consider approving services requested under the following conditions:

1. The child is not eligible for medicaid.
2. The service recommended by a qualified professional for the child's treatment is not a covered service under medicaid.
3. The service requested by the family is not covered under the family's insurance.

The amount funded shall not exceed the amount paid for the same service provided by a medicaid provider if the applicable service requested is covered under medicaid pursuant to: appendix DD to rule 5160-1-60 of the Administrative Code or appendix A to rule 5160-27-05 5160-27-03 of Administrative Code for mental health services.

If the service is not covered under medicaid, the amount funded shall be a reasonable amount and shall meet the guidelines of the qualified professional's licensing body standards. The licensing body is the entity that has provided the license for the individual to practice in their profession.
All invoices submitted for reimbursement in SACWIS that comply with Chapter 5101:2-44 of the Administrative Code will be paid by ODJFS if submitted by the PCSA no later than September thirtieth, after the close of the state fiscal year in which the applications were approved.

The PCSA shall be reimbursed as follows:

1. Up to ninety-five per cent of the total for each invoice received by the PCSA for applications that comply with Chapter 5101:2-44 of the Administrative Code.

2. Up to one hundred per cent of the total for each invoice received by the PCSA for applications that comply with Chapter 5101:2-44 of the Administrative Code if the PCSA has waived the five per cent requirement pursuant to rule 5101:2-44-13.1 of the Administrative Code.

If a state or federal audit determines that the PCSA has been reimbursed for services in which a JFS 01050 has not been submitted and/or approved by the PCSA, the PCSA shall reimburse ODJFS the amount of the adverse audit finding.

Each approved PASSS application shall be reviewed by the PCSA within twenty days after the state fiscal quarter in which it was approved, and every subsequent quarter within the SFY, to determine if the funding is being utilized.

The PCSA shall notify the family, within five days of completion of the review, of its intent to release these funds for that quarter unless the family provides adequate justification within twenty days of receipt of the notice as to why the funds were not used.

If the PCSA does not accept the justification offered by the family, the PCSA shall release the funds in question to ODJFS through SACWIS, and the family is responsible for the payment of services.

If the PCSA releases the funds, it shall provide the family information regarding the right to a state hearing pursuant to section 5101.35 of the Revised Code and division 5101:6 of the Administrative Code.

(E) As a condition of continued eligibility for PASSS funds, the adoptive parent(s) shall submit a copy of the child's treatment plan, completed by the service provider, which details the therapeutic intervention(s) that will be provided to the child for the period in which the JFS 01050 will be in effect. The treatment plan shall be submitted to the PCSA within thirty days of the adoptive child's initial visit to the provider.

(F) The PCSA may encumber PASSS funds for the reasonable costs of services for any of the following allowable services:

(1) Medical and surgical services. All medical and surgical services shall be determined to be medically necessary by a qualified professional. The medically necessary service shall be the lowest cost alternative that effectively addresses and treats the child's medical problem(s). Medical and surgical services shall not include the cost of orthodontia.

(2) Psychiatric, psychological, and counseling services. All psychiatric, psychological and counseling services must be determined to be necessary by a qualified professional.

(3) Residential treatment, therapeutic foster care or in-patient hospitalization services (excluding private non-profit, therapeutic wilderness camps) if required by psychiatric, psychological or counseling needs and approved by a qualified professional.

(a) These services may include maintenance costs as long as the costs are included as part of a residential treatment, therapeutic foster care or in-patient hospitalization program.

(b) Residential treatment services shall not include the cost of educational services.

(c) Approved services for any type of residential treatment facility or therapeutic foster care home shall be provided by a residential facility or therapeutic foster care home that is licensed by the Ohio department of job and family services (ODJFS) or the Ohio department of mental health and addiction services (MHASOMHAS) or a comparable agency which is recognized by a state or a similar licensing body.

(4) Respite care services. For the purpose of this rule, respite care services are defined as services designed to provide planned or emergency temporary relief of child caring functions. These services may include paid individuals who provide such services within the home or outside the home. Respite care services do not include hospice services for those who are terminally ill, regular child care while parents are working, or therapy, nursing services and other rehabilitative services. Respite care services may be just a few hours a day or several days in length depending on the needs and circumstances of the adoptive parent and the procedures outlined in the PCSA's adoption policy. Respite care services may provide planned or emergency short-term and time-limited breaks for families of children with medical, surgical or mental health needs of the child. Respite
care services shall be administered by an independent provider who resides outside the family home and is not related to the applicant. Under special circumstances that the PCSA outlines in its adoption policy a provider related to the family can be approved. Respite care services are not hospice, regular child care, therapy, nursing services and other rehabilitative services. Respite care services may be approved for:

(a) Medical and surgical respite care services if required by medical or surgical needs of the child. Medical and surgical respite care services shall not exceed two thousand four hundred dollars per child per SFY and shall be administered by an independent provider who resides outside the family home and is not related to the applicant unless the PCSA approves a provider related to the family because of special circumstances that the PCSA outlines in its adoption policy. A PCSA may elect, on a case by case basis, to approve up to an additional two thousand four hundred dollars per child per SFY for medical and surgical respite care services under special circumstances that the PCSA also outlines in its adoption policy.

(b) Mental health respite care services if required by psychiatric, psychological or counseling needs. Mental health respite care services shall not exceed two thousand four hundred dollars per child per SFY and shall be administered by an independent provider who resides outside the family home and is not related to the applicant unless the PCSA approves a provider related to the family because of special circumstances that the PCSA outlines in its adoption policy. A PCSA may elect, on a case by case basis, to approve up to an additional two thousand four hundred dollars per child per SFY for mental health respite care services under special circumstances that the PCSA also outlines in its adoption policy.

(G) Approved services shall address the child's physical or developmental handicap or mental or emotional condition that either existed before the adoption petition was filed or developed after the adoption petition was filed and can be attributed to factors in the child's preadoption background, medical history, or biological family's background or medical history.

(H) Approved services that involve any type of therapy must be provided by a qualified professional, as outlined in this rule, and the JFS 01052, who is practicing within his or her scope of practice as noted by his or her education, training and experience. The provider shall indicate that his or her therapeutic interventions will comply with all treatment aspects contained in rules 5122-26-16, 5122-26-16.1, and 5122-26-16.2 of the Administrative Code.

(I) Interventions involving planned physical restraint or coercion (e.g., "compression holding" or "rebirthing therapy"), or promotion of regression for "reattachment" shall not be provided utilizing PASSS dollars. In addition, the following therapeutic techniques shall not be permitted on a treatment plan to be paid from PASSS funds under any circumstances:

2. Any technique that obstructs the airway or impairs breathing.
3. Any technique that obstructs vision.
4. Any technique that restricts the recipient's ability to communicate.
5. Pepper spray, mace, handcuffs or electronic restraint devices such as stun guns.
6. A drug or medication that is used as a restraint to control behavior or restrict the individual's freedom or of movement that is not a standard treatment for the individual's medical or psychiatric condition.

(J) Except as provided in paragraph (K) of this rule, no more than ten thousand dollars shall be encumbered for any one child in one SFY.

(K) If the review committee and executive director or designee determines either of the following exists, the limit in paragraph (J) of this rule may be increased up to five thousand dollars for a total of fifteen thousand dollars per child per SFY if:
(1) The family's income and resources substantially decreased due to the involuntary loss of employment and the family has completed the JFS 01051 "Application for Additional Post Adoption Special Services Subsidy (PASSS) Funding for Extraordinary Circumstances" (rev. 7/2016).

(2) A qualified professional as described in paragraph (D)(1) of this rule recommends residential treatment, in-patient hospitalization, or therapeutic foster care to prevent disruption of the adoption. This recommendation **must** be submitted along with a copy of the JFS 01051.

(L) If a family is requesting additional PASSS funding and meets the requirements outlined in paragraph (K) of this rule, the review committee and the PCSA executive director or designee shall review and approve the JFS 01051 along with the initial JFS 01050.

(M) The adoptive parent or parents who receive PASSS funds are required to pay at least a five per cent **co-pay** of the total cost of all approved services provided to the child.

1. If the gross income of the child's adoptive family is less than two hundred per cent of the federal poverty guideline, the PCSA may waive the five per cent requirement.

2. If the gross income of the child's adoptive family is at or above two hundred per cent of the federal poverty guideline, the PCSA may lower the co-pay percentage of the total cost or waive it. If waived or lowered below five per cent, this will result in a local share payment percentage for the county agency.

3. If the service amount is higher than the approved amount, the adoptive parent is responsible for the co-pay percentage amount and the overage cost of the service.

The PCSA may not exceed the ten thousand dollars or fifteen thousand dollars encumbrance per child, per SFY as outlined in paragraphs (J) and (K) of this rule, respectively. The encumbrance shall not include the five per cent payment required of the adoptive parent(s).

(N) The PCSA shall not approve PASSS funding for any of the following:

1. Educational services such as tuition and tutoring.
2. Dental and/or orthodontia services including dental/oral surgery.
3. Medical and/or mental health co-payments, prescriptions and/or prescription co-payments.
4. Camp and any recreational services including but not limited to karate, gymnastics, dance classes and fitness club memberships.
5. Travel related expenses such as mileage reimbursement, airfare, lodging etc., and automobile purchases and repairs. PASSS funding may be used for specific types of vehicle modifications, e.g. lift added to van, car or transportation services that are related to the child's special needs.
6. Computer equipment and software. PASSS funding may be used for software suggested by a qualified professional that will help or improve the mental and physical condition of the special needs child.
7. Child care services.
8. Property fences.
10. Service animals.
11. Services provided by a PCSA or private child placing agency (PCPA) to make arrangements for adoptive placements.
12. Services that are equivalent to or are of greater benefit to other members of the family, not including family counseling and respite.
13. Services to a child for whom a parent-child relationship does not exist.
14. Services that facilitate contact with a parent whose rights have been terminated.
(15) Services for a child in the custody of a PCSA, PCPA, court or any other agency.

(16) Legal fees to finalize the adoption or for any other legal action.

(O) The PCSA may elect to approve PASSS funding for an insurance deductible, for the child only, in lieu of approving PASSS funds for the cost of services for the child. This shall only be done on a case by case basis under special circumstances that the PCSA has outlined in its adoption policy and when the PCSA has determined that it would be more cost effective to pay the insurance deductible than to pay for the cost of the services.

The primary objectives of the Title IV-E FCM program are:

1. To reduce the number of children removed from their own homes for placement and placed in substitute care.
2. To improve the quality of care provided to children placed in substitute care.
3. To return children from substitute care to their own homes as soon as possible.
4. To facilitate the adoption of or other permanent placement for those children who cannot return to their own homes.

The Ohio department of job and family services (ODJFS) is committed to ensuring the maximum number of children receiving assistance under the Title IV-E foster care maintenance (FCM) program at any time, who will remain in foster care after having been in such care for more than twenty-four months, is no more than twenty per cent of the total number of children who are reported in foster care during the preceding calendar year.

1. The total number of children who are in foster care shall be determined from data collected by ODJFS in accordance with 45 C.F.R. 1355.40 (04/2012 12/2016).
2. This goal will be achieved by periodic monitoring and evaluation by ODJFS of Title IV-E agency case records and reports to ODJFS, with full realization no child eligible to receive assistance under the requirements of the Title IV-E program may be denied assistance on the basis of this goal.

The Title IV-E agency is responsible for the administration of the FCM program. The Title IV-E agency may claim administrative expenditures for reimbursement only if Title IV-E FCM is a direct responsibility of the Title IV-E agency. (E) Reimbursements for FCM shall be at the current rate of federal financial participation (FFP). The Title IV-E agency is responsible for the nonfederal share of all basic FCM payments made by the agency. Local or state funds may be used as the agency's match for the nonfederal share. FFP is available for a portion of the maintenance costs of program eligible and reimbursable children placed in substitute care.

(H) Training costs are chargeable to Title IV-E. Training shall be related to child welfare services and charged in proportion to the percentage of Title IV-E eligible children. Reimbursement for training costs will be at the prevailing FFP. Training costs include:

      (b) The Title IV-E agency shall keep ODJFS advised of any changes in these rates through the submission of a revised JFS 01975.

(L) If the Title IV-E agency fails to comply with paragraphs (G), (H) and (K) of this rule, then compensation for Title IV-E administrative and training reimbursement will be decreased or delayed.

(M) The Title IV-E agency should review/update in the statewide automated child welfare information system (SACWIS) for all foster care maintenance per diems by the end of the state fiscal year (June thirtieth). If the Title IV-E agency chooses to receive both benefits, the FCM payment (including both non-federal and federal dollars) is considered income for the determination of SSI eligibility and reduces the amount of the SSI payment dollar for dollar. If the FCM payment is in excess of the SSI payment, the child will not receive a SSI payment.

(2) The Title IV-E agency may pay for the placement cost with local (non-federal) dollars, which are not considered income for SSI eligibility, and receive the SSI benefit for reimbursement of the placement cost.

Five Year Review (FYR) Dates: 1/25/2019 and 05/01/2024
“Legal responsibility” means that for the care of the child under the Title IV-E foster care maintenance (FCM) program, the Title IV-E agency has legal responsibility for the care and placement of the child. This can be established through a court order, a JFS 01645 “Agreement for Temporary Custody of Child” (rev. 4/2006) or a JFS 01666 “Permanent Surrender of Child” (rev. 6/2006 10/2013).

If legal responsibility is established through court action, the Title IV-E agency must obtain from the appropriate juvenile court an order:

1. Removing the child from the home of a specified relative as defined in rule 5101:2-47-14 of the Administrative Code; and

2. Showing the agency to be responsible for the child's care and placement. The court order may be one of the following:
   a. An ex parte emergency court order as defined in rule 5101:2-1-01 of the Administrative Code.
   b. Temporary custody as defined in rule 5101:2-1-01 of the Administrative Code.
   c. Permanent custody as defined in rule 5101:2-1-01 of the Administrative Code.
   d. A planned permanent living arrangement order as defined in rule 5101:2-1-01 of the Administrative Code.

If the Title IV-E agency's legal responsibility for care and placement is obtained by a court order, the order leading to the removal of the child from the home of a specified relative must contain a judicial determination to the effect that continuation in the home would be contrary to the welfare of the child, or that the placement is in the best interest of the child. If one of these statements is not obtained, the child will not be FCM program eligible or reimbursable for this custody episode. In situations where a child is in a detention facility at the time the legal responsibility is directly ordered to the Title IV-E agency, the court order placing the child into detention will serve as the initial court order that removed the child from the specified relative.

If the Title IV-E agency's responsibility for care and placement is obtained by a court order, a judicial determination of reasonable efforts, as described in rule 5101:2-47-22 of the Administrative Code, by a juvenile court of competent jurisdiction shall be obtained no later than sixty days from the date the child is removed from the home of a specified relative. If this determination is not obtained by the sixtieth day, the child will not be FCM program eligible or reimbursable for this custody episode.

For all children who entered care as the result of a JFS 01645, the JFS 01645 must be executed in accordance with rules 5101:2-42-06 and 5101:2-42-08 of the Administrative Code. A judicial determination specifying that the placement is in the best interest of the child must be obtained when the Title IV-E agency requests an original thirty-day extension of the JFS 01645 pursuant to rule 5101:2-42-08 of the Administrative Code. If the best interest judicial determination is not obtained when an original thirty-day extension is requested, the child will not be FCM program eligible or reimbursable after thirty days, except under the following circumstances:

1. Prior to thirty days elapsing, the Title IV-E agency obtains a court order for custody. Under this circumstance the agency must obtain the best interest determination in the court order giving continued custody to the agency.

2. Prior to thirty days elapsing, the Title IV-E agency obtains a JFS 01666. Under this circumstance, the signed, court approved JFS 01666 must contain the best interest determination. The Title IV-E agency must also obtain a judicial determination to the effect that the Title IV-E agency is not required to make reasonable efforts to return the child home due to
the parents terminating their parental rights by the one hundred eightieth day from the date of
the signed JFS 01645.

(F) A JFS 01666 signed by the parent(s) is acceptable as a voluntary placement agreement for FCM
program eligibility purposes if it is the event which initially leads to the Title IV-E agency having legal
responsibility for the child's care and placement. In such cases, by the one hundred eightieth day from
the date of placement, the Title IV-E agency must:

(1) Petition the court for a judicial determination to the effect that continuation in the home of the
specified relative is contrary to the best interest of the child or that the placement is in the best
interest of the child; and

(2) Obtain the judicial determination of reasonable efforts, as described in rule 5101:2-47-22 of the
Administrative Code.

(G) The judicial determinations required in this rule must be explicitly documented and made on a case by
case basis and so stated in the court order. If the reasonable efforts or contrary to the welfare judicial
determinations are not included as required in the court order, a transcript of the court proceedings is
the only other documentation that will be accepted to verify that these required determinations have
been made. An affidavit, amendment or a nunc pro tunc order will not be accepted as verification
documentation of these judicial determinations.

In order to meet Title IV-E foster care maintenance (FCM) initial program eligibility, the child must have a relatedness to the aid to dependent children (ADC) program authorized under Title IV-A of the Social Security Act as of July 16, 1996. Each ADC eligibility criteria must be met in the month of, but prior to the child's removal from the home including the date of removal. All applicable ADC eligibility requirements found in the appendix to rule 5101:2-47-14.1 of the Administrative Code shall be applied when determining eligibility for ADC. Attempts must be made to verify all Title IV-E program eligibility requirements. Such attempts must be documented in the child's Title IV-E case record. In situations in which no information is available, eligibility cannot be established.

The "eligibility month" means:

1. The month during which a JFS 01645 "Agreement for Temporary Custody of Child" (rev. 4/2006) is executed in accordance with rule 5101:2-42-06 of the Administrative Code.

   b. The month in which the court orders the commitment of the child to the Title IV-E agency, or
   c. The month in which the child is placed in detention, whichever occurs first.

A removal has not occurred in situations where legal custody has been removed from the specified relative and the child remains with the same relative.

The circumstances which define determine ADC eligibility include all of the following:

      ii. The child had been living with the specified relative within six months of the eligibility month, as defined in paragraph (B) of this rule, and would have met the requirements of paragraphs (E)(2) to (E)(5) of this rule in the eligibility month if the child had continued to reside with the specified relative.
The "specified relative," as defined in appendix A of rule 5101:2-47-14.1 of the Administrative Code is a blood relative, including those of half blood, who may be one of the following:

(i) Parent, grandparent, brother, sister, stepparent, stepbrother, stepsister, uncle, aunt, nephew, niece, half brother, half sister, first cousin, first cousin once removed, or any person of preceding generation denoted by prefix of "grand," "great-grand," "great," "great-great," and "great-great-great."

For purposes of this rule, a parent in substitute care who is program reimbursable for Title IV-E foster care maintenance (FCM) will be referred to as the "parent," and the child(ren) of this parent will be referred to as the "child."

A Title IV-E agency need not assume custody of the child of a Title IV-E FCM recipient parent solely for the purpose of receipt of Title IV-E FCM funds to provide for the child's cost of care.

The cost of care for the child residing with his/her parent in a foster home or residential parenting facility must be included as a supplemental payment to the Title IV-E FCM reimbursement made on behalf of his/her parent. The child is also eligible for medical services under Title XIX and social services under Title XX.

If the parent and child no longer reside together in the same foster home or residential parenting facility, the following shall apply: the cost of care of the child can no longer be included as a supplemental payment to the FCM reimbursement made on behalf of his/her parent.

1. The cost of care of the child can no longer be included as a supplemental payment to the FCM reimbursement made on behalf of his/her parent.

2. The child's FCM eligibility must be determined based on the child's current and individual circumstances.

For the child to remain in a foster home, the Title IV-E agency must take action to remove the child from the parent. The child's FCM eligibility must be determined based on removal from the parent and his/her parent's current circumstances.

A judicial determination as specified in paragraph (A) of this rule must be explicitly documented in a court order or court transcript no later than sixty days from the date the child is removed, as defined in rule 5101:2-47-14 of the Administrative Code. If such a determination is not made in accordance with this paragraph, the child will not be program eligible or reimbursable under Title IV-E for the entire substitute care episode.

In situations where a child is in a detention facility at the time the legal responsibility is directly ordered to the Title IV-E agency, the court order placing the child into detention will serve as the initial court order that removed the child from the specified relative.

The Title IV-E agency which has legal responsibility for a child must obtain a judicial determination by a juvenile court of competent jurisdiction signifying that reasonable efforts were made by the Title IV-E agency to finalize the permanency plan for a child placed in substitute care:

(1) Within twelve months of whichever of the following occurs first:
   (a) The date the child is adjudicated abused, neglected, dependent, unruly or delinquent, or
   (b) Sixty days after the child was initially removed from a specified relative and placed into substitute care or into detention; and

(2) At least once every twelve months thereafter.

(3) If such a determination is not made in accordance with this paragraph:

   (b) The child will remain non-reimbursable under Title IV-E through the first day of the month in which the reasonable efforts to finalize the permanency plan requirement is met.

(c) If a hearing is held regarding reasonable efforts, but the court does not issue a journal entry documenting the determination until a later date, the case remains reimbursable and the written judicial determination, once issued, will apply retroactively to the date of the hearing.
If a judicial determination of reasonable efforts is not included as required in the court order, a transcript of the court proceedings is the only other documentation that will be acceptable to verify that these requirements have been made. An affidavit, amendment or a nunc pro tunc order will not be accepted as verification documentation of these judicial determinations.

The documentation of all judicial determinations of reasonable efforts must meet the requirements described in rule 5101:2-39-01 of the Administrative Code.
The beginning date of reimbursability for FCM shall be no earlier than the date of the foster care placement. Reimbursement may begin the actual date of the child's placement, if the child meets all program eligibility and reimbursement criteria. Reimbursability may go back to the first day of the month that all eligibility requirements are met, if they were not met in the month that the child is initially placed. Reimbursement is contingent upon satisfaction of all of the following:

1. The Title IV-E agency has legal responsibility for the care of the child as described in rule 5101:2-47-13 of the Administrative Code.
2. The child meets the ADC-relatedness requirements as described in rule 5101:2-47-14 of the Administrative Code unless the child is placed with a parent in a substance use disorder (SUD) residential facility, as defined in rule 5101:2-1-01 of the Administrative Code.
3. Reasonable efforts judicial determination for a court-ordered removal as described in rule 5101:2-47-22 of the Administrative Code, has been obtained. Program reimbursability may go back to the first day of the month in which the reasonable efforts judicial determination was obtained as long as all other requirements of Chapter 5101:2-47 of the Administrative Code are met.
4. The child continues to meet the age requirement as described in rule 5101:2-47-14 of the Administrative Code.
5. The child is placed in a reimbursable placement facility as described in rule 5101:2-47-16 of the Administrative Code.

Reimbursability for FCM payments for children placed in children's residential centers, group homes, residential parenting facilities, or maternity homes, or SUD residential facilities may begin the actual date of the child's placement in an eligible placement facility, with an approved Title IV-E rate ceiling, if the child meets all program eligibility and reimbursement criteria.

The agreed upon maintenance payment shall cover the foster care maintenance allowable costs as defined in rule 5101:2-47-01 of the Administrative Code.

In addition, ODJFS shall notify the executive director of each Title IV-E agency that has entered into a contract for placement services with the PCPA or PNA residential care facility, or SUD residential facility.

(8) For Title IV-E agencies, PCPAs, and PNAs, residential care facilities, and SUD residential facilities completing the single cost report for the establishment of Title IV-E reimbursement ceilings the following shall apply:

(a) Failure to submit the single cost report and agreed upon procedures with all required documentation by the deadline prescribed in rule 5101:2-47-26.2 of the Administrative Code may result in reimbursement ceilings being established as of the first day of the month following the date all required documentation is received by ODJFS.
(b) Any errors identified on a single cost report or agreed upon procedures submitted prior to the deadline and in accordance with rule 5101:2-47-26.2 of the Administrative Code may result in the suspension of reimbursement ceilings until such time as the errors have been corrected to the satisfaction of ODJFS. Once the corrections have been approved the reimbursement ceilings shall be retroactive and effective as of the applicable rate period begin date.
(c) If ODJFS cancels the Title IV-E reimbursement ceilings, ODJFS will resume the ceilings effective on the first day of the month following the date the agency comes into compliance. There will be no retroactive rate adjustment for the time period the agency was out of compliance.
(d) Reimbursement ceilings established from a single cost report submitted after a rate cancellation may be suspended until such time as the corrective action for the prior period has been completed to the satisfaction of ODJFS.
Subsequent failures to comply relating to noncompliance issues previously identified pursuant to paragraph (A)(1) of this rule are subject to the same penalty provisions specified in paragraph (A)(2) of this rule for Title IV-E agencies and paragraph (A)(5) for PCPAs, and PNAs, residential care facilities, and SUD residential facilities.

The Title IV-E agency, PCPA, or PNA, residential care facility, or SUD residential facility, at its discretion, may request technical assistance from ODJFS in the development and implementation of the corrective action plan.

If ODJFS sanctions a Title IV-E agency, PCPA, or PNA, residential care facility or SUD residential facility, ODJFS shall take every possible precaution to ensure any foster children that have been placed or served by an agency under sanction are not removed from the certified foster homes they reside in if their safety and well-being are not at risk.

Title IV-E Adoption Assistance Program
The public children services agency (PCSA) shall be responsible for the administration of the Title IV-E adoption assistance (AA) program. Administrative expenditures can be claimed for reimbursement only if Title IV-E AA is a direct responsibility of the PCSA. The PCSA shall be responsible for:

1. Ensuring the proper administration of funds, allocated or reimbursed.
2. Determining initial and continuing eligibility for AA program services.
3. Maintaining a separate AA case record for each program eligible child for whom a PCSA has entered into an AA agreement.
4. Service planning and increasing the opportunities for adoption of children with special needs who are free for adoption by:

   b. Ensuring that all possibilities for an adoptive home without the assistance of AA are explored.
   c. AA case management.
   d. Pre-finalization and the provision or referral for post-finalization adoption services.

Prior to finalization of the adoption, the public children services agency (PCSA) shall provide and assist the adoptive parent(s) of a child placed by that PCSA with a JFS 01451 "Title IV-E Adoption Assistance Application" (rev. 1/2014) and the JFS 04059 "Explanation of State Hearing Procedures" (rev. 10/2008). The adoptive parent(s) may apply for Title IV-E adoption assistance (AA) only after both of the following have occurred.

2. A child has been matched with an adoptive parent(s) in accordance with rule 5101:2-48-16 of the Administrative Code by an agency with such authority. If the child is placed for adoption in Ohio from another state, the Ohio agency shall use the other state’s documentation to meet the matching requirements.

A stepparent may apply for AA only if a biological parent(s) is not present in the home due to death or divorce or has failed to visit or maintain contact with the child for more than ninety calendar days pursuant to section 2151.011 of the Revised Code.

Prior to the finalization of adoption, the adoptive parent(s) shall submit the AA application to one of the following, as appropriate:

For a child who is placed for adoption from Ohio into another state and the child is not in the permanent custody of an Ohio PCSA, the adoptive parent(s) shall apply at the Title IV-E agency in the state the adoptive parent(s) resides. The Title IV-E agency in the adoptive parent's state of residence shall be responsible for determining the child's eligibility for AA, if the child is eligible, entering into the AA agreement, and issuing the AA payment.

If an Ohio PCPA holds permanent custody of a child as a result of a JFS 01666 "Permanent Surrender of Child" (rev. 10/2013), the following requirements shall be met:

1. Prior to finalization of the adoption, the PCPA shall ensure that the adoptive parent(s) receives information about AA and an AA application.

2. At the time of application by the adoptive parent(s), the PCPA shall provide the PCSA with the following:
   a. A copy of the JFS 01616 "Social and Medical History" (rev. 6/2009) completed on the child for whom the subsidy is being requested.

      iii. The out of state approved homestudy forms for an adoptive parent(s) residing out of state.

The PCSA shall complete the adoption assistance AA eligibility determination in the statewide automated child welfare information system (SACWIS) and approve or deny the application within thirty working days after a completed application and all required documentation are provided to the PCSA.

The PCSA may obtain written verification and information to assist in determining AA eligibility from a variety of sources including:

1. The county department of job and family services (CDJFS) client registration information system-enhanced (CRIS-E).

5101:2-49-02 Title IV-E Adoption Assistance (AA) Eligibility Criteria for Children Age Two and Older

FCASMTL 410

Effective Date: April 17, 2019

Most Current Prior Effective Date: November 17, 2018

(A) The public children services agency (PCSA) shall determine that a child is eligible for AA if, prior to the finalization of the adoption, the PCSA finds all of the following:

1. Pursuant to Pub. L. No. 115-123, (2/9/2018) the child will be two years of age or older in the current federal fiscal year (FFY) of October first to September thirtieth at the time the AA agreement becomes effective.

2. The adoptive parent(s) has an approved homestudy in accordance with rules in Chapter 5101:2-48 of the Administrative Code. If the adoptive parent(s) resides in another state, then the adoptive homestudy shall be valid in the adoptive state of residence.

3. The child has been matched with an adoptive parent(s) in accordance with rule 5101:2-48-16 of the Administrative Code. If the child is placed for adoption in Ohio from another state, the Ohio agency shall use the other state’s documentation to meet the matching requirements except as specified in paragraph (C) of this rule.

4. The child meets the requirements of a child with special needs as described in rule 5101:2-49-03 of the Administrative Code.

5. The child meets the age requirement as described in rule 5101:2-49-04 of the Administrative Code.

6. The child shall be a citizen or legal resident of the United States, and will be adopted in the United States.

7. The agency placing the child made a reasonable but unsuccessful effort to place the child with an appropriate adoptive parent(s) without adoption assistance, as supported by facts specified in the child's case record as described in paragraph (A)(3) of rule 5101:2-49-03 of the Administrative Code.

(B) The child, age two or older shall also meet one of the four adoption assistance eligibility requirements:

1. The child, at the time of the initiation of adoption proceedings, was in the care of a PCSA, PCPA or tribe pursuant to:

   a. A judicial determination to the effect that it was contrary to the child's welfare to remain in the home at any time prior to the finalization of adoption; or

   b. A JFS 01645 "Agreement for Temporary Custody of Child" (rev. 4/2006) or JFS 01666 "Permanent Surrender of Child" (rev. 10/2013). For any child that enters care through a JFS 01645 or JFS 01666 there does not have to be a foster care maintenance (FCM) payment made under the voluntary agreement.

2. The child meets all medical and disability requirements for supplemental security income (SSI). For the purposes of determining whether an applicable child is eligible for AA through the SSI criteria, the Title IV-E agency may make the determination that the child meets the medical or disability requirements for SSI benefits.

3. The child is a child of a minor parent. The child was residing with the minor parent and the minor parent was removed from a specified relative with one of the following:

   a. A judicial determination that it was contrary to the welfare for the minor parent to remain with the specified relative; or

   b. A JFS 01645 or JFS 01666. No FCM payment is required to cover both the minor parent and the child of the minor parent.
The child was in receipt of AA in a prior finalized adoption, currently meets the definition of special needs as set forth in rule 5101:2-49-03 of the Administrative Code, and finalizes the new AA agreement by the end of the month of the child's eighteenth birthday pursuant to rule 5101:2-49-04 of the Administrative Code.

A child in an independent adoption is eligible for AA, only if the child meets the requirements of a child with special needs as described in rule 5101:2-49-03 of the Administrative Code, and the child is eligible for SSI, or is a child in a subsequent adoption if the child received AA in a prior finalized adoption.

For all children that are deemed eligible for AA, the Title IV-E agency is responsible for ensuring that background checks be conducted prior to adoption finalization and/or the issuance of a monthly AA payment. The background checks shall reveal that the prospective adoptive parent(s) has not been convicted of any of the prohibited offenses in accordance with rules 5101:2-48-10 and 5101:2-48-11 of the Administrative Code.

The PCSA shall use the statewide automated child welfare information system (SACWIS) to determine adoption assistance eligibility.

Prior Effective Dates: 11/17/2018
Prior to the finalization of adoption, the public children services agency (PCSA) shall determine that all of the following special needs criteria have been met and documented in the statewide automated child welfare information system (SACWIS) under the child's characteristics and in the child's adoption assistance (AA) case record in order for the child to be considered a child with special needs.

1. The child cannot or should not be returned to his or her parent(s) and is legally available for adoption by being in the permanent custody of a PCSA, private child placing agency (PCPA) or a child that meets the special needs criteria who is the subject of an independent adoption pursuant to rule 5101:2-49-02 of the Administrative Code. This requirement is met when the child is legally available for adoption.

2. The PCSA has determined that the child has one or more of the following special need factors or conditions making it difficult to place the child with an adoptive parent(s) without the provision of adoption assistance (AA) or medical assistance:
   a. The child is part of a sibling group being adopted together or is placed in the same adoptive placement of a sibling previously adopted.
   b. The child is a member of a minority, racial or ethnic group making it difficult to place the child for adoption. However, if the child is between the age of newborn and twelve months the child must be also diagnosed to have one of the conditions outlined in paragraph (A)(2)(g) or (A)(2)(h) of this rule.
   c. The child is six years old or older.
   d. The child has remained in the permanent custody of a PCSA or private child placing agency (PCPA) for more than one year before an adoptive placement.
   e. The child has been in the home of the prospective adoptive parent(s) for at least six consecutive months directly preceding the adoptive placement and the child would experience severe separation and loss if placed in another setting due to significant ties with the prospective adoptive parent(s). The emotional ties shall be assessed and documented by a qualified mental health professional.
   f. The child has experienced a previous adoption disruption or three or more substitute care placements while in the custody of a PCSA or PCPA.
   g. The child has been diagnosed by a qualified professional, in the professional's area of expertise who is not responsible for providing casework services to the child. For the purpose of this rule, a "qualified professional" is an audiologist, orthopedist, physician, psychiatrist, psychologist, licensed marriage and family therapist, speech and language pathologist, a licensed independent social worker, licensed professional clinical counselor, a licensed social worker who is under the direct supervision of a licensed independent social worker or a licensed professional counselor who is under the direct supervision of a licensed professional clinical counselor.

The qualified professional must provide a clear written statement, supported by an assessment or evaluation within the last twelve months. This statement shall include an opinion as to the origin of the problem, past history, prognosis, and recommendations related to potential treatment needs that the child has been diagnosed with one of the following:

(i) A developmental disability, as defined in rule 5123:2-1-02 of the Administrative Code.
(ii) A developmental delay, as defined in section 5123.01 of the Revised Code.
Mental illness, as defined in section 5122.01 of the Revised Code.

A medical condition causing distress, pain, dysfunction, social problems or death as diagnosed by a qualified professional.

The child has been diagnosed by a "qualified professional," in the professional's area of expertise who is not responsible for providing casework services to the child.

For the purpose of this rule, a "qualified professional" is an individual that is but not limited to the following: an audiologist, orthopedist, physician, certified nurse practitioner, physician assistant, psychiatrist, psychologist, school psychologist, licensed marriage and family therapist, speech and language pathologist, a licensed independent social worker, licensed professional clinical counselor, a licensed social worker who is under the direct supervision of a licensed independent social worker or a licensed professional counselor who is under the direct supervision of a licensed professional clinical counselor.

The qualified professional shall provide a clear written statement of the services provided with regards to the child's diagnosis within the last twelve months. This statement shall include an opinion as to the origin of the problem, past history, prognosis, and recommendations related to potential treatment needs and diagnosed with one of the following:

(A) A developmental disability, as defined in 28 C.F.R. 35.108 August 11, 2016 and section 5123.01 of the Revised Code.

(B) An individual who has a physical or mental impairment that substantially limits one or more of the major life activities.

(C) Any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more body systems, such as: neurological, musculoskeletal, special sense organs, respiratory (including speech organs), cardiovascular, reproductive, digestive, genitourinary, immune, circulatory, hemic, lymphatic, skin, and endocrine.

(D) Any mental or psychological disorder such as intellectual disability, organic brain syndrome, emotional or mental illness, and specific learning disability.

(E) Physical or mental impairment includes, but is not limited to, contagious and noncontagious diseases and conditions such as the following: orthopedic, visual, speech and hearing impairments, and cerebral palsy, epilepsy, muscular dystrophy, multiple sclerosis, cancer, heart disease, diabetes, intellectual disability, emotional illness, dyslexia and other specific learning disabilities, attention deficit hyperactivity disorder, human immunodeficiency virus.

For example, applying these principles it should easily be concluded that the types of impairments set forth in paragraphs (A)(2)(g)(ii)(e)(i)(A) through (A)(2)(g)(ii)(e)(i)(K) of this rule will, at a minimum, substantially limit the major life activities indicated. The types of impairments described in this paragraph may substantially limit additional major life activities (including major bodily functions) not explicitly listed in paragraphs (A)(2)(g)(ii)(e)(i)(A) through (A)(2)(g)(ii)(e)(i)(K).

(A) Deafness substantially limits hearing;

(B) Blindness substantially limits seeing;

(C) Intellectual disability substantially limits brain function;
(D) Partially or completely missing limbs or mobility impairments requiring the use of a wheelchair substantially limits musculoskeletal function;

(E) Autism substantially limits brain function;

(F) Cancer substantially limits normal cell growth;

(G) Cerebral palsy substantially limits brain function;

(H) Diabetes substantially limits endocrine function;

(I) Epilepsy, muscular dystrophy, and multiple sclerosis each substantially limits neurological function;

(J) Human immunodeficiency virus (HIV) infection substantially limits immune function; and

(K) Major depressive disorder, bipolar disorder, post-traumatic stress disorder, traumatic brain injury, obsessive compulsive disorder, and schizophrenia each substantially limits brain function.

(f) A medical condition causing distress, pain, dysfunction, social problems as diagnosed by a qualified professional that results in ongoing medical treatment.

(h) The child or the child's biological family has a social or medical history establishing a substantial risk for developing one of the conditions as described in paragraph (A)(2)(g) of this rule. The substantial risk makes it difficult to place the child for adoption without the provision of AA. A qualified professional shall determine the substantial risk, as defined in paragraph (B) of this rule. A child is not at substantial risk if the child's biological parent(s) social and medical history cannot be determined.

(3) Reasonable, but unsuccessful, efforts to place the child without AA shall be met by one of the following:

(a) Except as described in paragraph (A)(3)(b) of this rule, the PCSA shall document that in each case a reasonable, but unsuccessful, effort was made to place the child with appropriate adoptive parent(s) without AA. This requirement can be met by posing the question of whether the adoptive parent(s) are willing to adopt without AA. If the adoptive parent(s) state they cannot adopt the child without AA, the requirement is met when documented in the AA case record.

(b) The placement with a particular adoptive parent(s) was in the best interest of the child because of such factors as:

   (i) The existence of emotional ties with the prospective adoptive parent(s) while the child was in the care of the foster parent(s) as a foster child.

   (ii) The prospective adoptive parent(s) is a relative.

   (iii) The child is being adopted by an adoptive parent(s) of the child's sibling(s).

   (iv) There are other circumstances that relate to the child's best interest.

(B) If all other eligibility criteria are met, and the only special needs factor is the child has been determined to be at substantial risk, with no manifestation of a special needs factor or condition, a JFS 01453 "Title IV-E Adoption Assistance Agreement" (rev. 4/20147/2019) with no payment shall be entered into in accordance with rule 5101:2-49-07 of the Administrative Code. The PCSA shall document the following in the child's AA case record:

   (1) The substantial risk as diagnosed by a qualified professional at the time of the special needs determination. A "substantial risk" means a strong probability that a certain result may occur or that certain circumstances may exist.
A qualified professional in the field of their expertise has provided the PCSA with a current written statement of the child's substantial risks of developmental disability, developmental delay, mental illness, or medical condition causing distress, pain, dysfunction, or social problems or death, supported by an assessment or evaluation. This statement shall include an opinion as to the origin of the problem, past history, prognosis, and recommendations related to potential treatment needs as described in paragraph (A)(2)(g) of this rule.

The monthly amount of the Title IV-E adoption assistance (AA) payment is determined by negotiation and mutual agreement between the adoptive parent(s) and the public children services agency (PCSA).

No income eligibility test shall be used when determining the monthly AA payment. The monthly AA payment amount should combine with the adoptive parent(s) resources and circumstances of the adoptive family and shall provide for the special and anticipated needs of the child projected over an extended period of time. The child's supplemental security income (SSI) benefits shall be considered along with the adoptive parent(s) resources in the negotiation and determination of the AA payment amount. The special needs of the child shall be based upon rule 5101:2-49-03 of the Administrative Code.

The maximum amount of the monthly AA payment shall not exceed the current cost of the monthly foster care maintenance (FCM) payment that was paid or would have been paid by the PCSA if the child had been placed in a foster home.

The monthly AA payment identified in paragraph (C) of this rule shall not exceed the monthly statewide maximum AA payment amount established by the Ohio department of job and family services (ODJFS) through the "Family, Children and Adult Services Manual Procedure Letter".

Upon the effective date of this rule, a PCSA may request from ODJFS a waiver to exceed the monthly statewide maximum AA payment amount when the PCSA determines it is in the best interest of the child.

The PCSA shall submit a completed JFS 01471 "Waiver request to exceed the Title IV-E Adoption Assistance Statewide Maximum" (1/2014) to the office of families and children. The amount the PCSA agrees to pay in excess of the statewide maximum AA payment shall not exceed the monthly FCM payment amount in accordance with paragraph (C) of this rule.

Notification of approval or denial of the waiver request will be made within ten business days of receipt of the JFS 01471. The approval or denial of a waiver is a final determination and does not grant the PCSA state hearing rights under section 5101.35 of the Revised Code or Chapters 5101:6-1 to 5101:6-9 of the Administrative Code.

Upon approval of the waiver, the AA payment amount in excess of the statewide maximum shall be effective the month following the waiver approval date.

Any monthly AA payment amount in excess of the statewide maximum, prior to the effective date of this rule, shall remain in effect and shall continue to receive federal financial participation (FFP) up to the current FCM payment for a child in the same level of care.

If the child receives SSI benefits, the child may receive AA and SSI concurrently. If there is concurrent receipt of payments from both programs, the social security administration will decrease the monthly SSI benefit by the monthly AA payment amount.

If the PCSA and the adoptive parent(s) cannot mutually agree on the monthly AA payment amount after thirty calendar days from the initial negotiation meeting, the adoptive parent(s) may request a state mediation conference using the JFS 01470 "Adoption Assistance State Mediation Conference Request" (rev.1/2014) to develop a mutually acceptable level of monthly AA payment amount after thirty calendar days from the initial negotiation meeting. The JFS 01470 shall be sent to the ODJFS state hearings department.

The state mediation conference shall be held within thirty business days from the receipt of the request.
(2) The state mediator, PCSA representative(s) and adoptive parent(s) shall be the sole participants in the state mediation conference.

(3) If the state mediation conference is successful and results in a mutually acceptable monthly AA payment amount, it is considered a final decision between both parties.

(4) The monthly AA payment amount agreed upon at the state mediation conference can only be amended if a new documented special needs of the child is identified or resources and circumstances of the adoptive family change from what was subject to the state mediation conference.

(5) If the PCSA and the adoptive parent(s) cannot mutually agree on a monthly AA payment amount at the state mediation conference, the adoptive parent(s) may request a state hearing.

(I) The PCSA shall document the following in the statewide automated child welfare information system (SACWIS):

(1) Initial agreed upon monthly AA payment amount.

(2) If applicable, the outcome of the state mediation conference, state hearing and administrative appeal.

(J) The PCSA shall not consider the race, color, or national origin of an adoptive parent(s) or of the child for whom a family has indicated an interest in adopting, when negotiating the AA agreement.

(2) The PCSA or PCPA failed to advise the adoptive parent(s) of the availability of AA.
   (a) The PCSA or PCPA may meet the requirement to inform the adoptive parent(s) of AA by informing potential adoptive parents of the availability of AA during a recruitment campaign (e.g., website, newspaper, flyer, etc.) pursuant to rules 5101:2-48-05, 5101:2-48-11.1 and 5101:2-48-15 of the Administrative Code.

The child shall meet all of the remaining eligibility requirements for AA that are in effect on the date the PCSA receives the JFS 01451 except for the timeliness standard which requires that a JFS 01451 be completed and a JFS 01453 be signed prior to a finalization of adoption.

The following procedures shall be followed for AA eligibility to be considered after an adoption has been finalized:

The following definitions are applicable to this rule and supersede any definition contained in rule 5101:2-1-01 of the Administrative Code.

1. "Nonrecurring adoption expenses" are reasonable and necessary adoption fees, court costs, attorney fees, and in accordance with paragraph (A)(2) of this rule, other expenses directly related to the legal adoption of a child with special needs, as defined in rule 5101:2-49-03 of the Administrative Code. These expenses cannot be incurred in violation of state or federal law and cannot be reimbursed from other sources or funds.

2. "Nonrecurring other expenses directly related to the legal adoption of a child with special needs" as specified in paragraph (A)(1) of this rule refers to the cost of the adoption incurred by or on behalf of the adoptive parent(s) and for which the adoptive parent(s) carries the ultimate liability for payment. These expenses include costs related to:
   a. The adoption homestudy.
   b. Health and psychological examinations.
   c. Supervision of the placement prior to the adoption finalization.
   d. Reasonable cost of transportation, lodging, and food for the child and/or adoptive parent(s) when necessary to complete the placement or adoption process.

A public children services agency (PCSA), private child placing agency (PCPA), or private non-custodial agency (PNA) shall notify anyone inquiring about adoption services through the agency of the availability of funds for the reimbursement of nonrecurring adoption expenses and the application process.

The PCSA shall enter into an agreement with the adoptive parent(s) of a child with special needs for the payment of non-recurring adoption expenses for which the parent(s) has not otherwise been reimbursed not to exceed one thousand dollars for each child.

The JFS 01421 cannot be considered for approval retroactively.

The adoptive parent(s) and the PCSA as specified in paragraphs (M)(L) to (P)(O) of this rule shall sign the JFS 01438 "Agreement for Payment or Reimbursement for Title IV-E Nonrecurring Expenses Incurred in the Adoption of a Child with Special Needs" (rev. 4/2019), prior to the adoption finalization or disruption prior to adoption finalization, if applicable. A final decree of adoption by a foreign country constitutes the adoption finalization. The agreement shall indicate the amount and details of the nonrecurring expenses. The JFS 01438 cannot be entered into after the adoption finalization.

The PCSA shall not consider the race, color, or national origin of an adoptive family or of the child for whom a family has indicated an interest in adopting, when entering into a JFS 01438.

If siblings are placed for adoption, either separately or together, each child shall be treated as an individual. A separate JFS 01421 and JFS 01438 shall be executed for each child.

The PCSA shall not apply an income eligibility requirement (means test) to the adoptive parent(s) in determining whether payment or reimbursement for nonrecurring adoption expenses shall be made.
The adoptive parent(s) shall submit to the PCSA a request for payment or reimbursement and proof of the expenditures for nonrecurring expenses incurred in the adoption of a child with special needs within two years of the adoption finalization or disruption prior to adoption finalization, if applicable.

In order for a PCSA to enter into an agreement for the reimbursement of nonrecurring adoption expenses the child must be determined a child with special needs prior to the adoption finalization or disruption prior to adoption finalization as defined in rule 5101:2-49-03 of the Administrative Code. The child need not meet other categorical eligibility requirements of Title IV-E adoption assistance.

If all other eligibility criteria are met, and the only special needs factor is the child has been determined to be at substantial risk, with no manifestation of a special needs factor, the child is not eligible for nonrecurring adoption assistance with the exclusion of international adoptions.

If the PCSA and the adoptive parent(s) have completed a JFS 01453 "Title IV-E Adoption Assistance Agreement" (rev. 1/2014 7/2019), the application for reimbursement of nonrecurring adoption expenses shall be made to the PCSA with which the adoptive parent(s) entered into the AA agreement. The JFS 01438 shall be incorporated as an addendum to the AA agreement.

If a JFS 01453 has not been completed by a PCSA, all of the following shall apply:

1. Prior to the adoption finalization or disruption prior to adoption finalization, if applicable, the adoptive parent(s) shall submit a JFS 01421 for reimbursement of nonrecurring adoption expenses to the PCSA who holds permanent custody or in the case of an independent adoption in the county in which the adoptive parent(s) reside.

2. At the time of application and prior to the adoption finalization or disruption prior to adoption finalization, if applicable, the adoptive parent(s) shall provide the PCSA with:
   a. A copy of the JFS 01616 "Social and Medical History" (rev. 6/2009) completed on the child for whom the request is being made or a copy of the social and medical history completed in the child's country of origin.
   b. A copy of the JFS 01673A "Child Characteristics Checklist for Foster Care and/or Adoption" (rev. 12/2006) and one of the following homestudies:
      i. JFS 01673 "Assessment for Child Placement (Homestudy)" (rev. 6/2011 12/2014) or its equivalent for a child adopted from another state.
      ii. JFS 01692 "Application for Adoption of a Foster Child or Sibling Group" (rev. 6/2009 12/2014).

3. If the adoptive parent does not provide a completed JFS 01616, JFS 01673A and JFS 01673 or JFS 01692 the PCSA shall deny the JFS 01421.

If a JFS 01453 has not been completed by a PCSA, all of the following shall apply:
If the CSAPCSA has entered into a Title IV-E AA agreement or has custody of the child, that agency is responsible for determining eligibility for reimbursement of nonrecurring adoption expenses and paying allowable nonrecurring adoption expenses if the child is eligible.

If the CSA state public agency has not entered into a Title IV-E AA agreement or does not have custody of the child, the Ohio PCSA in the county in which the adoptive parent(s) resides is responsible for determining eligibility for reimbursement of nonrecurring adoption expenses and paying allowable nonrecurring adoption expenses if the child is eligible.

If a private child placing agency has custody of the child, that agency is responsible for providing all required information and documentation to the Ohio PCSA in the county where the adoptive parent(s) resides to determine eligibility.

If a public or private child placing agency does not have custody of the child, the adoptive parent(s) is responsible for providing all required information and documentation to the Ohio PCSA in the county of residence to determine eligibility. The PCSA shall inform the adoptive parents(s) of the required documentation.

A stepparent adopting a child with special needs shall not be eligible to receive payment or reimbursement for nonrecurring adoption expenses if a biological parent is also present in the home. If a biological parent is not present due to death, divorce, or abandonment of the child, the stepparent shall receive payment or reimbursement for the nonrecurring adoption expenses if all other provisions of this rule are met.

For each JFS 01438 executed, the PCSA shall maintain documentation in the child's case record to verify compliance with this rule.

The state hearing policies and procedures contained in Chapters 5101:6-1 to 5101:6-9 of the Administrative Code apply to individuals applying for benefits under this rule.

International adoption payment prohibition.

Notwithstanding any other paragraph of this rule, no payment may be made to an adoptive parent(s) with respect to a child who meets the requirements specified in paragraph (J) of this rule but who is not a citizen or resident of the United States and was adopted outside of the United States or was brought into the United States for the purpose of being adopted.

Paragraph (S)(1) of this rule shall not be construed as prohibiting payments where the child is placed and is legally available for adoption by a permanent custody order or permanent surrender by a PCSA or PCPA, or petition for adoption when the child is the subject of an independent adoption pursuant to rule 5101:2-49-02 of the Administrative Code in foster care subsequent to the failure, as determined by the PCSA, of the initial adoption of the child by the parents described in paragraph (S)(1) of this rule.

If an adopted child from a foreign country has a subsequent adoption finalization in the U.S., the child is not eligible for reimbursement for nonrecurring adoption expenses.

The public children services agency (PCSA) shall conduct an assessment/investigation if a neglect report alleges the withholding of medically indicated treatment from a disabled infant with a life-threatening condition.

(1) The withholding of medically indicated treatment is the refusal to provide appropriate nutrition, hydration, medication or other medically indicated treatment from a disabled infant with a life-threatening condition.

(2) Medically indicated treatment includes the medical care most likely to relieve, or correct, the life-threatening condition. Nutrition, hydration, and medication, as appropriate for the infant's needs, are medically indicated for all disabled infants; as well as, the completion of appropriate evaluations or consultations necessary to assure that sufficient information has been gathered to make informed medical decisions on behalf of the disabled infant.

(3) In determining whether treatment is medically indicated, reasonable medical judgments made by a prudent physician, or treatment team, knowledgeable about the case and its treatment possibilities are considered. The opinions about the infant's future "quality of life" are not to bear on whether or not a treatment is judged to be medically indicated. Medically indicated treatment does not include the failure to provide treatment to a disabled infant if the treating physician's medical judgment identifies any of the following:

   (a) The disabled infant is chronically and irreversibly comatose.
   (b) The provision of the treatment is futile and will prolong dying.
   (c) The provision of the treatment would not be effective in ameliorating or correcting all of the disabled infant's life threatening conditions.
   (d) The provision of such treatment to the disabled infant is inhumane.

The PCSA shall initiate the screened in medical neglect report in accordance with the following:

(1) Complete face-to-face or telephone contact with the health care facility's administrator, or designee, within one hour from the time the referral was screened in as a report.

(2) Obtain the following information from the health care facility's administrator, or designee, regarding the current condition of the disabled infant, including but not limited to:

   (a) The physical location of the disabled infant within the hospital, e.g., emergency room, neonatal intensive care unit, labor and delivery, sixth floor, etc.
   (b) The disabled infant's age.
   (c) The disabled infant's diagnoses or diagnosis and the prognosis.
   (d) The problem medical condition requiring treatment.
   (e) The immediate actions necessary to keep the disabled infant alive.
   (f) Whether or not the withholding of life-sustaining treatment has been recommended.
   (g) Whether or not the withholding of life-sustaining treatment has been implemented.
   (h) Whether or not the parent, guardian, or custodian has refused to consent to life-sustaining treatment.
   (i) Whether or not the hospital chose to sustain life-supporting care for the immediate future, preceding ninety-six hours from the date and time the PCSA initiated the report, while the assessment/investigation is underway.
Whether or not sustenance (food or water, whether given orally or through an intravenous or nasogastric tube) or medication is being denied.

The PCSA shall document in the case record the date, time, and with whom the assessment/investigation was initiated.

The PCSA shall involve a qualified medical consultant within twenty-four hours from the time the referral was screened in as a report to assist in the evaluation of the disabled infant's medical information, including medical records, obtained during the preliminary medical assessment.

If the PCSA determines the child to be in immediate danger of serious harm, the PCSA shall follow procedures outlined in rule 5101:2-37-02 of the Administrative Code.

The PCSA shall pursue any legal remedies, including the initiation of legal proceedings in a court of competent jurisdiction, to provide medical care or treatment for a child if such care or treatment is necessary to prevent or remedy serious harm to the child or to prevent the withholding of medically indicated treatment from a disabled infant with a life-threatening condition.

The PCSA shall attempt a face-to-face contact in order to conduct an interview with the alleged disabled infant's parent, guardian, or custodian no later than twenty-four hours from the time the referral was screened in as a report. The purpose of the interview is to:

1. Inform the parent, guardian, or custodian that a neglect report alleging the withholding of medically indicated treatment to a disabled infant has been accepted by the PCSA.
2. Inform the parent guardian, or custodian of the purpose of the assessment/investigation.
3. Seek parental consent for medically indicated treatment, if applicable.
4. Confirm parent, guardian, or custodian's name and identifying information.
5. Determine if parent, guardian, or custodian agrees on the course of action to be followed.
6. Determine if the parent, guardian, or custodian was presented with all treatment options by the medical treatment team.
7. Determine if the prognosis of the disabled infant was presented to the parent, guardian, or custodian.
8. Assess if the parent, guardian, or custodian understands the information provided by the medical treatment team.
9. Determine the nature and degree of parental involvement in the decision to deny treatment or sustenance to the alleged child victim, if applicable.
10. Assess if appropriate counseling services have been made available to the parent, guardian, or custodian.
11. Refer the parent, guardian, or custodian to appropriate counseling services, if applicable.
12. Determine if the parent, guardian, or custodian was provided information to facilitate access to available services for disabled persons and family members.
13. Assist the parent, guardian, or custodian in accessing needed services, if applicable.
14. Determine if the parent, guardian, or custodian participated in the hospital review process.
15. Determine if the parent, guardian, or custodian was provided with or has access to the results of the hospital review process.

If the attempted face-to-face contact with the disabled infant's parent, guardian, or custodian as specified in paragraph (G) of this rule is unsuccessful, the PCSA shall continue making attempts of face-to-face contact at least every five working days until face-to-face contact occurs or until the PCSA is required to make a report disposition pursuant to paragraph (O) of this rule.
The PCSA shall complete the JFS 01401 "Comprehensive Assessment Planning Model - I.S., Safety Assessment" (rev. 2/2006) pursuant to rule 5101:2-37-01 of the Administrative Code within four working days from the date the report was screened in.

The PCSA shall document in the case record the date and time of the contact, or attempted contacts.

The PCSA shall, in cooperation with the medical consultant, conduct and document interviews with the attending physician and health care facility staff. The purpose of the interviews is to:

1. Determine the measures that the health care facility staff attending to the disabled infant has taken to provide medically indicated treatment to the disabled infant.
2. Determine whether or not the disabled infant's attending physician, with the consent of the disabled infant's parent, guardian or custodian will sustain needed life-supporting care for twenty-four hours while the PCSA continues the assessment/investigation.
3. Determine if any of the following conditions of and risk to the disabled infant were concluded by the attending physician's and/or staff's assessment:
   a. The disabled infant is chronically and irreversibly comatose.
   b. The provision of medical treatment will merely prolong dying, not be effective in ameliorating or correcting all of the disabled infant's life-threatening conditions, or otherwise be futile in terms of the survival of the disabled infant.
   c. The provision of medical treatment will be virtually futile in terms of the survival of the disabled infant and the treatment itself under such circumstances will be inhumane.
4. Verify if plans have been made to convene a meeting of the health care facility review committee or to adopt the recommendations of the appropriate health care facility review committee, and the meeting has been held.
5. Confirm the disabled infant's age.
6. Confirm the disabled infant's diagnoses or diagnosis.
7. Determine if the disabled infant's life is endangered.
8. Determine if the withholding of life-sustaining treatment is recommended.
9. Determine if the withholding of life-sustaining treatment is implemented.
   a. Identify the treatment necessary for the disabled infant's life or health being denied.
   b. Determine if sustenance (food or water, whether given orally or through an intravenous or nasogastric tube) or medication is being denied.
10. Determine if the parent, guardian, or custodian refused to consent to life-sustaining treatment.
11. Determine if the hospital will sustain life-supporting care for the immediate future while the PCSA's assessment/investigation is conducted, if applicable.
12. Identify the treatment or sustenance being provided to the disabled infant, if applicable.
13. Determine if there is consensus regarding the medical diagnoses among the treatment team.
14. Document and identify if there were/have been any differing opinions among the treatment team.
15. Document the names of all medical consultants involved including their qualifications/credentials.
16. Determine which members of the treatment team discussed the case with the parent, guardian, or custodian.
17. Determine if a hospital review process occurred.
   a. If applicable, document the review process.
   b. If applicable, document the recommendations.
The PCSA shall conduct and document all face-to-face interviews with the alleged perpetrator, unless law enforcement or the county prosecutor or medical consultant will interview the alleged perpetrator pursuant to the procedures delineated in the county child abuse and neglect memorandum of understanding, in order to assess his or her knowledge of the allegation.

The PCSA shall advise the alleged perpetrator of the allegations made against him or her at the time of the initial contact. The initial contact between the PCSA and the alleged perpetrator of the report includes the first face-to-face or telephone contact, whichever occurs first, if information is gathered as part of the assessment/investigation process.

The PCSA shall conduct and document face-to-face or telephone interviews with any person identified as a possible source of information during the assessment/investigation to obtain relevant information regarding the safety of and risk to the child. The PCSA shall exercise discretion in the selection of collateral sources to protect the privacy of the principals of the report.

The PCSA shall complete the report disposition and arrive at a final case decision by completing the JFS 01400 "Comprehensive Assessment Planning Model - I.S., Family Assessment" (rev. 7/2006) no later than forty-five days from the date the PCSA screened in the referral as a child abuse and/or neglect report. The PCSA may extend the time frame by a maximum of fifteen days if information needed to determine the report disposition and final case decision cannot be obtained within forty-five days and the reasons are documented in the case record pursuant to rule 5101:2-36-11 of the Administrative Code.

The PCSA shall not waive the completion of the report disposition.

The PCSA shall have an interpreter present for all interviews if the PCSA has determined that a principal of the report has a language or any other impairment that causes a barrier in communication, including but not limited to a principal of the report who is deaf or hearing impaired, limited English proficiency or is developmentally delayed.

Within two working days of completion of the assessment/investigation, the PCSA shall notify the alleged perpetrator in writing of the report disposition and the right to appeal the disposition pursuant to rule 5101:2-33-20 of the Administrative Code.

Within two working days from the date of the completion of the report disposition, the PCSA shall notify the disabled infant's parent(s) in writing of the report disposition and case decision.

No later than three working days from the date of the completion of the report disposition, the PCSA shall provide written notification of the report disposition to the following entities, as applicable, in accordance with rules 5101:2-33-21 and 5101:2-36-12 of the Administrative Code.

1. Administrator, director, or other chief administrator of the health care facility.
2. The owner or governing board of the health care facility.
3. The appropriate licensing and supervising authorities of the health care facility.

The PCSA shall notify law enforcement if it is determined that the attending physician failed to provide medically indicated treatment or failed to inform the disabled infant's parent, guardian, or custodian of the available treatment options.

The PCSA shall maintain all materials obtained as a result of the assessment/investigation in the case record.

The KPI program is designed to promote a permanent commitment by a kinship caregiver(s) through becoming guardians and custodians over minor children who would otherwise be unsafe or at risk of harm if they remained in their own homes. KPI provides up to eight incentive payments to families caring for their kin.

The following definitions are applicable to this rule and supersede any conflicting definitions contained in rule 5101:2-1-01 of the Administrative Code.

1. "Custodian" has the same meaning as in section 5107.02 of the Revised Code, which is an individual who has legal custody of a minor child or comparable status over a minor child created by a court of competent jurisdiction in another state.

2. "Family" means a kinship caregiver, spouse of the kinship caregiver, and all of the minor children for whom the kinship caregiver and spouse of the kinship caregiver are responsible, and who reside in the same household.

3. "Fraudulent incentive" means incentive funds provided to the kinship caregiver(s) as a result of fraud by the kinship caregiver(s), including an intentional violation of the program requirements. Fraudulent incentive does not include incentive payments provided due to an error of the agency in processing the application.

4. "Gross income" means income of the family as defined in paragraph (B)(2) of this rule before taxes and deductions.

5. "Guardian" has the same meaning as in section 5107.02 of the Revised Code, which is an individual that is granted authority by a probate court or a court of competent jurisdiction in another state, to exercise parental rights over a minor child to the extent provided in the court's order and subject to residual parental rights of the minor child's parents.

6. "Kinship caregiver" has the same meaning as in section 5101.85 of the Revised Code, which is any of the following who is eighteen years of age or older and is caring for a child in place of the child's parents.

   a. Individuals related by blood or adoption to the child including:
      i. Grandparents, including grandparents with the prefix "great," "great-great," or "great-great-great."
      ii. Siblings.
      iii. Aunts, uncles, nephews, and nieces, including such relatives with the prefix "great," "great-great," "grand," or "great-grand."
      iv. First cousins and first cousins once removed.
   b. Stepparents and stepsiblings of the child.
   c. Spouses and former spouses of individuals named in paragraphs (B)(6)(a)(i) to (B)(6)(a)(iv) and (B)(6)(b) of this rule.
   d. A legal guardian of the child.
   e. A legal custodian of the child.

7. "Minor child" has the same meaning as in 45 C.F.R. 260.30 (2003), which is either of the following:
   a. An individual who has not attained age eighteen.
(b) An individual who has not attained age nineteen and is a full-time student in a secondary school or in the equivalent level of vocational or technical training.

(C) Eligible kinship caregiver(s) shall receive an initial incentive payment and may receive subsequent payments at six-month intervals to support the stability of the child's placement in the home.

(1) The maximum incentive amount may not exceed eight payments per child per kinship caregiver(s).

(2) Individuals who were approved for their sixth incentive payment prior to March 17, 2014 are not eligible for additional incentive payments.

(3) Individuals who submitted their sixth application to the public children services agency (PCSA) on or after March 17, 2014 may be eligible for additional incentive payments.

(4) Individuals who have not received their sixth incentive payment may be eligible for additional incentive payments.

(D) For each state fiscal year (SFY), the Ohio department of job and family services (ODJFS) shall determine the initial and subsequent payment amounts. At the beginning of each SFY, ODJFS shall provide notice to the PCSAs identifying the initial and subsequent payment amounts for that SFY.

(E) The PCSA shall determine the kinship caregiver(s) eligible for KPI when all of the following criteria are met:

(1) On July 1, 2005 or thereafter, a court issued an order granting legal custody or guardianship to the kinship caregiver(s). A temporary court order is not sufficient to meet this requirement.

(2) The minor child resides with the kinship caregiver(s). If the child is on temporary leave from the kinship caregiver's home (e.g., hospitalization, mental health treatment or respite) and the kinship caregiver retains legal custody or guardianship this shall not preclude eligibility for KPI.

(3) The kinship caregiver(s) is a resident of the state of Ohio.

(4) The gross income of the kinship caregiver's family does not exceed three hundred per cent of the federal poverty guidelines.

(5) The placement has been assessed and approved by the PCSA or private child placing agency (PCPA).

(a) For children placed by the PCSA or PCPA, the placement was assessed and approved pursuant to paragraphs (B) to (I) of rule 5101:2-42-18 of the Administrative Code.

(b) For children placed directly with a kinship caregiver by a court or relative, the PCSA shall assess the home in accordance with the requirements identified in paragraphs (B) and (D) to (I) of rule 5101:2-42-18 of the Administrative Code prior to the approval of KPI.

(F) The kinship caregiver(s) shall apply for the KPI program by submitting the following to the PCSA in the county in which the caregiver resides:

(1) The JFS 01501 "Application for Kinship Permanency Incentive" (rev. 7/20179/2017).

(2) Verification that the caregiver has obtained legal custody or guardianship on or after July 1, 2005.

(3) Verification of income. Exclusions of reported income are as follows and shall not be included in the income calculation for eligibility:

(a) Child support paid out to another custodian for a child in the other custodian's care. The total amount of child support paid out shall be deducted from the gross income.

(b) Up to one hundred dollars per month per child of any child support received on behalf of the child(ren) for whom the kinship caregiver is applying for the KPI program.

(c) Any Ohio works first (OWF) payments.
Any income of minor children, including employment income and social security benefits paid to a child.

Supplemental security income (SSI) payments and social security disability income (SSDI) payments.

Adoption subsidy payments and foster care reimbursements.

When the kinship caregiver(s) submits an application for re-determination, the PCSA shall review the eligibility requirements in paragraph (E)(1) to (E)(4) of this rule with the kinship caregiver(s) to ensure the requirements continue to be met by the kinship caregiver's family.

(1) The PCSA shall ensure that the requirements in paragraphs (E)(1) to (E)(4) of this rule continue to be met by the kinship caregiver's family.

(2) If there are any new adults in the home, the PCSA shall conduct background checks on the adult(s) pursuant to paragraphs (B)(3) and (B)(9) of rule 5101:2-42-18 of the Administrative Code.

(3) If the kinship caregiver(s) has moved to a new address, the PCSA shall ensure that the home meets the requirements listed in paragraph (B)(5) of rule 5101:2-42-18 of the Administrative Code.

At the time of the kinship caregiver's initial application or re-determination, the PCSA in the county in which the kinship caregiver(s) resides shall:

(1) Provide the kinship caregiver(s) with the JFS 01501 upon request.

(2) Determine eligibility for the initial incentive payment.

(3) Notify the kinship caregiver(s) of the approval, denial or incomplete application in accordance with paragraphs (I) and (J) of this rule.

(4) Inform the kinship caregiver(s) that subsequent payments require re-determination of eligibility every six months and that the kinship caregiver(s) must submit another application.

(5) Notify the kinship caregiver(s) at least thirty, but not more than sixty, calendar days prior to the eligibility for a subsequent incentive payment that the kinship caregiver(s) must submit a JFS 01501 and verifying documentation to enable the PCSA to determine eligibility.

(6) Determine continuing eligibility for subsequent incentive payments as long as the kinship caregiver(s) resides in that county.

(7) Notify the kinship caregiver(s) of the approval, denial or incomplete application for subsequent incentive payments in accordance with paragraphs (I) and (J) of this rule.

(8) Conduct a face-to-face or telephone interview with the kinship caregiver(s) to determine eligibility no less frequently than annually.

The PCSA shall approve or deny the application for KPI based on criteria identified in paragraphs (E)(1) to (E)(5) of this rule and provide written notification on the "Notice of Approval for Kinship Permanency Incentive Funds" or the "Notice of Denial for Kinship Permanency Incentive Funds" reports generated from the statewide automated child welfare information system (SACWIS) to the kinship caregiver(s) of its decision within fifteen business days of receipt of the completed JFS 01501, supporting documentation, and the results of the background checks.

When sufficient information is not available to enable the PCSA to approve or deny the application for incentive payments, the PCSA shall provide the kinship caregiver(s) with notification on the "Notice of Incomplete Kinship Permanency Incentive Application" generated from SACWIS that identifies the information needed and informs the kinship caregiver(s) that if information requested is not submitted within ten calendar days the application will be denied. This shall not prohibit the kinship caregiver(s) from reapplying.

If a kinship caregiver(s) relocates to another Ohio county, the PCSA in the new county of residence is responsible for determining eligibility for subsequent incentive payments. When known, the PCSA in
the county in which the kinship caregiver(s) currently resides shall coordinate with the PCSA in the county of former residence in order to secure information regarding prior incentive payments. The PCSA in the county in which the kinship caregiver(s) formerly resided shall share information regarding prior incentive payments and upon request, transfer the case to the PCSA of the kinship caregiver's new county of residence.

(L) When a PCSA conducts and approves a home assessment in accordance with rule 5101:2-42-18 of the Administrative Code for a child's placement with a relative or nonrelative substitute caregiver residing in another county, the PCSA in the county of residence may use the approved home assessment to support KPI program eligibility.

(M) The kinship caregiver(s) shall notify the PCSA of any status change in the household that may impact eligibility, including any new household members and any change of address.

(N)(M) The PCSA may develop an interagency agreement with the CDJFS to assist in gathering eligibility information necessary for the PCSA to approve or deny the application.

(O)(N) If a director of a PCSA determines that a kinship caregiver(s) has received a fraudulent incentive, the kinship caregiver(s) shall be ineligible to participate in the KPI program for any child. The PCSA that determines that a kinship caregiver(s) has received a fraudulent incentive shall indicate this in SACWIS.

(P)(O) The PCSA shall enter applications and incentive payments into SACWIS.

(Q)(P) In order to confine KPI expenditures to appropriated state funds, the director of the department of job and family services, or designee, may issue an order at any time suspending the intake of any applications for KPI. During a program suspension, all applicants will be advised that a suspension is in effect. All applications will be denied during the same time that a suspension is in effect. No waiting lists will be established during the periods of suspension.

(R)(Q) The PCSA shall inform the kinship caregiver(s) of the right to request a state hearing and provide the kinship caregiver(s) with a copy of the JFS 04059 "Explanation of State Hearing Procedures" (rev. 1/2015) upon approval or denial of their application. The kinship caregiver(s) has the right to request a state hearing if the PCSA denies eligibility for KPI, or the application has been acted upon erroneously, or not acted upon with reasonable promptness.

When a child cannot remain in his or her own home, the public children services agency (PCSA) or private child placing agency (PCPA) shall explore both maternal and paternal relatives regarding their willingness and ability to assume temporary custody or guardianship of the child. Unless it is not in the child's best interest, the PCSA or PCPA shall explore placement with a non-custodial parent before considering other relatives.

If a suitable relative is not available to assume temporary custody or guardianship, or placement, the PCSA or PCPA shall explore placement with a suitable nonrelative who has a relationship with the child and/or family.

The PCSA or PCPA shall only place children in substitute care settings that are licensed, certified or approved by the agency of the state having responsibility for licensing, certifying or approving facilities of the type in which the child is placed or in homes of relatives or nonrelatives approved by the PCSA or PCPA in accordance with rule 5101:2-42-18 of the Administrative Code.

The PCSA or PCPA shall only place children:

1. In homes of relative or non-relatives approved by the PCSA or PCPA in accordance with rule 5101:2-42-18 of the Administrative Code.

2. In substitute care settings that are licensed, certified or approved by the agency of the state having responsibility for licensing, certifying or approving facilities of the type in which the child is placed.

The PCSA or PCPA shall attempt to place siblings in the same home unless it is not in the child's or siblings' best interest.

When the PCSA or PCPA has temporary custody of a child, it shall select a substitute care setting that is consistent with the best interest and special needs of the child and that meets the following criteria:

1. Is considered the least restrictive, most family-like setting available to meet the child's emotional and physical needs.

2. Is in close proximity to the home from which the child was removed or the home in which the child will be permanently placed.

3. Is in close proximity to the school in which the child was enrolled prior to placement.

4. Is designed to enhance the likelihood of achieving permanency plan goals.

5. Is able to provide a safe environment for the child.

The following allowable settings are listed in order from least restrictive to most restrictive:

1. The home of a suitable relative as defined in rule 5101:2-1-01 of the Administrative Code.

2. The home of a suitable nonrelative as defined in rule 5101:2-1-01 of the Administrative Code.

3. A foster home.

4. An independent living arrangement, as appropriate for the child.

5. A group home.

6. A maternity home.

7. An emergency shelter care facility.

9. A medical or educational facility.
For a child in the permanent custody of a PCSA or PCPA, an adoptive placement shall be considered the least restrictive setting. When selecting an adoptive placement, the agency shall follow rule 5101:2-48-16 of the Administrative Code.

Only when a PCSA or PCPA determines that a child's mental, physical or emotional needs indicate that a less-restrictive setting cannot address his or her needs, the PCSA or PCPA may place the child in a more restrictive setting.

This rule shall not contravene the placement of a child in a secure facility or other specified setting by law enforcement or any court of jurisdiction.

The PCSA or PCPA shall document the following in the child's case plan:

1. Educational, medical, psychological, and social information used by the agency to select a placement setting.
2. How the setting constitutes a safe and appropriate placement.
3. Why less-restrictive placements, if applicable, were not utilized.

The above provisions of this rule do not apply to a permanent surrender agreement executed in the child's best interest by a PCPA in accordance with division (B)(2) of section 5103.15 of the Revised Code for a child less than six months of age for the purpose of adoption on the date of the execution of the agreement.

All placement activities shall be in compliance with rules 5101:2-42-18.1 and 5101:2-48-13 of the Administrative Code and 42 U.S.C. sections 622(b)(9), 671(a)(18), 674(d) and 1996b (collectively, the Multiethnic Placement Act or MEPA as in effect January 1, 1997).

(A) The parents, guardian, or other persons having custody of a child may enter into an agreement with a public children services agency (PCSAs) or private child placing agency (PCPAs) to voluntarily surrender a child into the permanent custody of an agency when there is mutual agreement that a permanent surrender would be in the best interests of the child. The PCSA or PCPA shall use the JFS 01666 "Permanent Surrender of Child" (rev. 6/2006) (rev. 10/2013) when executing the agreement. The JFS 01666 shall not be executed until at least seventy-two hours after the birth of the child has elapsed.

(B) At least seventy-two hours prior to the PCSA or PCPA execution of the JFS 01666, the assessor shall meet with the parents, guardian or other persons having custody of the child to do the following:

1. Discuss with the parents, guardian, or persons having custody of the child other options available in lieu of surrendering the child.

3. Advise the parents, guardian or persons having custody of the child that execution of a permanent surrender must be approved by the juvenile court unless the JFS 01666 is executed by a PCPA solely for the purpose of obtaining an adoption of a child who is less than six months of age on the date that the agreement is executed.
4. Advise the parents, guardian or persons having custody of the child of Ohio law regarding open adoption and Ohio adoption procedures.
5. Review, discuss and complete the JFS 01693 "Ohio Law and Adoption Materials" (rev. 1/2002) (rev. 5/2009). Only sections "I", "II", and "III" need to be completed for a child over six months of age on the date the JFS 01666 is executed.

(D) Except as provided in paragraph (F) of this rule, each PCSA or PCPA that executes a JFS 01666 shall seek approval of the permanent surrender by the juvenile court of the county in which the child has a residence or legal settlement. At the time the PCSA or PCPA files its request for approval of the permanent surrender with the court:

1. The PCSA shall file a case plan prepared in accordance with rules 5101:2-38-05 and 5101:2-33-99 of the Administrative Code and shall submit the JFS 01693.

(E) Except as provided in paragraph (F) of this rule, permanent custody of the child through execution of a JFS 01666, is not established until the juvenile court approves the permanent surrender.

(F) When a PCPA executes a JFS 01666 involving a child under six months of age where the agreement is executed solely for obtaining the adoption of the child and the parents(s) consent to the permanent surrender, approval by the juvenile court is not required. The PCPA shall notify the court no later than two business days after entering into the agreement that the JFS 01666 has been executed. At the time the PCPA notifies the court that an agreement has been executed, the JFS 01693 shall be
submitted. The PCPA shall also notify the court no later than two business days after the child is physically placed for adoption.

(G) If a child has not been placed for adoption within six months after the JFS 01666 is executed without juvenile court approval for any child in the custody of a PCPA who was under the age of six months at the time a JFS 01666 was executed, the PCPA shall:

(1) Request the juvenile court with continuing jurisdiction hold a review hearing as outlined in section 2151.417 of the Revised Code.

(H) If a final decree of adoption or an interlocutory order of adoption is not issued or does not become final within seven months after the JFS 01666 has been approved by the juvenile court, the PCSA or PCPA shall request the juvenile court with continuing jurisdiction hold a review hearing as outlined in section 2151.417 of the Revised Code.

(I) The PCSA or PCPA shall follow placement requirements pursuant to rule 5101:2-48-16 of the Administrative Code.

Information on how to obtain a criminal records check can be found at www.webcheck4.ag.state.oh.us. The agency shall request that BCII BCI include information from the federal bureau of investigation (FBI) in the criminal records check. The required criminal records check must be completed prior to an agency approving the prospective relative or nonrelative placement.

Effective: 07/01/2017
Five Year Review (FYR) Dates: 03/09/2017 and 07/01/2022
A public children services agency (PCSA), private child placing agency (PCPA), or private noncustodial agency (PNA) shall not deny any person the opportunity to become a foster caregiver on the basis of race, color or national origin (RCNO) of that person, or of the child involved; nor shall the PCSA, PCPA, or PNA delay or deny the placement of a child into foster care on the basis of RCNO of the foster caregiver or of the child involved.

A PCSA, PCPA, or PNA shall not routinely consider RCNO as a factor in assessing the needs or best interests of children. In each case, the only consideration shall be the child's individual needs and the ability of the prospective foster caregiver to meet those needs.

Only the most compelling reasons may serve to justify the consideration of RCNO as part of a placement decision. Such reasons emerge only in the unique and individual circumstances of each child and each prospective foster caregiver. In those exceptional circumstances when RCNO need to be taken into account in a placement decision, such consideration shall be narrowly tailored to advance the child's best interests. Even when the facts of a particular case allow consideration related to RCNO, this consideration shall not be the sole determining factor in the placement decision.

The following actions by a PCSA, PCPA, and PNA are permitted as it applies to the foster care placements.

1. Asking about and honoring any initial or subsequent choices made by prospective foster caregivers regarding what RCNO of child the prospective foster caregivers will accept.

2. Providing information and resources about fostering a child of another RCNO to prospective foster caregivers who request such information and making known to all families that such information and resources are available.

3. Considering the request of a birth parent(s) to place the child with a relative or non-relative identified by name.

4. Considering the RCNO of the child as a possible factor in the placement decision when compelling reasons serve to justify that the RCNO need to be a factor in the placement decision pursuant to paragraph (G) of this rule. Even when the facts of a particular case allow consideration related to the RCNO, this consideration shall not be the sole determining factor in the placement decision.

5. Promoting cultural awareness, including awareness of cultural and physical needs that may arise in the care of children of different races, ethnicities and national origins as part of the training which is required of all applicants who seek to become foster caregivers.

6. Documenting verbal comments, verbatim, or describing in detail any other indication made by a prospective foster caregiver or prospective foster caregiver family member living in the household or any other person living in the household reflecting a negative perspective regarding the RCNO for whom the prospective foster family have expressed an interest in fostering.

   a. The documentation shall indicate whether those comments were made before or after completion of the cultural diversity training that is required for all foster care applicants.
(b) The documentation shall be included in the family's homestudy, update, or an addendum to the homestudy or update prior to consideration of placement.

(F) The following actions by a PCSA, PCPA, and PNA are prohibited as it applies to the foster care process:

1. Using the RCNO of a prospective foster caregiver to differentiate between foster care placements for a child, unless the procedures in paragraphs (G) to (K) of this rule are followed.

2. Honoring the request of a birth parent(s) to place a child with a foster parent(s) of a specific RCNO unless the birth parent(s) identifies a relative or non-relative by name and that person is found to meet all relevant state child protection standards and the agency determines that the placement is in the best interests of the child.

3. Requiring a prospective foster family to prepare or accept a transracial foster care plan.

4. Using culture or ethnicity as a proxy for RCNO.

5. Delaying or denying placement of a child based upon the following:
   a. The geographical location of the neighborhood of the prospective foster caregiver if geography is being used as a proxy for the racial or ethnic composition of the neighborhood.
   b. The demographics of the neighborhood.
   c. The presence or lack of presence of a significant number of people of a particular RCNO in the neighborhood.

6. Requiring extra scrutiny, additional training, or greater cultural awareness of individuals who are prospective foster caregivers of children of a different RCNO than is required of other prospective foster caregivers.

7. Relying upon general or stereotypical assumptions about the needs of children of a particular RCNO.

8. Relying upon general or stereotypical assumptions about the ability of prospective foster caregivers of a particular RCNO to care for or nurture the sense of identity of a child of another RCNO.

9. Steering prospective foster caregivers away from parenting a child of another RCNO. "Steering" is any activity that attempts to discourage prospective foster caregivers from parenting a child of a particular RCNO.

(G) If a medical or psychological evaluation, school record, or other material documented in the file, including statements made by the child to a caseworker, indicate that there may be compelling reasons to consider needs the child may have regarding RCNO in the placement process, the agency shall determine if the child should be referred for an assessment of whether the child has individual needs involving RCNO.

(H) One of the following licensed professionals shall conduct the assessment regarding RCNO:

1. A licensed child psychiatrist.

2. A licensed child psychologist.

3. A licensed independent social worker.

4. A licensed professional clinical counselor.

If both the supervisor and the MEPA monitor determine that the documented material contained in the case file indicates there may be compelling reasons to consider the needs the child may have regarding RCNO in the placement process, the child shall be referred within ten days of the signature of the caseworker for an individual child assessment as indicated in paragraph (G) of this rule. At the time of the referral, the agency shall forward to the licensed professional the following documents:

(a) The original JFS 01688.
(b) All relevant medical or psychological evaluations, and school records.
(c) All other relevant material documented in the child's case file.

The PCSA or PCPA shall request in writing that the licensed professional complete and sign section II of the original JFS 01688 and return it within sixty days to the PCSA or PCPA with a copy of the requested assessment attached.

A request for a search of the OPFR may be made at any time. A final search of the OPFR shall be made no sooner than thirty-six days after the birth of the child.

Any party referenced in paragraph (E) of this rule may request the status of a final search if results have not been received within seven business days of the date the final request was submitted.

A PCSA, PCPA and PNA shall utilize the JFS 01691 "Application for Child Placement" (rev. 6/2009/12/2014) as the standard form when accepting applications for adoptive placement. A PCSA, PCPA or PNA shall send the JFS 01691 to any individual requesting an application for adoption within seven business days of receipt of a request for an application.

An application submitted with a knowingly false statement shall not be used to initiate the homestudy. If a PCSA, PCPA or PNA determines that an application has been falsified, the PCSA, PCPA or PNA shall follow the procedures outlined in rule 5101:2-33-13 of the Administrative Code.

An agency shall not begin the homestudy assessment process prior to the receipt of a fully completed JFS 01691 signed by the adoptive parent(s).

An agency shall not accept an application for approval for adoptive placement which does not contain complete and accurate information.

Upon receipt of the completed JFS 01691, the PCSA, PCPA, or PNA shall commence the homestudy process and request the applicant provide additional information including at a minimum:

1. Documentation of current marital status, which shall include a marriage certificate, divorce decree, or other verification of marital status, if applicable.

Except as provided in paragraph (D) of rule 5101:2-48-10 of the Administrative Code, an agency shall not recommend a person to be approved as an adoptive parent if the person or any adult member of the applicant’s household has been convicted of any crime listed in paragraph (C) of rule 5101:2-48-10 of the Administrative Code.

The PCSA, PCPA or PNA shall search the statewide automated child welfare information system (SACWIS) or the central registry of abuse and neglect for each adoptive applicant and each adult...
household member of the applicant's home prior to approval of the adoptive home. This search is to be used to determine the suitability of the adoptive applicant as an adoptive parent. The search shall also be conducted within ten days of the addition of any new adult member of the household.

(H) The recommending agency shall request a check of the child abuse and neglect registry of any other state in which an adoptive applicant or other adult household member in the applicant's home has resided in the five years immediately prior to the date of the criminal records check as required by division (A) of section 2151.86 of the Revised Code.

(I) A summary report of the results of each search shall be placed in the adoptive home record.

(J) If the PCSA, PCPA, or PNA determines that an adoptive homestudy cannot be initiated, the agency shall send written notification to the applicant stating the reason for not initiating the homestudy and a description of procedures for requesting a review of the agency's decision. The notification shall be sent to the applicant no later than fifteen days after the application was submitted.

(K) An applicant shall have the opportunity to revise the JFS 01691 at any time regarding the characteristics or number of children desired. If the agency, based upon receipt of a revised JFS 01691, determines that the applicant is now seeking a special needs child, requirements and time frames for the application and homestudy process shall begin with the date that the revised JFS 01691 is received by the agency. If the applicant revises the JFS 01691 and does not seek to adopt a special needs child, the time frames for the application and homestudy process shall be consistent with the agency's adoption policy prepared pursuant to rule 5101:2-48-05 of the Administrative Code.

(L) Upon request, the PCSA, PCPA or PNA shall assist the applicant in completing the application and securing all required documents and information.

(M) The PCSA, PCPA or PNA shall not continue with the homestudy process if all required documentation is not submitted within one hundred eighty days of the receipt of the initial or revised JFS 01691 unless the agency makes a determination that the homestudy should not be terminated and documents this on the JFS 01673 "Assessment for Child Placement" (rev. 6/2011 12/2014). The applicant shall be notified, in writing, at least thirty days prior to the termination of the application. Written notification shall contain an explanation of the reason for termination and a description of the procedures for requesting a review of the agency's decision.

(N) The PCSA, PCPA, or PNA shall document that each person seeking adoption approval successfully completes preservice training, prior to approval of the homestudy. Preservice training shall address the following components:

1996, Aug. 20, 1996, P.L. 104-188 (MEPA), and the Civil Rights Act of 1964 (Title VI), as it applies to the foster care and adoption process.

No person who has been convicted of or pleaded guilty to an offense listed in paragraph (C) of this rule shall be considered for adoptive placement or be an adult resident of the prospective adoptive parent’s household unless the PCSA, PCPA or PNA finds and documents that person has met all of the following conditions:

1. Where the offense was a misdemeanor, or would have been a misdemeanor if conviction had occurred under the current criminal code, at least three years have elapsed from the date the person was fully discharged from any imprisonment or probation arising from the conviction. All adoption homestudies shall be updated every two years from the date of approval of the initial homestudy or the date of approval of the most current update, whichever is more recent. If a homestudy is simultaneously approved for adoption and certified for foster care by the same agency, the spans shall be the same for both programs from the date of the foster home certification.

(1) If an approved adoptive home is subsequently certified for foster care by the same agency that approved the home for adoption, the adoptive homestudy shall be updated at the same time the home is initially certified for foster care so that the spans will coincide.

(2) If a certified foster home is subsequently approved for adoption by the same agency that certified the home for foster care, the next adoption update shall be completed when the current foster care certificate is recertified so that the spans will coincide.

The public children services agency (PCSA), private child placing agency (PCPA), or private noncustodial agency (PNA) shall ensure that employees or persons under contract with the agency to complete adoption homestudy updates comply with the following requirements.

(1) The assessor definition in rule 5101:2-1-01 of the Administrative Code.

(2) Rule 5101:2-48-06 of the Administrative Code.

(3) Section 3107.014 of the Revised Code.

The agency shall notify the adoptive parent(s) of the date of expiration of the homestudy not fewer than ninety days or more than one hundred fifty days prior to the expiration date. The notification shall:

(2) Be completed on the JFS 01331, "Notice of Expiration and Reapplication for a Foster Home Certificate or Adoption Homestudy Approval" (rev. 12/2014).

Following agency notification to the adoptive parent as required by paragraph (C) of this rule, if the adoptive parent fails to either reapply or voluntarily terminate prior to the expiration date of the approval, the homestudy approval shall expire. If the family wishes to have an adoption homestudy approval after the expiration date, they shall reapply through the initial homestudy application process pursuant to rule 5101:2-48-09 of the Administrative Code.

Following the expiration of an adoption homestudy approval:

(1) If the agency has access to the statewide automated child welfare information system (SACWIS), the agency shall enter the appropriate data into the system to close the adoption homestudy.

(2) If the agency does not have access to SACWIS, the agency shall submit a JFS 01318 "SACWIS Private Agency Provider Request" (rev. 12/2014) to the Ohio department of job and family services (ODJFS) to close the adoption homestudy.

If the adoptive parent has applied to update an adoption homestudy prior to the expiration of a current adoption approval, an assessor shall complete a JFS 01385 "Assessment for Child Placement Update" (rev. 12/2014), ensure that the adoptive parent remains in compliance with the requirements of Chapter 5101:2-48 of the Administrative Code, and determine the continued suitability of the adoptive family. The agency shall compile and review the following documents, in addition to completing the JFS 01385:

(1) The most recent JFS 01653 "Medical Statement for Foster Care/Adoptive Applicant and All Household Members" (rev. 6/2009) completed for the applicant and all household members by a licensed physician, physician assistant, clinical nurse specialist, certified nurse practitioner or
certified nurse-midwife. The agency may require a new JFS 01653 if the agency deems it necessary.

The examination shall be conducted by a licensed physician, psychologist, or other certified or licensed professional.

(3) The most recent fire inspection by a state certified fire safety inspector or the state fire marshal's office using the JFS 01200 "Fire Inspection Report for Residential Facilities Certified by ODJFS" (rev. 2/2015) or other form used for a local or state fire inspection. The agency may require a new fire inspection at the time of the update if the agency deems it necessary to ensure the home is free from conditions which may be hazardous to the safety of an adoptive child.

(4) The most recent JFS 01681 "Applicant Financial Statement" (rev. 10/2000). The agency may require a new JFS 01681 if there have been any substantial changes to the adoptive family's financial situation.

(6) The most recent JFS 01530 "Large Family Assessment" (rev. 12/2014), if applicable. If the family circumstances have changed substantially since the previous JFS 01530, or if a JFS 01530 was not previously completed and is now required, the agency shall complete a new JFS 01530 at the time of the update.

(7) If the agency has the ability to complete the search in SACWIS, the agency shall complete an alleged perpetrator search of abuse and neglect report history through the system for each adoptive parent and adult household member.    (a) A report with the results of the search shall be placed in the adoptive provider record.
   (b) This report is to be used to determine the continued suitability of the adoptive family.

Once a homestudy is approved, a new criminal records check shall be conducted, pursuant to section 2151.86 of the Revised Code, for the adoptive parent(s) and each adult household member every four years prior to approving the adoption update. If an existing resident of the home, including youth placed in the home, turned eighteen years of age during the current approval span, the agency shall have criminal records checks completed at the time of the next update and every four years thereafter at the time of update.

(10) A minimum of one written reference from a professional who is knowledgeable of the family dynamics and family functioning. If a reference is not available from a professional, a personal reference from someone aware of the adoptive family's functioning is permissible. (F) An assessor's update of an adoption homestudy shall include at least one home visit and one interview with each member of the household (except foster children) over the age of four years currently residing in the home. This may be a joint interview or individual interviews.
If an agency receives a completed JFS 01331 at least thirty days prior to the expiration date of the adoption approval, an agency shall follow the requirements listed in this rule to complete the assessment for the update of the adoption approval.

(1) At the completion of the assessment and prior to the expiration of the current adoption homestudy approval span:

(2) The effective date of the adoption homestudy approval shall be the first day following the expiration of the previous approval span.

If an agency receives a completed JFS 01331 less than thirty days prior to the expiration of the adoption approval, the agency may complete the requirements listed in this rule if they have sufficient time and resources to complete the assessment and submit the requirements in paragraph (G) of this rule prior to the expiration date of the current approval span.

(1) If the agency is unable to complete the update of the adoption approval prior to the expiration, the adoption approval will expire on the date of expiration.

(2) If the adoption approval expires, the agency shall, within ten days after the expiration date of the current approval span:

A public children services agency (PCSA), private child placing agency (PCPA), or private noncustodial agency (PNA) shall not deny any person the opportunity to become an adoptive parent on the basis of race, color or national origin (RCNO) of that person, or of the child involved; nor shall the PCSA, PCPA or PNA delay or deny the placement of a child for adoption on the basis of RCNO of the adoptive parent, or of the child involved.

A PCSA, PCPA, or PNA shall not routinely consider RCNO as a factor in assessing the needs or best interests of children. In each case, the only consideration shall be the child's individual needs and the ability of the prospective adoptive parent to meet those needs.

Only the most compelling reasons may serve to justify consideration of RCNO as part of a placement decision. Such reasons emerge only in the unique and individual circumstances of each child and each prospective adoptive parent. In those exceptional circumstances when RCNO needs to be taken into account in a placement decision, such consideration shall be narrowly tailored to advance the child's best interests. Even when the facts of a particular case allow consideration related to RCNO, this consideration shall not be the sole determining factor in the placement decision.

A JFS 01689 "Documentation of the Placement Decision-Making Process", (rev. 7/2012) shall be completed at each matching conference where families are considered as potential matches and prior to the placement selection by the custodial agency, pursuant to rule 5101:2-48-16 of the Administrative Code.

Each PCSA, PCPA and PNA involved in the placement of children for adoptive purposes or in the recruitment and completion of adoptive home studies, shall complete the JFS 01668 "MEPA Biennial Comprehensive Self-Assessment Report" (rev. 4/20148/2015).

The following actions by a PCSA, PCPA, or PNA are permitted as it applies to the adoptive placement:

1. Asking about and honoring any initial or subsequent choices made by prospective adoptive parents regarding what RCNO of child(ren) the prospective adoptive parents will accept.
2. Honoring the decision of a child over twelve years of age not to consent to an adoption, unless the court finds that the adoption is in the best interest of the child and the child's consent is not required.
3. Providing information and resources about adopting a child of another RCNO to prospective adoptive parents who request such information and making known to all families that such information and resources are available.
4. Considering the request of a birth parent(s) to place the child with a relative or non-relative identified by name.
5. Considering the RCNO of the child as a possible factor in the placement decision when compelling reasons serve to justify that the RCNO needs to be a factor in the placement decision pursuant to paragraph (J) of this rule. Even when the facts of a particular case allow consideration related to the RCNO, this consideration shall not be the sole determining factor in the placement decision.
(6) Promoting cultural awareness, including awareness of cultural and physical needs that may arise in the care of children of different races, ethnicities, and national origins as part of the training which is required of all applicants who seek to become adoptive parents.

(H) The agency is required to document verbal comments, verbatim, or describing in detail any other indication made by a prospective adoptive parent or prospective adoptive family member living in the household or any other person living in the household reflecting a negative perspective regarding the RCNO of a child for whom the prospective adoptive family have expressed an interest in adopting.

(1) The documentation shall indicate whether those comments were made before or after completion of the cultural diversity training that is required for all adoptive applicants.

(2) The documentation shall be included in the prospective adoptive family's homestudy, update, or in an addendum to the homestudy or update prior to consideration of placement or a matching conference. The matching conference committee shall consider the information to determine if it will impact the placement.

(I) The following actions by a PCSA, PCPA, or PNA are prohibited as it applies to the adoption process:

(1) Using the RCNO of a prospective adoptive parent to differentiate between adoptive placements for a child(ren), unless the procedures in paragraphs (J) to (N) of this rule are followed.

(2) Honoring the request of a birth parent(s) to place a child with a prospective adoptive parent(s) of a specific RCNO unless the birth parent(s) identifies a relative or non-relative by name and that person is found to meet all relevant state child protection standards and the agency determines that the placement is in the best interests of the child.

(3) Requiring a prospective adoptive family to prepare or accept a transracial adoption plan.

(4) Using culture or ethnicity as a proxy for RCNO.

(5) Delaying or denying placement of a child based upon any of the following:
   (a) The geographical location of the neighborhood of the prospective adoptive family if geography is being used as a proxy for the racial or ethnic composition of the neighborhood.
   (b) The demographics of the neighborhood.
   (c) The presence or lack of presence of a significant number of people of a particular RCNO in the neighborhood.

(6) Requiring extra scrutiny, additional training, or greater cultural awareness of individuals who are prospective adoptive parents of children of a different RCNO than required of other prospective adoptive parents.

(7) Relying upon general or stereotypical assumptions about the needs of children of a particular RCNO.

(8) Relying upon general or stereotypical assumptions about the ability of prospective adoptive parents of a particular RCNO to care for or nurture the sense of identity of a child of another RCNO.

(9) Steering prospective adoptive parents away from parenting a child of another RCNO. "Steering" is any activity that attempts to discourage prospective adoptive parents from parenting a child of a particular RCNO.

(J) If a medical or psychological evaluation, school record, or other material documented in the file, including statements made by the child to a caseworker, indicate that there may be compelling reasons to consider needs the child may have regarding RCNO in the placement process, the agency shall determine if the child should be referred for an assessment of whether the child has individual needs involving RCNO.

(K) One of the following licensed professionals shall conduct the assessment regarding RCNO:

(1) A licensed child psychiatrist.
A licensed child psychologist.

A licensed independent social worker.

A licensed professional clinical counselor.

The licensed professional conducting the assessment shall not be employed by the PCSA or PCPA making the referral.

At the time of the referral, the PCSA or PCPA shall initiate and subsequently complete the JFS 01688 "Individualized Child Assessment" (rev. 4/2014) using the following procedures:

1. The caseworker shall complete section I of the JFS 01688 and submit the JFS 01688 and all relevant medical or psychological evaluations, school records, or other material documented in the file to the caseworker's supervisor and the PCSA or PCPA MEPA monitor.

2. If both the supervisor and the MEPA monitor determine that the documented material contained in the case file indicates there may be compelling reasons to consider the needs the child may have regarding RCNO in the placement process, the child shall be referred within ten days of the signature of the caseworker for an individual child assessment as indicated in paragraph (J) of this rule. At the time of the referral, the agency shall forward to the licensed professional the following documents:
   (a) The original JFS 01688.
   (b) All relevant medical or psychological evaluations, and school records.
   (c) All other relevant material documented in the child case file.

3. The PCSA or PCPA shall request in writing that the licensed professional complete and sign section II of the original JFS 01688 and return it within sixty days to the PCSA or PCPA with a copy of the requested assessment attached.

4. The licensed professional shall determine whether the child has needs involving RCNO and any other needs of a psychological or behavior nature and, if so to specify what those needs are and how those needs may impact a potential adoptive placement.

5. A licensed professional shall not complete an assessment pursuant to paragraph (J) of this rule until the PCSA or PCPA has provided the licensed professional with copies of the following:
   (a) The JFS 01607 "MEPA Educational Materials" (rev. 1/2009).
   (b) The JFS 01611 "Non-discrimination Requirements for Foster Care and Adoptive Placements" (rev. 1/2009).
   (c) Rule 5101:2-42-18.1 of the Administrative Code.
   (d) Rule 5101:2-48-13 of the Administrative Code.
   (e) Rule 5101:2-48-16 of the Administrative Code.

6. The licensed professional shall sign the JFS 01608 "Licensed Professional's Statement" (rev. 10/2014) acknowledging receipt of the materials required by paragraph (M)(5) of this rule. A copy of the signed JFS 01608 shall be submitted to the PCSA or PCPA.

7. The PCSA or PCPA shall keep the JFS 01608 and attach a copy to each JFS 01688 the licensed professional completes. The PCSA or PCPA shall submit a copy of the JFS 01608 and JFS 1688, if applicable to ODJFS within ten days after receiving it.

8. Each completed JFS 01688 shall remain in effect for twelve months from the date of the final decision as documented on the JFS 01688.
   (a) If it has been determined that RCNO should be a factor considered in the child's placement, an updated JFS 01688 and assessment shall be completed prior to the twelve month expiration date.
(b) If it has been determined that RCNO should not be a factor considered in the child's placement, an updated JFS 01688 and assessment is not required prior to the twelve month expiration date. In such instance, the PCSA or PCPA may update the JFS 01688 and assessment as deemed necessary.

(9) The following documents shall be presented as part of the placement decision making process at each matching conference in which the child is considered for a match with a prospective adoptive family:
   (a) The JFS 01688, if applicable.
   (b) The JFS 01690 "Documentation of the Pre-Adoptive Staffing and Updates" (rev. 2/2014.)
   (c) All other relevant supporting materials.

(10) Documentation of how RCNO impacted the placement decision shall be documented on the JFS 01689 pursuant to rule 5101:2-48-16 of the Administrative Code.

(11) The PCSA or PCPA shall submit the JFS 01689 to ODJFS within ten days of the matching conference if the PCSA or PCPA determined that RCNO should be a factor considered in the child’s placement.

(N) The PCSA or PCPA shall maintain in the child's case file the completed original JFS 01688 and all medical or psychological evaluations, school records or other material documented in the file.

(O) A PCSA, PCPA, or PNA shall not intimidate, threaten, coerce, or in any way discriminate or retaliate against any person who has filed any complaint orally or in writing, testified, assisted, or participated in any manner in the investigation of any alleged violation of MEPA and/or Title VI, including:
   (1) Any potential or approved adoptive family or foster caregiver.
   (2) Any employee of a PCSA, PCPA, or PNA.
   (3) Any employee of any other agency with responsibilities regarding the care or placement of a child in the temporary custody or permanent custody of the PCSA or PCPA, such as a guardian ad litem (GAL) or court appointed special advocate (CASA) volunteer.

(P) Prohibited retaliatory conduct includes, at a minimum:
   (1) A reduction in the size of an adoption subsidy which a family should receive based on the child's individual needs.

The child's custody changes to a status other than permanent custody.

If the child's adoptive placement disrupts and there is a permanent surrender or if the child is placed in the permanent custody of the PCSA or PCPA, the PCSA or PCPA shall begin the cycle of ninety day matching conferences again with the first one due ninety days from the date of disruption.

A PCSA shall not refuse to provide or arrange for services within its county to another PCSA or a public child serving agency in another state on behalf of a special needs child when such services, if not provided, would cause a delay in the adoptive placement of a special needs child. Services shall include, but are not limited to:

1. Homestudy services.
2. Prefinalization and postfinalization services.
3. Services needed to provide the court with information required for adoption finalization.

The PCSA or PCPA shall not make an adoptive placement if the permanent custody of a child is under appeal through a court of appropriate jurisdiction or awaiting journalization of a court order.

If an applicant knowingly makes a false statement in the application or homestudy process, the custodial agency shall not present that family at the matching conference if the outcome of the agency
review results in a reassessment of the homestudy pursuant to rule 5101:2-33-13 of the Administrative Code.

(LL) If a PCSA intends to place a child for adoption with an adoptive parent who resides in another county, it shall notify the PCSA in the county in which the parent resides of the impending placement. For the purpose of this rule, "Agency" means a public children services agency (PCSA), private child placing agency (PCPA) or private noncustodial agency (PNA) certified by ODJFS that places a child or assists in placing a child for adoption.

Each agency shall have a written policy on the type and extent of postfinalization adoption services that will be provided by the agency.

The agency shall make postfinalization adoption services available upon the request of the birth parent, the adoptive parent or the adoptee. The agency may provide these services either directly or by referral as described in paragraph (D) of this rule.

If the agency does not provide direct postfinalization adoption services, the agency shall:

If an adoptive parent, adoptee or birth parent is unable to access postfinalization adoption services, the PCSA located in the county of residence of the adoptive family, adoptee or birth parent, respectively, is the agency ultimately responsible for the provision of, or referral to, appropriate postfinalization services.

The following definitions apply for the purposes of this rule:

1. "Sharing an adoptive homestudy" means forwarding an approved adoptive homestudy to a public children services agency (PCSAs), private child placing agency (PCPs), or comparable agency in another state for consideration of potential adoption matches, or receiving an approved adoptive homestudy from a PCSA, PCPA, private non-custodial agency (PNA) or comparable agency in another state for the same purpose.

2. "Transferring an adoptive homestudy" means releasing a copy of the approved homestudy and all related materials to another agency. Upon acceptance of the receiving agency and the execution of the JFS 01334 "Recommendation for Transfer of a Foster or Adoptive Home" (rev. 12/2014) the sending agency is relieved of all responsibilities related to the approved adoptive family.

An agency shall not solicit homestudies or transfers from other agencies for the purpose of locating a family of a specific race, color or national origin.

An agency shall only consider approved homestudies forwarded by another agency. A copy of the adoption homestudy shall not be accepted directly from the approved adoptive parent or other individual. An adoptive parent may provide other information to the receiving agency that the parent considers to be relevant. The agency shall not require any additional documentation for the homestudy beyond the requirements of Chapter 5101:2-48 of the Administrative Code.

If the approved adoptive family has signed a release of information the agency shall make the homestudy available to any other agency requesting a copy of the homestudy for sharing or transferring.

1. An agency shall not release or accept a homestudy for sharing or transferring purposes if it has been determined that the homestudy or a supporting document contains a false statement knowingly made by the adoptive parent. The agency shall follow the procedures outlined in rule 5101:2-33-13 of the Administrative Code when the determination has been made that a document was falsified.

2. The agency may charge a reasonable fee for the release of the homestudy and related materials. A public agency may not charge another public agency a fee for the release of the homestudy and related materials.

The agency shall forward a copy of the homestudy and all related materials within fifteen working days of the receipt of the signed release of information and any applicable fee pursuant to paragraph (D) of this rule. If the request is to transfer the homestudy, then the most recent report of the alleged perpetrator search of child abuse and neglect information from the statewide automated child welfare information system (SACWIS) shall also be forwarded to the receiving agency with the homestudy and related materials.

If the agency in receipt of the homestudy determines that the homestudy or a supporting document contains a knowingly false statement, the agency in receipt of the homestudy shall not consider the homestudy in any matching conference or for consideration of a transfer and shall notify the sending agency in writing of the false statement within three days of the determination of the false statement.

If an incomplete homestudy is received from an agency, or supporting documentation is missing from the record, the receiving agency shall notify the sending agency in writing within ten days from the date of receipt of the incomplete homestudy.

1. The written notification shall indicate the information needed in order for the homestudy to be considered complete as required by Chapter 5101:2-48 of the Administrative Code.
The sending agency shall respond within fifteen days from the date of receipt of the written notification from the receiving agency.

Upon receipt of the record, the receiving agency shall assign an assessor to review the information received and conduct an assessment of the transfer request.

In addition to reviewing the recommending agency's records and any information provided by the adoptive parent(s), the assessor shall:

(a) Contact staff from the current recommending agency and the adoptive parent(s) to determine the reasons why the request to transfer is being made at this time.

(b) Make at least one visit to the home and conduct a face-to-face meeting with each adoptive parent and all other household members.

(c) Receive three new personal references for the adoptive parent(s) from persons who are unrelated to the adoptive parent and do not live with the family.

(d) Receive new references from all adult children of the adoptive parent(s). If the adult children are unable or unwilling to provide a reference this shall be assessed during the transfer process and documented in the provider record.

(e) Conduct a new criminal records check for all persons subject to a criminal records check residing in the home. Results shall be obtained, reviewed and approved prior to accepting the transfer request.

(f) Complete a new safety audit of the adoptive home on the JFS 01348 "Safety Audit" (rev. 12/2014) to ensure the home meets all current safety requirements.

If a transfer request is pending within ninety days immediately prior to the expiration date of the two year approval span, the current agency and the receiving agency may determine through mutual agreement which agency will conduct the update of the adoption homestudy.

The assessor shall complete the transfer assessment within sixty days of the date the complete record was received from the current agency. If the transfer cannot be completed in this timeframe, the assessor shall document the reason(s) in the record.

Upon completion of the assessment, the assessor shall make a final decision regarding the transfer and document that decision in the receiving agency's record. Written notice of the decision shall be given to the adoptive parent and the recommending agency within five working days of the date the decision was made. The approval or rejection of a transfer request rests solely with the receiving agency. Nothing in this rule shall be construed to require an agency to accept the transfer of an adoption homestudy from another agency.

If the decision is to deny the transfer request, all information contained in the copy of the record from the current recommending agency as well as any information gathered during the transfer assessment, including the written notice to deny the request, shall be maintained by the agency for at least two years.

If the decision is to approve the transfer request, the JFS 01334 shall be completed and signed by both the sending and receiving agencies, and all information gathered during the assessment process shall be incorporated into the receiving agency's adoptive provider record.

If the sending agency has the appropriate access to SACWIS, the sending agency shall enter the applicable data into the system to complete the transfer to the receiving agency.

If the sending agency does not have the appropriate access to SACWIS, then either the sending agency or the receiving agency shall submit the completed JFS 01334 to ODJFS to complete the transfer process.

Homestudies received from other agencies shall be regularly considered for potential adoption matches pursuant to rule 5101:2-48-16 of the Administrative Code, and shall be maintained according to the agency's policy.
The assessor shall inform birth parents who enter into a voluntary surrender agreement that:

(A) Birth parents will be required to complete the JFS 01693, "Ohio Law and Adoption Materials" (rev. 5/2009) which will indicate their decision regarding the release of identifying information to the adopted person or adoptive parent. The JFS 01693 shall not be signed fewer than at least seventy-two hours prior to the date time they will execute the consent to the adoption is executed.

(B) The assessor shall inform the adoptive parent(s) that when:

1. The adopted person is under eighteen years of age, the adoptive parent can submit a request to ODH to request a copy of the contents of the adoption files which may include identifying information about the birth parents.

2. The adopted person is eighteen years of age or older, the adopted person can submit a request to ODH to request a copy of the contents of the adoption files which may include identifying information about the birth parents.

3. The adopted person is eighteen years of age or older, the adopted person can submit a request to ODH authorizing ODH to assist the adopted person's birth parents or birth siblings in finding the adopted person's name by adoption. The adopted person may alter this decision at any time or for as many times as the adopted person wants by submitting a request to ODH.

(C) The public children services agency (PCSA) or private child placing agency (PCPA) shall provide the birth parent with the address for ODH to obtain instructions regarding the filing of authorizations.

(D) Upon written request, the PCSA or PCPA shall provide the following nonidentifying information to the adopted person age eighteen or older, an adoptive parent of an adopted person under age eighteen or an adoptive family member relative of a deceased adopted person:

1. A birth parents' age at the time the birth parents' child was adopted.

Transfer of jurisdiction can be requested by either the parent or the tribe. A tribe may intervene at any point in an Indian child custody proceeding.

"Upon demand" means that the parent or Indian custodian can regain custody simply upon verbal request, without any formalities or contingencies.

"Voluntary proceeding" means a child custody proceeding that is not an involuntary proceeding, such as a proceeding for foster care, preadoptive, or adoptive placement that either parent, both parents, or the Indian custodian has, of his or her or their free will, without a threat of removal by a state agency, consented to for the Indian child, or a proceeding for voluntary termination of parental rights.

(b) An emergency proceeding.

(C) When determining whether the requirements of ICWA apply to a proceeding identified in paragraph (B) of this rule, the agency shall not consider factors such as the participation of the parents or the Indian child in tribal cultural, social, religious, or political activities, the relationship between the Indian child and his or her parents, whether the parent ever had custody of the child, or the Indian child's blood quantum.

(D) If the requirements of ICWA apply at the commencement of a proceeding, they do not cease to apply simply because the child reaches eighteen years of age during the pendency of the proceeding.

(E) ICWA requirements do not apply to:

(2) A proceeding regarding a criminal act that is not a status offense;

(3) An award of custody of the Indian child to one of the parents including, but not limited to, an award in a divorce proceeding; or

(1) Any individual or agency relevant to the case informs the agency that the child is an Indian child or has discovered information indicating that the child is an Indian child;

(2) The child gives the agency reason to know he or she is an Indian child;

(3) The agency is informed that the domicile or residence of the child, the child’s parent, or the child’s Indian custodian is on a reservation or in an Alaska native village;

(J) If a child meets the definition of "Indian child" through more than one tribe because the child is a member in more than one tribe or the child is not a member of but is eligible for membership in more than one tribe, the court must provide the opportunity in any involuntary child custody proceeding for the tribes to determine which should be designated as the Indian child's tribe.

A public children services agency (PCSA) or private child placing agency (PCPA) may accept a voluntary placement agreement for temporary custody of an Indian child from a parent, guardian or Indian custodian for the purpose of placing the child in substitute care only if the agreement is executed upon an JFS 01645 "Agreement for Temporary Custody of Child" (rev. 4/2006) and is recorded before a juvenile court, or a tribal court, if jurisdiction has been transferred there.

1. Be executed upon a completed JFS 01645 "Agreement for Temporary Custody of Child" (rev. 4/2006);
2. Be recorded before a juvenile court, or a tribal court, if jurisdiction has been transferred there; and
3. Include the tribal enrollment number for the parent and for the Indian child, when known, or some other indication of the child’s membership in the tribe; the name and address of the person or entity who arranged the placement; the name and address of the prospective foster parents, if known at the time; and any conditions to the agreement.

Where confidentiality is requested or indicated, execution of the agreement shall be made before a court of competent jurisdiction, but is not required to be made in a session of court open to the public.

The agency shall submit a notification of the voluntary placement agreement to the tribe’s designated agent or tribal court pursuant to rule 5101:2-53-03 of the Administrative Code. The tribe retains the right to participate as an interested party or to intervene at any point, even if the tribe has declined to be involved.

An agency shall abide by the agreement for temporary custody requirements set forth in rules 5101:2-42-06, 5101:2-42-07 and 5101:2-42-08 of the Administrative Code, and shall document in the child’s case record that:

2. The terms and consequences of the agreement for temporary custody were fully explained in detail prior to the agency accepting the agreement. If the agency has reason to believe that the parent or Indian custodian will not understand the agreement for temporary custody because of possible limited English proficiency, a copy of the agreement shall be sent to the bureau of Indian affairs (BIA) area office nearest to the residence of that person, and a request made of BIA to arrange for translation in the language that the parent or Indian custodian best understands for assistance in locating and obtaining the name of a qualified translator or interpreter.    (b) The child needs to be placed outside the home due to problems in the family that could compromise the safety of a family member, and a placement of limited duration with assistance from the agency providing intensive services that are likely to reunite the family and reduce the safety concerns is needed.
The parent or legal guardian or Indian custodian is immediately and temporarily unable to fulfill his or her parental responsibilities and this inability will be alleviated with short-term placement.

Any parent or Indian custodian may withdraw consent to a foster care placement request the termination of the voluntary agreement under law for any reason at any time, orally or by written notification and, upon such withdrawal request, the child shall be returned to the parent or Indian custodian as soon as practicable.

If a parent or Indian custodian requests the termination of the voluntary agreement and the agency has reason to believe the child will be unsafe if returned home to the parent or Indian custodian, the agency shall submit a request to the juvenile court requesting temporary or permanent custody.

If anything in this rule conflicts with the requirements in Chapter 5101:2-42 of the Administrative Code, the agency shall follow the requirements outlined in this rule, or whichever rule favors the tribe.

A public children services agency (PCSA) can take emergency protective custody of any Indian child pursuant to paragraph (C) of rule 5101:2-39-01 of the Administrative Code regardless of the jurisdictional status of his or her tribe as long as the child is in danger of imminent physical damage or harm.

When emergency removal of a child from his or her own home is necessary, the PCSA shall consider the child's racial or ethnic background to determine whether the child may be an Indian child. In such cases where the circumstances during the removal are not favorable to identify or inquire if a child is an Indian child, upon the agency's initial contact the case worker shall take the required steps to determine the Indian status of eligibility and membership. The agency shall act in accordance with the requirements set forth in paragraph (C)(B) of rule 5101:2-53-03 of the Administrative Code.

Any emergency removal or placement of an Indian child shall terminate immediately when the removal or placement is no longer necessary to prevent imminent physical damage or harm to the child.

A petition for a court order authorizing the emergency removal or continued emergency placement should contain a statement of the risk of imminent physical damage or harm to the Indian child and any evidence that the emergency removal or placement continues to be necessary to prevent such imminent physical damage or harm to the child. The petition or its accompanying documents should also contain the following information:

10. A statement of the efforts that have been taken to assist the parents or Indian custodians so the Indian child may safely be returned to their custody.

An emergency proceeding regarding an Indian child should not be continued for more than thirty days unless the court makes the following determinations:

1. Restoring the child to the parent or Indian custodian would subject the child to imminent physical damage or harm;
(2) The court has been unable to transfer the proceeding to the jurisdiction of the appropriate Indian tribe; and

(3) It has not been possible to initiate a child custody proceeding.

(C)(F) Prior to an involuntary custody court proceeding, the PCSA or private child placing agency (PCPA) shall provide the court with information which either proves or suggests a child is a member of an Indian tribe and is eligible to be within the jurisdiction of a tribal court pursuant to rule 5101:2-53-03 of the Administrative Code.

(D)(G) In any involuntary proceeding where the agency knows or has reason to know that the child subject to the proceeding is an Indian child, the agency shall notify the parents or Indian custodian and the Indian child’s tribe or tribal court, region director at the bureau of Indian affairs (BIA), and the U.S. secretary of the interior of all juvenile court proceedings involving foster care placement, termination of parental rights, pre-adoptive or adoptive placement. (6) A statement of the right of the parent or Indian custodian and the Indian child's tribe that no temporary or permanent court commitment proceeding shall be held until at least ten days after the parent or Indian custodian and the Indian child's tribe have received notice of the agency’s intention to commence such an involuntary court action. This statement shall also include the provision that, upon request, the parent or Indian custodian or the Indian child’s tribe shall be granted up to twenty additional days to prepare for the proceedings.

(7) The location, mailing address, and telephone number of the juvenile court.

(8) A statement of the right of the parent or Indian custodian or the Indian child’s tribe to petition the juvenile court to transfer the proceeding to the Indian child’s tribal court.

(9) A statement of the potential legal consequences of an adjudication on future custodial rights of the parents or Indian custodians.

(10) A statement regarding the confidential nature of child custody proceedings.

(H) No foster care placement or termination of parental rights proceeding may be held until at least ten days after receipt of the notice by the parent or Indian custodian and by the tribe or the director of the BIA regional office in Minneapolis. The parent, Indian custodian, and tribe each have a right, upon request, to be granted up to twenty additional days from the date upon which notice was received to prepare for participation in the proceeding.

(I) Except as provided in paragraph (A) of this rule, no foster-care or termination of parental rights proceeding may be held until the waiting periods to which the parents or Indian custodians and to which the Indian child’s tribe are entitled have expired in accordance with the following:

(1) Ten days after each parent or Indian custodian, or the director of the BIA regional office in Minneapolis where the parent or Indian custodian is unknown, has received notice of that particular child custody proceeding in accordance with rule 5101:2-53-04 of the Administrative Code.
Ten days after the Indian child's tribe, or the director of the BIA regional office in Minneapolis if the Indian child's tribe is unknown, has received notice of that particular child custody proceeding in accordance with rule 5101:2-53-04 of the Administrative Code.

Up to thirty days after the parent or Indian custodian has received notice of that particular child custody proceeding in accordance with rule 5101:2-53-04 of the Administrative Code, if the parent or Indian custodian has requested up to twenty additional days to prepare for the proceeding.

Up to thirty days after the Indian child's tribe has received notice of that particular child custody proceeding in accordance with rule 5101:2-53-04 of the Administrative Code, if the Indian child's tribe has requested up to twenty additional days to prepare for the proceeding.

Additional time beyond the minimum required by this rule may also be available pursuant to extensions granted by the court.

If there is reason to believe that the parent or Indian custodian will not understand the notice because of possible limited English proficiency, a copy of the notice shall be sent by the agency to the BIA area office nearest to the residence of that person, and a request made of BIA to arrange for translation in the language that the parent or Indian custodian best understands. The PCSA or PCPA shall document the request for translation in the file.

The agency shall notify the tribe's designated agent or tribal court affecting their tribal member even if the tribe has declined to be involved. The tribe retains the right to participate as an interested party or to intervene at any point in the proceeding.

If the identity or location of the parent or Indian custodian and the tribe cannot be identified, the agency shall send the same type of notification identified in paragraph (D) of this rule in the same manner to the region director at BIA and U.S. secretary of the interior, who shall have fifteen days after receipt to notify the parents or Indian custodian and the tribe.

If the agency recommends foster placement, an affidavit documenting active efforts shall be submitted to the court containing all of the following information:

1. A description of active efforts to coordinate with the child's tribe or any Indian organization in assisting the Indian parent or Indian custodian with services needed to prevent the need for placement, and an explanation of why these services were unsuccessful in maintaining the child in the home.

2. An explanation of why the child cannot be protected from serious emotional or physical harm if the child remains in the home even if services are provided to the child and family.

3. An explanation of the diligent efforts made to contact the child's extended family about providing a placement for the child or, if any members are not known, diligent efforts made to contact the child’s tribe and other local Indian organizations for assistance in identifying and contacting extended family, other tribal members, or Indian families for placement.

4. Clear and convincing evidence, including testimony of one or more qualified expert witnesses, demonstrating that the child's continued custody by the child's parent or Indian custodian is likely to result in serious emotional or physical damage to the child. The evidence must show a causal relationship between the particular conditions in the home and the likelihood that continued custody of the child will result in serious emotional or physical damage to the particular child who is the subject of the child custody proceeding. Without such a causal relationship, evidence that shows only the existence of community or family poverty, isolation, single parenthood, custodian age, crowded or inadequate housing, substance abuse, or nonconforming social behavior does not by itself constitute clear and convincing evidence.

The agency shall submit a report that contains the following information at the review hearing:

1. A description of active efforts to reunify the family since the last disposition or review hearing and if those efforts were not successful, an explanation regarding why.
That efforts were made by the agency to arrange for the child's visitation with extended family, or with other tribal members, to ensure the child's ongoing participation in his or her culture.

A statement of family changes needed to correct the problems necessitating intervention, with timetables for accomplishing them.

A description of services to be provided to assist the family, specifically identifying those made available with assistance from the tribe or an Indian organization.

A description of services to be provided to ensure the child's ongoing connection to his or her culture while placed outside of his/her family, including attendance at significant cultural events.

A description of actions to be taken by the parents or Indian custodian to correct the identified problems, and of the parents' compliance with the case plan thus far.

A statement that active efforts have been made to provide services to rehabilitate or prevent the breakup of the Indian family and that these efforts were not successful.

If the agency petitions the court for termination of parental rights, the agency shall include the following information in the petition:

Evidence beyond a reasonable doubt, including testimony of one or more qualified expert witnesses, demonstrating that the child's continued custody by the child's parent or Indian custodian is likely to result in serious emotional or physical damage to the child. The evidence must show a causal relationship between the particular conditions in the home and the likelihood that continued custody of the child will result in serious emotional or physical damage to the particular child who is the subject of the child custody proceeding. Without such a causal relationship, evidence that shows only the existence of community or family poverty, isolation, single parenthood, custodian age, crowded or inadequate housing, substance abuse, or nonconforming social behavior does not by itself constitute clear and convincing evidence.

The description of circumstances supporting the grounds for termination.

A description of the active efforts made to provide remedial services and rehabilitative programs as coordinated efforts to prevent the breakup of the family and why these efforts were unsuccessful.

A description of the active efforts made to assist the Indian parent or custodian with services needed to avoid termination of parental rights and an explanation of why these efforts were unsuccessful.

An explanation of why the child cannot be protected from the identified problems in the home.

A summary of the tribe's position regarding the permanency plan, including any attachments or supporting documents sent by the tribe to the agency.

An explanation of the efforts completed pursuant to rule 5101:2-53-08 of the Administrative Code.

A description of arrangements made by the agency to ensure visitation and all efforts made to maintain the child's cultural connections.

A permanency plan for the child.

Each party to an emergency proceeding or a foster care placement or termination of parental rights proceeding under state law involving an Indian child has a right to timely examine all reports and other documents filed or lodged with the court upon which any decision with respect to such action may be based.

Upon the agency's determination that there are compelling reasons not to pursue termination of parental rights or reunification for children ages sixteen or older, the agency shall petition the court for a planned permanent living arrangement disposition in accordance with rule 5101:2-42-68 of the Administrative Code. The planned permanent living arrangement petition shall include the following:
(1) Documented facts and circumstances refuting the grounds for termination of parental rights. The agency has to show that although the child cannot be returned home, termination of parental rights is not in the child's best interest.

(2) A description of why the planned permanent living arrangement is in the child's best interest.

(3) A description of the active efforts made to provide remedial services and rehabilitative programs as coordinated efforts to prevent the breakup of the family and why these efforts were unsuccessful.

(4) An explanation of the active efforts made to contact the child's tribe, extended family, and other local Indian organizations for assistance in identifying a culturally appropriate placement for the child.

(5) An explanation of why the child cannot be moved to a placement that meets the preferences established in accordance with rule 5101:2-53-08 of the Administrative Code if the child is not placed with the tribal placement preference.

(6) A description of arrangements made by the agency to ensure visitation with extended family, or, if there is no extended family, with other tribal members, to support the child's cultural connections.

(7) A summary of the tribe's position regarding the permanency plan, including any attachments or supporting documents sent by the tribe to the agency.

(8) A plan to ensure the stability of the planned permanent living arrangement.

(9) Documentation that the requirements in paragraph (D)(3) of rule 5101:2-42-68 of the Administrative Code have been met.

(P) If, in the course of any child custody proceeding, any party asserts or the court has reason to believe that the Indian child may have been improperly removed from the custody of his or her parent or Indian custodian, the court will expeditiously determine whether there was improper removal. If the court finds that the Indian child was improperly removed, the court will terminate the proceeding and the child shall be returned immediately to his or her parent or Indian custodian, unless returning the child to his or her parent or Indian custodian would subject the child to substantial and immediate danger or threat of such danger.

(Q) Any of the following may petition the court to invalidate an action for foster care placement or termination of parental rights under state law where it is alleged that 25 U.S.C. 1911 (1978), 25 U.S.C. 1912 (1978), or 25 U.S.C. 1913 (1978) has been violated:

(1) An Indian child who is or was the subject of any action for foster care placement or termination of parental rights;

(2) A parent or Indian custodian from whose custody such child was removed; and

(3) The Indian child's tribe.

(R) Upon a showing that an action for foster-care placement or termination of parental rights violated any provision of 25 U.S.C. 1911, 25 U.S.C. 1912, or 25 U.S.C. 1913, the court will determine whether it is appropriate to invalidate the action.

(S) To petition for invalidation of an action for foster-care placement or termination of parental rights, there is no requirement that the petitioner's rights under the Indian Child Welfare Act (ICWA) (1978) were violated; rather, a petitioner may challenge the action based on any violations of 25 U.S.C. 1911, 25 U.S.C. 1912, or 25 U.S.C. 1913 during the course of the child custody proceeding.

Effective Date: February 1, 2018

Most Current Prior Effective Date: April 20, 2008 (No Change)

(A) A public children services agency (PCSA) or private child placing agency (PCPA) may accept a permanent surrender of an Indian child by a parent or Indian custodian, only if the surrender is executed on a JFS 01666 "Permanent Surrender of Child" (rev. 6/2006)(rev. 10/2013) and is recorded before a juvenile court, or a tribal court if jurisdiction has been transferred there.

(B) The agency shall act in accordance with the permanent surrender requirements set forth in rules 5101:2-42-09 and 5101:2-42-95 of the Administrative Code with the exception that a permanent surrender for an Indian child cannot be executed until at least ten days after his or her birth.

(C) The agency shall provide notification of all juvenile court proceedings affecting their tribal member to the tribe’s designated agent or tribal court by the agency of every proceeding affecting their tribal member, even if the tribe has declined to be involved. The tribe still retains the right to participate as an interested party or to intervene at any point in the proceedings.

(D) The agency shall recognize and adhere to the following rights of parents of Indian children relative to the withdrawal of permanent surrender or parental consent to adoptive placements:

1. A permanent surrender action or consent to adoption may be withdrawn at any time for any reason prior to the issuance of a final decree of adoption. Upon such withdrawal, the Indian child is to be returned to his or her parent or Indian guardian.

2. A parent or Indian custodian may withdraw a permanent surrender or consent to adoption for any reason, at any time prior to the entry of the final decree of adoption. To withdraw the permanent surrender or consent, the parent or Indian custodian must file a written document with the court or otherwise testify before the court. Upon such withdrawal, the Indian child shall be returned to his or her parent or Indian custodian as soon as practicable.

3. Within two years after the entry of a final decree of adoption, the parent or Indian custodian may withdraw consent to adoption if the parent or Indian custodian can prove parental consent was obtained through fraud or duress. Upon court order to vacate the final decree of adoption, the Indian child is to be returned to the parent or Indian custodian.

(E) If the agency has reason to believe that the parent or Indian custodian will not understand the permanent surrender because of possible limited English proficiency, a copy of the JFS 01666 form shall be sent to the bureau of Indian affairs (BIA) area office nearest to the residence of that person, and a request is made of BIA to arrange for translation in the language that the parent or Indian custodian best understands.

(F) Upon application by an Indian who has reached age eighteen who was the subject of an adoptive placement, the agency that facilitated the adoption shall inform the individual of the tribal affiliations, if any, of the individuals' biological parents and provide such other information necessary to protect any rights, which may include tribal membership, resulting from the individual's tribal relationship.

In any adoptive placement of an Indian child, where the Indian child's tribe has not established a different order of preference pursuant to paragraph (F) of this rule, a placement preference shall be given in the following order, to the following, to placement of the child with:

In any substitute, pre-adoptive, or adoptive placement, where appropriate, the agency shall also consider the preference of the Indian child or the Indian child's parent.

If the agency believes that there is good cause not to abide by the order of placement preference, then its findings shall be based on one or more of the following considerations:
(1) The request of the one or both of the biological Indian child's parents or, when age-appropriate, by the Indian child, upon their review of the placement options;

(2) The request of the child, if the child is of sufficient age and capacity to understand the decision that is being made;

(3) The presence of a sibling attachment that can be maintained only through a particular placement;

(2)(4) The extraordinary physical, mental, or emotional needs of the Indian child, such as specialized treatment services that may be unavailable in the community where families who meet the placement preferences live, as determined by a qualified expert witness;

(3)(5) The unavailability of preferred families, a suitable placement after a determination by the court that a diligent search for such families has been conducted.

(G)(I) The burden of establishing the existence of good cause not to follow the order of placement preference is the responsibility of the agency, if the agency's decision is that the placement preference not be followed.

(J) A placement of an Indian child shall not depart from the preferences based on:

(1) The socioeconomic status of any placement relative to another placement; or

(2) Ordinary bonding or attachment that flowed from time spent in a non-preferred placement that was made in violation of the Indian Child Welfare Act (ICWA) (1978).

(H) Whenever an Indian child is placed by or leaves the custody of an agency, the agency shall complete a JFS 01646 "Report of Indian Child Placement" (rev. 11/2007). The JFS 01646 shall be submitted to ODJFS or documented in the statewide automated child welfare information system (SACWIS) within fourteen calendar days of the child's placement or termination from custody.

(I)(K) The Indian child's case record shall contain the complete record of placement determination. Either parent, the Indian custodian, or the Indian child's tribe may request, at any time, orally on the record or in writing, that the court transfer a foster care or termination of parental rights proceeding to the jurisdiction of the child's tribe. The right to request a transfer is available at any stage in each foster care or termination of parental rights proceeding.

Upon receipt of a transfer petition, the court must promptly notify the tribal court in writing of the transfer petition and may request a timely response regarding whether the tribal court wishes to decline the transfer. The court must transfer the child custody proceeding unless it determines that transfer is not appropriate because one or more of the following criteria are met:

1. Either parent objects to the transfer;
2. The tribal court declines the transfer; or
3. Good cause exists for denying the transfer.

If the public children services agency (PCSA) or private child placing agency (PCPA) asserts that good cause exists for the court to deny transfer, the agency shall state the reasons orally on the record or provide them in writing on the record and to the parties to the child custody proceeding. In determining whether good cause to deny transfer exists, the court must not consider:

1. Whether the foster care or termination of parental rights proceeding is at an advanced stage if the Indian child's parent, Indian custodian, or tribe did not receive notice of the child custody proceeding until an advanced stage;
2. Whether there have been prior proceedings involving the child for which no petition to transfer was filed;
3. Whether transfer could affect the placement of the child;
4. The Indian child's cultural connections with the tribe or its reservation; or
5. Socioeconomic conditions or any negative perception of tribal or bureau of Indian affairs (BIA) social services or judicial systems.

If the tribal court accepts the transfer, the state court will expeditiously provide the tribal court with all records related to the proceeding. The agency shall work with the state court and the tribal court to ensure that the transfer of the custody of the Indian child and of the proceeding is accomplished smoothly and in a way that minimizes the disruption of services to the family.

An Indian tribe may request transfer of jurisdiction from a county court to a tribal court at any point throughout the life of the case. In order to ensure a Title IV-E eligible child remains eligible when transferring jurisdiction to a tribal court, the tribe must be a tribal Title IV-E agency or enter into a Title IV-E agreement with the public children services agency (PCSA). The tribe may request:

1. Transfer of jurisdiction to a tribal court. If the jurisdiction is transferred to the tribal court, the tribe assumes transfer of placement and care responsibility.
2. Transfer of placement and care responsibility to a tribe. The tribe may assume placement and care responsibility of an Indian child, while the jurisdiction remains with the county court.

Upon a tribe's request for the transfer of jurisdiction or the transfer of placement and care responsibility to the tribe, the PCSA shall consult, collaborate, and coordinate with the tribe to establish a Title IV-E agreement and procedures to ensure the transfer of jurisdiction is in compliance with federal regulations as outlined in 45 C.F.R. 1356.67 (2012).

The PCSA that has placement and care responsibilities for the child shall:
(1) Determine foster care maintenance eligibility at the time of transfer, if an eligibility determination is not already completed.

(2) Provide a copy of the Title IV-E determination and supporting documentation to the tribe to support the Title IV-E determination. This documentation includes:

   (a) All judicial determinations to the effect that continuation in the home from which the child was removed would be contrary to the welfare of the child in accordance with rule 5101:2-47-13 of the Administrative Code;

   (b) Reasonable efforts that have been made to prevent the removal in accordance with rule 5101:2-47-22 of the Administrative Code;

   (c) Documentation of how the child met the relatedness to the aid to dependent children (ADC) program authorized under Title IV-A of the Social Security Act as of July 16, 1996 in accordance with rule 5101:2-47-14 of the Administrative Code.

(D)(H) In order to facilitate consistency in the structure of the file transfer and for purposes of the continuity of eligibility and services to the child, the PCSA shall ensure the records are organized and include the following:

   (1) A file stamped copy of all judicial orders and court reports for the foster care episode, especially those orders that include judicial determinations supporting continued Title IV-E eligibility.

   (2) A copy of the child's placement history for the foster care episode, which shall include:

      (a) A copy of the initial complaint;

      (b) A copy of the caregiver's license or approval for the child's most recent placement, including background check documentation verifying clearances for all adults in the caregiver's household; and

      (c) If a child is currently placed out-of-state by the PCSA pursuant to the Interstate Compact on the Placement of Children (ICPC), the approved JFS 01661 "Interstate Compact Placement Request (ICPC 100A)" (rev. 6/2009)(rev. 7/2016) and JFS 01662 "Interstate Compact Report on Child's Placement Status (ICPC 100B)" (rev. 6/2009)(rev. 7/2016), or equivalent forms, including copies of reports by the supervising agency.

   (3) Journalized copies of all case plans including case plan goals for the foster care episode and documentation of services provided to the child and family.

   (4) A current copy of the child's health and education forms.

   (5) Other federal benefit documentation including information about the child's eligibility for medicaid, child support, social security, supplemental security income (SSI), or other benefits, which are known to the PCSA and/or are in pending status.

(E)(I) When a child is placed under the ICPC, upon receipt of the petition to transfer, the PCSA shall notify the receiving state that the jurisdiction over the child may be transferred to a Title IV-E tribe or tribal agency. PCSAs are encouraged to initiate and foster communication between the tribe or tribal agency and the receiving state in order to avoid disruption of the placement and/or federal eligibility for foster care maintenance payments to the child's caregivers.

1. Any information required by rule 5101:2-5-02 of the Administrative Code.
2. An audit if one is required.
3. The first time a private child placing agency (PCPA) or private noncustodial agency (PNA) seeks recertification, it shall submit to the Ohio department of job and family services (ODJFS) with its application:
   a. A copy of an independent financial statement audit performed by a licensed public accounting firm following applicable American Institute of Certified Public Accountants (AICPA) auditing standards for the most recent fiscal year.
   b. The independent audit shall demonstrate the agency operated in a fiscally accountable manner as determined by ODJFS.
4. After the first recertification, when a PCPA or PNA seeks recertification, it shall submit to ODJFS with its application, as a condition of recertification:
   a. A copy of an independent financial statement audit performed by a licensed public accounting firm following applicable AICPA auditing standards for the two most recent previous fiscal years it is possible for an independent audit to have been conducted.
   b. The independent audit shall demonstrate the agency operated in a fiscally accountable manner as determined by ODJFS.
5. All audits required by this rule shall be conducted in accordance with AICPA auditing standards. As used in this rule, "AICPA auditing standards" has the same definition as in division (A) of section 5103.0323 of the Revised Code.

If fiscal accountability cannot be readily determined for a PCPA or PNA, the agency may be issued a temporary certificate and be placed on fiscal watch during that period. During a fiscal watch period, the agency may be expected to submit, but is not limited to, the following:

1. An explanation of any internal or external factors that may be affecting the provider's financial status and any action plan as to how provider intends to address such factors.
2. A corrective action plan to address any significant audit issues noted in the financial audit.

5. Monthly financial statements.
6. Monthly bank statements or similar information.
7. Placement records and related financial activity records.

ODJFS will recommend work closely with the agency during the fiscal watch period to monitor financial activity to help ensure the agency can remain fiscally viable and financial resources are sufficient for providing the necessary level of care for the well-being of children placed with the agency. At any point up to and including the end of the fiscal watch period, ODJFS will recommend the agency:
(1) Be removed from the temporary certificate and reinstated to a full certificate.

(2) Be placed on a second fiscal watch period and the fiscal watch process will be repeated. The agency will also be issued a second temporary certificate.

(E) An agency seeking recertification shall electronically submit all information and documentation required for recertification to the appropriate ODJFS field office not less than one hundred twenty days prior to the date of expiration of its current certificate. Failure of an agency to submit an application for recertification within the timeframes required by this rule may cause a lapse in certification or a delay in issuance of a certificate.

(F) When an application for recertification is received and found to be incomplete or incorrectly completed, the recertification application shall be returned to the applicant for completion and resubmission to ODJFS. A recertification application shall not be considered to have been submitted until it is received by the appropriate ODJFS field office in complete and correct form.

(G) An agency shall submit a list of all records, as requested by ODJFS, from which a sample will be selected for review during the site inspection.

(H) An agency shall return the list of records requested by ODJFS, pursuant to paragraph (G) of this rule, within fourteen calendar days of receipt of the ODJFS request. Failure of an agency to submit the list of records as requested shall not cause the start of the recertification review to be delayed but may cause a lapse in certification or a delay in issuance of a certificate.

(I) If an agency's list of records as requested by ODJFS, pursuant to paragraph (G) of this rule, is received by ODJFS within the timeframe specified in paragraph (H) of this rule, ODJFS may select a random sample of records from the list to be reviewed during the site inspection and shall provide the identity of these records to the agency two weeks prior to the scheduled site inspection.

(J) If an agency's list of records is not received by ODJFS within the timeframes specified in paragraph (H) of this rule, ODJFS may elect to do a random selection of records at the time of the site inspection with no prior notice to the agency of the identity of the records to be reviewed.

If the agency does not have the ability to complete the search in SACWIS, the agency shall request a search of the system from ODJFS for each foster caregiver and each adult household member.

A report with the results of the search shall be placed in the foster home record.

This report is to be used to determine the continued suitability of the foster family.

The agency shall conduct a safety audit utilizing the JFS 01348 "Safety Audit" (rev. 12/2014) completed within six months prior to recommending a foster home for recertification, documenting that the residence continues to meet all safety standards. (A) No child placed in a family foster home on or before March 31, 2005 shall be moved to another placement solely because of the failure of the foster caregiver to meet the requirements for treatment or medically fragile foster homes found in this chapter or in Chapter 5101:2-7 of the Administrative Code.

(B) An agency shall recommend a foster caregiver be certified to operate only one type of foster home at a time. A foster home may accept a foster child that is assessed as needing care at or below the level of care for which the home is certified.

(C) Whenever a foster caregiver who is certified to operate a foster home wishes to seek to change the foster home's certification to another type of certification, the foster caregiver shall submit a written request to the recommending agency.

(D) If a foster caregiver seeks to change the foster home's certification to a treatment foster home or a medically fragile foster home, the agency shall determine if the foster caregiver meets the qualifying experience requirements contained in paragraph (A) of rule 5101:2-7-16 or 5101:2-7-17 of the Administrative Code. If the foster caregiver meets those requirements, the agency shall proceed as in paragraph (E) of this rule. If the foster caregiver does not meet those requirements, the agency shall not proceed with the foster caregiver's request. Failure of a foster caregiver to prove to the recommending agency's satisfaction that the foster caregiver meets the qualifying experience requirements of paragraph (A) of rule 5101:2-7-16 or 5101:2-7-17 of the Administrative Code does not constitute denial of certification and is not subject to appeal pursuant to Chapter 119. of the Revised Code.

(1) If the foster caregiver meets those requirements, the agency shall proceed as in paragraph (E) of this rule.

(2) If the foster caregiver does not meet those requirements, the agency shall not proceed with the foster caregiver's request.

(3) Failure of a foster caregiver to prove to the recommending agency's satisfaction that the foster caregiver meets the qualifying experience requirements of paragraph (A) of rule 5101:2-7-16 or 5101:2-7-17 of the Administrative Code does not constitute denial of certification and is not subject to appeal pursuant to Chapter 119. of the Revised Code.

(E) Changing from one type of foster home to another.

(1) The agency shall ensure that all the preplacement training requirements of a foster caregiver contained in rule 5101:2-5-33 of the Administrative Code have been completed prior to recommending the home to the Ohio department of job and family services (ODJFS) for another type of certification.

(2) Pursuant to sections 5103.032, 5103.033 and 5103.039 of the Revised Code, a recommending agency shall not approve a waiver of any preplacement training requirements for the first certification of the new type of foster home.

(3) Notwithstanding paragraphs (E)(1) and (E)(2) of this rule, pursuant to Section (3) of Substitute House Bill 332 as enacted by the 123rd Ohio General Assembly, a foster caregiver holding a valid family foster home certificate on January 1, 2001 shall not be required to meet the additional preplacement training requirements of paragraphs (C)(3) and (C)(7) of rule 5101:2-5-33 of the Administrative Code.

(4) Training that may be considered as meeting either a requirement for preplacement training for a specialized foster caregiver or a requirement for continuing training for a family foster caregiver,
may be counted as meeting either requirement, even though the caregiver may be certified to operate only one type of foster home at a time.

(5)(4) At the discretion of the recommending agency, for a currently certified foster caregiver who is seeking to change the type of foster home for which the caregiver is certified, preplacement or continuing training courses successfully completed within the most recent three year period from the date of the caregiver's written request to the agency to be certified as a different type of foster home, may be counted towards meeting the preplacement requirements for the new type of foster home.

(6)(5) When the change in type of foster home certification takes place during a foster caregiver's certification period, if the foster home's certification designation is changing from a certification designation that has more stringent requirements to a certification designation that has less stringent requirements, the new certification period for the foster home shall be until the end of the caregiver's current certification period.

(7)(6) If the foster home's certification designation is recommended to change from a certification category that has less stringent requirements to a certification category that has more stringent requirements, the new certification period will be for two years, effective from the date ODJFS receives the JFS 01317 "Recommendation for Certification/Recertification of a Foster Home" (rev. 1/2003) recommending the change.

(8)(7) When the agency recommends that a foster caregiver's certification be changed to another type of foster home, the recommendation shall be submitted as a change to ODJFS on the JFS 01317. The ODJFS uniform statewide automated child welfare database resource identification number shall remain the same as the previous identification number.

(5) A foster caregiver or applicant refuses to admit into the residence any person performing duties required by Chapter 5101:2-5, 5101:2-7 or 5101:2-36 of the Administrative Code or any laws of the state or any subdivision therein.

(6) A foster caregiver or applicant fails or refuses to comply with agency instructions regarding care of a foster child an agency has placed within the home.

(7) A foster caregiver or applicant interferes or acts in conflict with an agency plan for a foster child’s care.

(8) Any resident of a foster caregiver or applicant's home, other than the foster children who are placed there, is found guilty of any crime perpetrated against a child.
A foster caregiver or applicant, any adult resident of a foster home, or any minor resident of a foster home at least twelve years of age, but less than eighteen years of age other than a foster child who is placed there, residing with the foster caregiver has been convicted of, pleaded guilty to, or been adjudicated delinquent for commission of any offense listed in paragraph (J) of rule 5101:2-7-02 of the Administrative Code.

A foster caregiver, applicant or any other resident of a foster home who is a person subject to a criminal records check refuses to obtain a criminal records check.

A recommending agency can document, in their assessment, that a foster caregiver, applicant or a foster home should not care for a foster child.

Any act of omission or commission by a foster caregiver, applicant or other member of the household which results in the death, injury, illness, abuse, neglect or exploitation of a child.

Any applicable reason pursuant to section 5103.0319 or 5103.0326 of the Revised Code.

When the recommending agency has knowledge that one or more of the circumstances listed in paragraph (A)(B) of this rule apply to a resident of a foster caregiver's or prospective foster caregiver's home, the agency shall do all of the following:

1. Review the foster home certificate or the application, if applicable, and if appropriate, recommend that ODJFS revoke the certificate, deny the recertification of the certificate or deny the application.

2. Review the appropriateness of the placement in the foster home of any child of whom the agency has temporary, legal, or permanent custody. After review, the agency may, consistent with any court order, remove the child from the foster home in which the child is residing and place the child in another certified foster home or other appropriate placement.

3. If the agency does not have temporary, legal, or permanent custody of a foster child residing in the foster home, the recommending agency shall notify the entity that has custody of the child that it has received a notice subject to paragraph (Q) of rule 5101:2-7-02 or paragraph (G) of rule 2-7-145101:2-7-14 of the Administrative Code.

4. Assess the foster caregiver's need for training because of the conviction, plea of guilty, or adjudication described in paragraph (A)(B) of this rule and provide any necessary training unless the agency action is to recommend revocation of the certificate.

If a recommending agency learns that a foster caregiver has failed to comply with the provisions of paragraph (Q) of rule 5101:2-7-02 or paragraph (G) of rule 5101:2-7-14 of the Administrative Code, it shall immediately notify the entity that has custody if applicable, and ODJFS.

If an agency determines that any of the conditions listed in paragraph (A)(B) of this rule presents or creates a threat to the life, health, or safety of a foster child, it shall immediately remove the foster child from the foster home and notify the custody-holding agency or individual within one hour. An agency determination of threat to a foster child's safety shall be considered sufficient basis for any such action, and shall not require any additional justification.

   (2) Rule 5101:2-48-06 of the Administrative Code.
   (3) Section 3107.014 of the Revised Code.

   (2) The death of a foster caregiver or household member.
   (3) A change in household members, not including foster children.
   (4) A change of address for the foster family that is different than the address listed on the foster home certificate.

(C) An amendment is a narrative of the assessor's evaluation of the change that has occurred in the foster home. The agency shall document the date of notification in the amendment.

   (1) The amendment shall be completed within thirty days of the date of the change, or within thirty days of the date the agency became aware a change occurred if notification did not occur pursuant to rule 5101:2-7-14 of the Administrative Code.
   (2) If the change is to add a foster caregiver to the certificate, the amendment shall not be completed until the preplacement training has been completed pursuant to rule 5101:2-5-33 of the Administrative Code.
   (3) In completing the amendment, the agency shall, if necessary, redetermine the specific number, age, and gender of children the family is approved to foster. The amendment shall address sleeping arrangements, beds and bedrooms, and shall evaluate whether the foster family remains in compliance with all applicable requirements.
   (4) The amendment shall be completed in the statewide automated child welfare information system (SACWIS) if the agency has access to the system.
   (5) An agency that does not have access to SACWIS shall document the amendment in the caregiver record. The agency may do this by completing the applicable sections of the JFS 1385 "Assessment for Child Placement Update" (rev. 12/2014) in addition to completing the applicable requirements identified in this rule. At the completion of the amendment, an agency that does not have access to SACWIS shall submit a JFS 01317 "Recommendation for Certification/Recertification of a Foster Home" (rev. 1/2003) to the Ohio department of job and family services (ODJFS) to recommend any amendment causing a change on the face of the foster home certificate. The agency shall submit a JFS 01318 "SACWIS Private Agency Provider Request" (rev. 12/2014) to ODJFS for any change in household occupancy so that information in the SACWIS provider record may be updated.

(D) If the amendment is due to a new household member, the agency shall ensure the following:

   (1) New household members residing with the foster caregiver shall have a JFS 01653 "Medical Statement for Foster Care/Adoptive Applicant and All Household Members" (rev. 6/2009) completed documenting they are free from any physical, emotional or mental condition which would endanger children or seriously impair the ability of the household member to care for the child placed in the home.
(a) If the new occupant is an adopted child who immediately prior to the adoption resided in
the home as a foster child, a JFS 01653 is not required.

(b) The JFS 01653 shall be dated within ninety days of the date the person becomes a
household member.

(c) If the agency was not notified of the new household member in accordance with rule
5101:2-7-14 of the Administrative Code, the JFS 01653 shall be dated within ninety days
of the date the agency became aware of the new household member.

(2) New adult household members residing with the foster caregiver shall have a bureau of criminal
investigation (BCI) and federal bureau of investigation (FBI) records check, as outlined in rule
5101:2-5-09.1 of the Administrative Code.

(a) The criminal records checks shall be conducted within ten working days of the date the
person becomes a household member.

(b) If the agency was not notified of the new household member in accordance with rule
5101:2-7-14 of the Administrative Code, the criminal records checks shall be conducted
within ten working days of the date the agency became aware of the new household
member.

(3) New adult household members shall provide the name of any agency they have applied to or
had a homestudy approved for foster care or adoption, or any organization they have worked
with in providing care and supervision of children. The new adult household member shall
complete a written and signed release of information so that any such reference may be
contacted.

(4) If the agency has the ability to complete the search in SACWIS, the agency shall complete an
alleged perpetrator search of abuse and neglect report history through the system for the new
adult household member within ten working days of the date the person becomes a household
member. If the agency does not have the ability to complete the search in SACWIS, the agency
shall request a search of the system from ODJFS for the new adult household member within
ten working days of the date the person became a household member. If the agency was not
notified of the new household member pursuant to rule 5101:2-7-14 of the Administrative Code,
then the agency shall complete these requirements within ten working days of the date the
agency became aware of the new household member.

(a) A report with the results of the search shall be placed in the foster caregiver record.

(b) This report is used to determine the continued suitability of the foster family.

(5) The agency shall request a check of the child abuse and neglect registry of any other state the
new adult household member has resided in for the five years immediately prior to the date of
the criminal records check for the new household member, as required by division (A) of section
2151.86 of the Revised Code.

(6) If the new household member is the co-parent or spouse of the foster caregiver and shall
therefore be added to the certificate, the agency shall ensure the following is completed in
addition to the requirements listed in paragraph (D) of this rule:

(a) The agency shall contact all adult children of the new co-parent or spouse for a
reference. If the adult children are unable or unwilling to provide a reference this shall be
assessed during the amendment process and documented in the amendment.

(b) If the person has not previously completed the preservice training, the agency shall
ensure the co-parent or spouse completes the preplacement training required pursuant to
rule 5101:2-5-33 of the Administrative Code no later than one hundred eighty days after
becoming a household member. The co-parent or spouse shall not be added to the foster
care certificate until the training has been completed.
Once the co-parent or spouse is added to the certificate, the required continuing training hours shall be prorated from the date the co-parent or spouse is added to the foster care certificate through the expiration of the current certification span.

If the amendment is due to a change of address of the foster home, the agency shall ensure the following:

1. The agency shall conduct a safety audit documenting the new residence satisfactorily meets all safety standards.
   a. The safety audit shall be completed on the JFS 01348 "Safety Audit" (rev. 12/2014).
   b. The safety audit shall be conducted within ten working days after the change of address.
   c. If the agency was not notified of the change of address pursuant to rule 5101:2-7-14 of the Administrative Code, the agency shall conduct the safety audit within ten working days of the date they became aware of the change of address.

2. The agency shall require the foster caregiver to obtain a fire safety inspection certifying the new residence is free from conditions hazardous to the safety of a foster child.
   a. The fire safety inspection shall be completed on the JFS 01200 "Fire Inspection Report For Residential Facilities Certified by ODJFS" (rev. 2/2015) or other form used for a local or state fire inspection.
   b. The fire safety inspection shall be requested prior to or within thirty days of the date of the change of address. If the agency was not notified of the change of address pursuant to rule 5101:2-7-14 of the Administrative Code, then the fire safety inspection shall be requested within thirty days of the date the agency became aware of the change of address.
   c. The fire safety inspection shall be conducted prior to or within ninety days of the date of the change of address. If the agency was not notified of the change of address pursuant to rule 5101:2-7-14 of the Administrative Code, then the fire safety inspection shall be conducted within ninety days of the date the agency became aware of the change of address.
Prior to an agency sharing use of a foster home that has been recommended for certification by another agency, the agency wishing to use the home shall obtain a written agreement signed by the recommending agency stating how the home is to be used and that all parties affected by the agreement approve of it. The recommending agency shall provide a copy of the agreement to the foster caregiver(s) and all agencies currently using the home.

An agency shall not solicit homestudies or transfers from other agencies for the purpose of locating a family of a specific race, color or national origin.

Pursuant to the transfer conditions listed throughout this rule, a foster home shall only be considered for a transfer to another agency that recommends foster homes of the type that the caregiver is qualified to provide. If a transfer is approved for a foster caregiver certified to operate a specialized foster home to an agency that does not operate a specialized foster home program, the caregiver shall agree that upon execution of the transfer, the foster home designation will be identified as a family foster home.

An agency shall consider a transfer request of a foster home from another agency only if the foster caregiver has been certified with the recommending agency for a minimum of one year. A foster caregiver shall not transfer more than once during a certification period. Exceptions to these limitations may be made in the following circumstances:

1. If a foster caregiver has relocated to a county not served by the foster caregiver's recommending agency.
2. If the foster caregiver's recommending agency ceases to recommend foster homes for certification to the Ohio department of job and family services (ODJFS) or ceases to recommend the type of foster home that the caregiver is currently certified to provide.
3. If both the sending and receiving agency agree to the transfer of the foster home.

Upon receipt of a written request from a foster caregiver who meets the requirements of paragraph (D) of this rule and who expresses a desire to transfer from their current recommending agency, a receiving agency shall make a determination whether to further consider the transfer request.

1. If the receiving agency decides to continue the review of the transfer, the receiving agency shall notify the foster caregiver's current recommending agency in writing to inform them of the transfer request and to request a complete copy of the caregiver's foster home record, with the exception of references and criminal background checks.
2. The receiving agency shall only accept documentation located in the foster home record from the recommending agency. The records shall not be accepted directly from the foster caregiver or other individual. A caregiver may provide other information to the receiving agency that the caregiver considers to be relevant.

Upon receipt of the transfer request from the receiving agency:

1. If the recommending agency has previously made a decision not to place any additional children in the foster caregiver's home, it shall inform the receiving agency of this decision and the reason why this decision was made. If the receiving agency still wishes to proceed with exploring the transfer request, it shall notify the recommending agency in writing.
2. The recommending agency shall ensure that a signed release of information has been obtained from the foster caregiver authorizing release of the record. The release may be initiated by either agency or the foster caregiver.
(3) The recommending agency may charge the receiving agency a reasonable fee for copying the records, not to exceed twenty-five cents per page. No additional fee shall be charged to any party. If a fee is charged to copy the records, the records shall not be sent until the fee is paid.

(4) While the transfer request is pending, the recommending agency shall continue to work with the foster caregiver as it does with all other foster caregivers associated with the agency. The recommending agency shall continue to provide the caregiver with notification of training events needed pursuant to the foster caregiver's needs assessment and continuing training plan. The recommending agency shall allow the foster caregiver to attend any such events and shall continue to meet with the caregiver regarding the care of any child placed in the home.

(G) Within fifteen working days of receipt of the signed release of information and any applicable copying fee, the recommending agency shall forward a complete copy of the foster home record, with the exception of references and criminal background checks. The record shall be sent electronically, by certified mail, return receipt requested, or hand delivered by agency staff. If records are hand delivered, the recommending agency shall be provided with a receipt showing the date the records were delivered to the receiving agency. The receiving agency shall also document the date the record was received. The record shall include the following:

(1) The most recent initial homestudy and all homestudy recertifications.
(2) The most recent report of the alleged perpetrator search of child abuse and neglect information from the statewide automated child welfare information system (SACWIS).
(3) Training records.
(4) Fire inspection reports.
(5) Safety audits.
(6) Medical reports.
(7) Foster home exit interviews.
(8) Complaint or rule noncompliance investigations and any applicable corrective action plans. If there are any outstanding investigations or corrective action plans that have not been fully completed or implemented, the recommending agency shall notify the receiving agency of the nature of those investigations and corrective action plans.

(H) Upon receipt of the foster caregiver's records, the receiving agency shall assign an assessor to review the information received and conduct an assessment of the transfer request.

(1) In addition to reviewing the recommending agency's records and any information provided by the caregiver, the assessor shall:
   (a) Contact staff from the current recommending agency and the caregiver to determine the reasons why the request to transfer is being made at this time.
   (b) Determine if there are foster children in the home, and, if so, identify the agency with custody of the child(ren).
   (c) Make at least one visit to the foster home and conduct a face-to-face interview with each foster caregiver and all other household members over the age of four.
   (d) Receive three new personal references for the foster caregiver(s) from persons who are unrelated to the caregiver(s) and do not live in the foster home.
   (e) Receive new references from all adult children of the caregiver(s). If the adult children are unable or unwilling to provide a reference this shall be assessed during the transfer process and documented in the caregiver record.
   (f) Conduct a new criminal records check for all persons subject to a criminal records check residing in the foster home. Results shall be obtained, reviewed and approved prior to accepting the transfer request.
(g) Complete a new safety audit of the foster home on the JFS 01348 "Safety Audit" (rev. 12/2014) to ensure the home meets all current safety requirements for foster homes.

(2) If the record indicates that there are outstanding investigations or corrective action plans that have not been fully implemented, the assessor shall not recommend acceptance of the transfer unless the assessor is satisfied that any outstanding investigations or plans are not material to the request to transfer the home and do not jeopardize the safety of any children who are or may be placed in the home.

(3) If there are foster children currently placed in the home, all custodial agencies must approve of the transfer of the foster home, as evidenced by the custodial agency signature(s) on the JFS 01334 "Notification of Transfer of a Foster Home" (rev. 12/2014).

(a) If the custodial agency does not agree to the transfer while a child in its custody is placed in the home, the transfer shall not take place until that child is no longer placed in the home.

(b) No child shall be removed from a foster caregiver's home solely because the caregiver has requested a transfer from one agency to another.

(4) If a transfer request of a foster home is pending within ninety days immediately prior to the expiration of the certificate, the current recommending agency and the receiving agency may determine through mutual agreement which agency will conduct the recertification of the foster home. If there is no agreement between the agencies, the current recommending agency shall be responsible for completing the recertification of the home.

(5) The assessor shall complete the transfer assessment within sixty days of the date the complete record was received from the current recommending agency. If the transfer assessment cannot be completed in that timeframe, the assessor shall document the reason(s) in the record.

(I) Upon the completion of the assessment, the assessor shall make a final recommendation regarding the transfer and document that decision in the receiving agency's record. Written notice of the decision shall be given to the foster caregiver and the recommending agency within five working days of the date the decision was made. The decision to approve or reject the transfer request rests solely with the receiving agency, subject to the approval of ODJFS and the custodial agency of any foster child(ren) placed in the home. Nothing in this rule shall be construed to require an agency to accept the transfer of a foster home from another agency. The rejection of a transfer creates no right of appeal pursuant to Chapter 119. of the Revised Code for any party of the transfer request.

(J) If the decision is to deny the transfer request, all information contained in the copy of the caregiver's record from the current recommending agency, as well as any information gathered during the transfer assessment, including the written recommendation to deny the request, shall be maintained by the agency for at least two years.

(K) If the decision is to approve the transfer request, all information contained in the copy of the caregiver's record from the current recommending agency, as well as any information gathered during the transfer assessment shall be incorporated into the receiving agency's foster care provider record.

(1) If the sending agency has the appropriate access to SACWIS, the sending agency shall enter the applicable data into the system to complete the transfer to the receiving agency.

(2) If the sending agency does not have the appropriate access to SACWIS to enter the transfer, then either the sending agency or the receiving agency shall make a recommendation to ODJFS to transfer the foster home by submitting the completed JFS 01334 containing all applicable signatures.

(3) The certificate shall be effective from the date of transfer until the end of the current certification period. If the foster caregiver is upgrading the type of foster care the home will provide, the caregiver shall begin a new two year certification starting on the date of transfer due to the increased training requirements.
(4) The transfer of a foster home to a receiving agency has the effect of conferring upon the receiving agency all the duties of a recommending agency contained in Chapter 5101:2-5 of the Administrative Code.

(5) Prior to or not later than thirty days after a transfer request has been processed by ODJFS, the receiving agency shall provide an orientation to the foster caregiver of the agency's foster care policies and procedures.

(L) Upon receipt of a signed release of information form, an agency shall release a copy of a foster care homestudy to an adoption agency when the foster caregiver is being considered as an adoptive parent.

The recommending agency shall develop an individual plan for respite care for each medically fragile child placed in a medically fragile foster home. The use of respite care shall comply with the agency's respite care policy prepared pursuant to rule 5101:2-5-13 of the Administrative Code. A copy of the individual plan for respite care for each medically fragile child placed in a medically fragile foster home shall be included in the child's case record.

The recommending agency shall ensure a certified foster caregiver for medically fragile children complies with the following occupancy limits:

1. With the exception of the provisions of paragraph (P)(1)(b)(Q)(1)(c) of this rule, a foster caregiver for medically fragile children may provide foster care for not more than five foster
children, two of whom may have intensive needs as described in rule 5101:2-47-18 of the Administrative Code requiring their placement in a medically fragile foster home.

(a) Any exception to the number of medically fragile foster children placed in the home shall be only with specific justification in accordance with the agency's policy for matching medically fragile foster children and caregivers developed pursuant to rule 5101:2-5-13 of the Administrative Code.

(b) The justification as required by paragraph (P)(1)(a) of this rule shall be documented in the child's case record and in the foster home record and may include the following: The justification, which may include the need to place a sibling group, or the abilities of a particular family in relation to the intensive needs of a particular child, shall be documented in the child's case record and in the medically fragile foster home record.

(i) The need to place a sibling group.

(ii) The abilities of a particular caregiver in relation to the intensive needs of a particular child.

(c) A foster caregiver for medically fragile children who is also an appropriately trained and licensed professional may provide care for not more than five medically fragile foster children placed in the caregiver's home. (i) A registered nurse.

(ii) A licensed practical nurse.

(iii) A licensed emergency medical technician.

(iv) A physician assistant.

(A) As used in this rule, a training hour means sixty consecutive minutes of instruction and may include a break of not longer than five minutes per training hour when a training session is longer than one training hour in duration.

(B) Stipend payments for foster caregivers shall be made pursuant to the following:

(1) Stipend payments must be made to the foster caregiver within one hundred twenty calendar days of the completion of the training event for continuing training or within one hundred twenty calendar days after certification for pre-placement training. Stipend payments may not be held or otherwise deferred pending reimbursement by the Ohio department of job and family services (ODJFS). Stipend payments shall be rendered for fractional hours in quarter hour increments. The stipend rate paid by recommending agencies shall be calculated as follows:

(a) For preplacement training a lump sum payment shall be made in the amount of ten dollars per foster caregiver per training hour for all hours completed with an agency.

(b) For continuing training, ten dollars per foster caregiver per training hour successfully completed within a training session that is a minimum of one training hour in duration.

(c) Recommending agencies shall make stipend payments according to the following:

(i) For pre-placement training, the agency that provides the training certifies the caregiver shall record the preplacement training in the statewide automated child welfare information system (SACWIS) and shall be responsible for paying the stipend to the caregiver upon certification.

(ii) For continuing training, the caregiver's recommending agency shall be responsible for paying all stipends to the caregiver and shall enter all of the training sessions into SACWIS.

(iii) If the training is provided by a regional training center of the Ohio child welfare training program (OCWTP), the agency that enrolled the participant is responsible for paying the stipend to the participant.

(2) A recommending agency is solely responsible for any foster caregiver stipend payment due that exceeds the amount reimbursable to the recommending agency under section 5103.0314 of the Revised Code. A recommending agency shall defer the lump sum stipend payment for preplacement training until the foster caregiver is certified. In these cases, a recommending agency's obligation to remit deferred lump sum stipend payments for preplacement training begins upon the caregiver's date of certification.

(3) A recommending agency may decline to make a stipend payment to a foster caregiver:

(a) If the recommending agency determines that the foster caregiver has not successfully acquired the skills the training was designed to impart and as a result the agency required the foster caregiver to repeat the training in accordance with a corrective action plan.

(b) If the training was beyond the scope or the amount of training specified in the foster caregiver's individualized written needs assessment and continuing training plan.

(c) If the training the foster caregiver received was part of a program of self-directed study or otherwise not delivered in a conventional or traditional setting where the principal transfer of knowledge occurred through the physical presence of a trainer whose responsibility it was to impart instruction to the foster parent.
ODJFS reimbursement of foster caregiver stipend payments to recommending agencies.

(1) ODJFS will reimburse recommending agencies for stipend payments made to foster caregivers pursuant to paragraph (B) of this rule.

(2) For preplacement training, ODJFS will reimburse lump sum stipend payments made by recommending agencies as follows:

   (a) The amount of ten dollars per foster caregiver per training hour for hours recorded by an agency in SACWIS. ODJFS will not reimburse more than the minimum required training hours as listed in rule 5101:2-5-33 of the Administrative Code.

   (b) For an existing family foster home that is receiving preplacement training to become a specialized foster home, the reimbursement will be made in the form of continuing training as specified in rule 5101:2-5-25 of the Administrative Code.

(3) For continuing training, ODJFS will reimburse stipend payments made by recommending agencies per the following schedule of training hours:

   (a) For a pre-adoptive infant home, not more than twenty-four training hours during each two-year certification period for each caregiver that is required to be trained.

   (b) For a family foster home, not more than forty training hours during each two-year certification period for each caregiver that is required to be trained.

   (c) For a specialized foster home, not more than sixty training hours during each two-year certification period for each caregiver that is required to be trained.

(4) For the purpose of determining if a stipend reimbursement is owed to a recommending agency for continuing training, ODJFS will count only training hours that are received during the two-year period after the foster caregiver's date of certification, and for each two-year period thereafter.

(5) ODJFS will not reimburse a recommending agency for any stipend payment made by a recommending agency when the training the foster caregiver received was part of a program of self-directed study or otherwise not delivered in a conventional or traditional setting where the principal transfer of knowledge occurred through the physical presence of a trainer whose responsibility it was to impart instruction to the foster parent. Subject to restrictions that may otherwise be imposed elsewhere by this chapter, such non-traditional training may be counted by the recommending agency as acceptable training hours in meeting the minimum number of training hours necessary to statutorily qualify the foster caregiver to obtain or maintain such foster caregiver's certification.

(6) ODJFS will not reimburse a recommending agency for any stipend payment made for time consumed by a lunch or dinner break that occurs during a training session.

(7) For the purpose of computing the maximum number of preplacement and continuing training hours that will qualify for stipend reimbursements, a foster caregiver's training history will always be aggregated over the caregiver's entire service history and will not be reset by the movement of the foster caregiver from the supervision of one recommending agency to another.

(D) ODJFS will pay a training allowance to each private recommending agency to compensate that entity for its costs in providing, securing or procuring training for foster caregivers through a preplacement training program or continuing training program operated under rule 5101:2-5-40 of the Administrative Code. The allowance rate will be fifteen dollars per foster caregiver per training hour successfully completed within a training session.

(1) ODJFS will not make an allowance payment for any training that it will not also otherwise honor for stipend reimbursement, except that it will not defer allowance payments earned for preplacement training where the private recommending agency has deferred payment of a foster caregiver's lump sum stipend until the foster caregiver is certified. A private recommending agency may enter a pre-placement training session into SACWIS prior to the certification of a foster caregiver in order to receive a training allowance.
(2) If a private recommending agency enters a continuing training session into SACWIS in order to receive a training allowance, the agency must have paid a stipend to the participant for the same training session.

(3) If a private recommending agency enters a pre-placement training session into SACWIS in order to receive a training allowance, the agency shall also be responsible for paying the stipend for the same session to the caregiver upon certification.

(4) ODJFS will consider a private recommending agency to have experienced a cost if any of the following items occur:
   (a) The private recommending agency pays a trainer or another agency to conduct the training session.
   (b) The private recommending agency uses its own staff to conduct the training session and act as trainer.
   (c) The private recommending agency rents space and or equipment for the training session.
   (d) The private recommending agency provides a box meal or catered meal for foster caregivers attending the training session. ODJFS will not consider the private recommending agency to have incurred a cost if only break refreshments are provided.
   (e) The private recommending agency purchases a curriculum or program of instruction for use in the training session. ODJFS will not consider the private recommending agency to have experienced a cost for that curriculum or program of instruction when it is used in subsequent training sessions unless the payment of a licensing or royalty fee is required for each such use.

(5) ODJFS will not make an allowance payment for training received or provided at no cost to the private recommending agency. As used in this rule, "at no cost" means that the private recommending agency incurred no out-of-pocket expense for the training session. ODJFS will not consider a private recommending agency to have incurred a cost when the private recommending agency:
   (a) Uses its own facilities or equipment to host or conduct the training session.
   (b) Makes copies of instructional materials that will be used in a training session.
   (c) Mails training announcements to foster caregivers.
   (d) Uses an uncompensated trainer.
   (e) Enrolls a foster caregiver for training in a training session held under the auspices of a regional training center of the OCWTP where the regional training center does not require a fee from the private recommending agency for the caregiver to attend the training session.

(E) The recommending agency shall register the foster caregiver's training history in SACWIS. ODJFS will pay foster caregiver stipends and private recommending agency allowances only when the recommending agency fully and accurately completes and registers the foster caregiver's training history in SACWIS. The recommending agency shall register the foster caregiver's training history in SACWIS.

(F) Recommending agencies shall not submit training registrations for training received or rendered under the adoption assessor training component of the OCWTP.

(G) Submission of training registrations that do not accurately reflect the training history of foster caregivers, or that are filed prior to payment of earned stipends to foster caregivers, shall establish a rebuttable presumption that the submitting recommending agency intentionally seeks a training allowance or stipend payment to which it is not entitled.

(1) If the recommending agency is a private entity, the rebuttable presumption may serve as a basis for licensing enforcement proceedings against that private recommending agency.
(2) If the recommending agency is a public children services agency (PCSA), the rebuttable presumption may serve as a basis for the imposition of any penalty permitted by section 5101.24 of the Revised Code.

(H) Each private recommending agency and PCSA shall register an update to a foster caregiver's training history within no later than thirty calendar days from the date on which the private recommending agency or PCSA renders a stipend payment to the foster caregiver. Failure to complete the update in this time frame will result in the forfeiture of any stipend reimbursement or allowance payment owed to the private recommending agency or PCSA for the event.

(I) ODJFS will not issue allowance payments to PCSAs. OCWTP will be responsible for providing foster caregiver training to foster caregivers under the supervision of a PCSA.

(J) All claims for allowance payments and stipend reimbursements must be perfected within eighteen calendar months subsequent to the month in which the training occurred. Claims made after that time frame will not be honored.

(K) Any failure of an agency to pay a stipend to a foster caregiver within the required timeframes of this rule shall result in the forfeiture of any stipend reimbursement owed to the agency for the event.

(A)(2) One or more pre-teens placed in the facility by a public children services agency (PCSA) or private child placing agency (PCPA) that has legal custody or permanent custody of the pre-teen and determines that an emergency situation exists necessitating the pre-teen's placement in the facility rather than an institution certified under section 5103.03 of the Revised Code or elsewhere.

The following is a brief explanation of the changes:

OAC 5101:2-48-08 "Adoption inquiry," outlines the procedures agencies must follow when contacted by prospective adoptive applicants. This rule was amended to remove the address of the "Ohio Adoption Photo Listing" (OAPL) Web site and to add language explaining that public children services agencies, private child placing agencies and private noncustodial agencies must provide information regarding the state adoption assistance loan program to inquirers who reside in Ohio.

This letter transmits amendments to OAC rule 5101:2-40-04 governing the Kinship Permanency Incentive (KPI) program. The rule changes are being made to address the following statutory changes that resulted from Am. Sub. HB 119:

- Removal of the requirement that the child must be adjudicated by the juvenile court as being abused, neglected, dependent, or unruly.
- Removal of the best interest language as part of the requirement for the court order awarding legal custody or guardianship to the kinship caregiver.
- Removal of the requirement that the child must be determined as "special needs".
- Amending the guidelines governing the gross income of the caregiver's family, including the child, from 200% of the federal poverty guidelines to 300%.

The following is a brief explanation of the proposed changes. The changes are effective on July 2, 2007.

OAC 5101:2-40-04 entitled Kinship permanency incentive program outlines the provisions that govern eligibility, administration and application process for the KPI program. The rule allows the public children services agency (PCSA) to provide incentive payments to kinship caregivers to promote permanency. In this rule, a few changes were made regarding the kinship caregiver's income. Gross income was defined in the definition section of the rule and language was added to the eligibility requirements. The new language addresses limited exclusions of reported income that are to be deducted from the gross income such as up to one-hundred dollars of child support. It also clarifies individuals whose income must be considered for this program. Language was added to clarify that the rule does not prohibit a PCSA or PCPA from completing a home assessment on behalf of caregivers with whom a child was already directly placed by a court or relative.

JFS 01501 "Application for Kinship Permanency Incentive" is the form used by the kinship caregiver(s) when applying for the KPI program. This form is also used by the PCSA when entering data into the KPI web tool. Revisions to the form include deleting all questions and information regarding the child's adjudication, special needs, and best interest statement. Other revisions to the form include minor grammatical and formatting issues and adding the "relationship to caregiver" to the Child Information section.

JFS 01502 "Notice of Incomplete Kinship Permanency Incentive Application" is the form used by the PCSA to inform applicants the reason(s) that the application can not be processed and what the applicant must do to complete the application process. The form was updated to reflect the amended eligibility requirements and rule. The request for the child's adjudication, special needs and best interest statement were deleted from the checklist of items needed to complete the application.

JFS 01504 "Notice of Denial for Kinship Permanency Incentive Funds" is used by the PCSA to deny KPI applicants and indicate the reason for denial. This form was updated to reflect the amended eligibility requirements and rule. The child's adjudication, special needs and best interest statement were deleted from the denial checklist. The income criterion was changed to 300% of the poverty level from 200%.

SUBJECT: Changes to Foster Care Maintenance Single Cost Report Form (JFS 02911) and Instructions (JFS 02911-I)

This letter transmits revisions to the JFS 02911 "Single Cost Report" and instructions JFS 02911-I which are used pursuant to OAC 5101:2-47-26.1 Public children services agencies (PCSA), private child placing agencies (PCPA), private noncustodial agencies (PNA): Title IV-E cost report filing requirements, record retention requirements and related party disclosure requirements.

An explanation of the revisions to the cost report form and instructions appears below:

The JFS 02911 "Single Cost Report" form is the reporting format used to capture one hundred percent of operational costs of all public and private not-for-profit and for-profit providers of purchased family foster care and residential services. The JFS 02911-I "Single Cost Report Instructions" provide an overview of the cost report as well as detailed instructions for completing the report. The instructions have been amended to include the revision of ODADAS and ODMH instructions to incorporate each agency's UCR instructions. Furthermore, language was added to provide an explanation of how to complete the revised administrative overhead calculation worksheet.

The JFS 02911 is intended to be used in an automated format. The JFS 02911 and JFS 02911-I will not be available in hardcopy from the ODJFS warehouse. They will be available on line at: http://www.odjfs.state.oh.us/forms/inter.asp.

When downloading the Microsoft Excel version of the JFS02911 "Single Cost Report", the macro security level must be lowered for the macro buttons to work. To lower the macro security level, open Microsoft Excel, click "Tools", "Options", and then click the "Security" tab. At the bottom of the security sheet, click "Macro Security". Change the security level from high to low. At this point, the file can be downloaded. Once downloaded, open the file. A prompt will appear requesting that the macros be either disabled or enabled. Click "enable macros". If the Macro security level is not changed to low and the macros are not enabled, the macro buttons will not work when the file is opened.

SUBJECT: The Comprehensive Assessment and Planning Model - Interim Solution Forms and Instructions

A series of new tools and instructions has been developed as part of the Comprehensive Assessment and Planning Model - Interim Solution (CAPMIS). CAPMIS is a comprehensive assessment model used to guide and support child protective services workers in making accurate and effective decisions to promote child safety, permanency, and well-being.

At this time, the JFS 01412 "Comprehensive Assessment and Planning Model - I.S., Semiannual Administrative Review" (12/2005) and the JFS 01410 "Comprehensive Assessment and Planning Model - I.S., Case Plan" (12/2005) are being incorporated into the Family, Children and Adult Services Manual in accordance with the Child and Family Services Review (CFSR) Program Improvement Plan (PIP). These tools have been revised to incorporate the philosophy of CAPMIS and make the tools more family-friendly.

A public children services agency (PCSA) will begin to use the two tools at the time the PCSA implements the statewide automated child welfare database (SACWIS) or prior to SACWIS, if the agency has received CAPMIS implementation training.

The JFS 01410, JFS 01412 and their instructions will not be available in hardcopy from the ODJFS warehouse. They can be viewed online at: http://www.odjfs.state.oh.us/forms/inter.asp.

This letter transmits revisions to Ohio Administrative Code rule 5101:2-47-26.2 now entitled, Cost Report "Agreed Upon Procedures" engagement and to the "Agreed Upon Procedures" contained in Appendix A. These revisions were presented to Certified Public Accountants (CPAs) in regional training sessions conducted in October 2005. The changes are effective December 12, 2005.

An explanation of the rule and appendix revisions appears below:

OAC 5101:2-47-26.2 Cost Report "Agreed Upon Procedures" engagement sets forth the requirement for an annual audit of cost reports completed by public children services agencies, Title IV-E agencies, private child placing agencies (PCPA), and private non-custodial agencies (PNA). This rule is amended to retract all references to the term "audit" and replace with "Agreed Upon Procedures" engagement. Other revisions include the reorganization of content presented within the rule, some additions to the list of items to be submitted along with the "Agreed Upon Procedures" report, as well as some clearer language regarding confidentiality.

"Appendix A" of rule 5101:2-47-26.2 sets forth the procedures to be performed by CPAs to verify the accuracy of costs reported by private agencies. Changes to the "Agreed Upon Procedures" include retracting references to the term "audit", the addition and clarification of steps to be performed during the engagement, and some additions to the list of items to be submitted along with the "Agreed Upon Procedures" report.

This letter issues the JFS 02911 "Single Cost Report" and instructions which are to be used pursuant to OAC 5101:2-47-26.1 Public children services agencies (PCSA), private child placing agencies (PCPA), private noncustodial agencies (PNA): Title IV-E cost report filing requirements, record retention requirements and related party disclosure requirements.

FCASMTL No. 159 issued the new cost report rules which were effective July 1, 2004 and obsoleted the JFS 02909 "Residential Child Care Facility Cost Report" and JFS 02910 "Purchased Family Foster Care Cost Report" effective July 31, 2004. The new JFS 02911 is to be used effective July 31, 2004.

The JFS 02911 is intended to be used in an automated format. It is available in Microsoft Excell and Quattro Pro versions that can be accessed from the Forms section of the electronic Family, Children and Adult Services Manual or directly from the Publications section of the webpage for the Office for Children and Families, under the Forms Section at:
http://www.jfs.ohio.gov/ocf/publications.stm

When downloading the Microsoft Excel version of the JFS 02911 "Single Cost Report", the macro security level must be lowered for the macro buttons to work. To lower the macro security level, open Microsoft Excel, click "Tools", "Options" and then click the "Security" tab. At the bottom of the security sheet, click "Macro Security". Change the security level from high to low. At this point, the file can be downloaded. Once downloaded, open the file. A prompt will appear requesting that the macros be either disabled or enabled. Click "enable macros". If the Macro security level is not changed to low and the macros are not enabled, the macro buttons will not work when the file is opened.

The Quattro Pro version of the JFS 02911 "Single Cost Report" can be saved without the above steps.

SUBJECT: Children's Trust Fund

This letter transmits Ohio Administrative Code (OAC) Rule 5101:5-1-01 Children's Trust Fund. As a result of the five year review, all of the former Ohio Children's Trust Fund (OCTF) rules have been rescinded and incorporated into a new OAC Rule 5101:5-1-01. The purpose of the rule is to set forth the requirements of the local prevention advisory boards and service provider/grantee responsibilities. This rule will be effective April 1, 2004.

Also included with this letter are eight forms to be used by OCTF County Agents and Service Providers. They are described below.

JFS 01976 "Ohio Children’s Trust Fund Application for Funding" which is to be used to collect information needed to evaluate whether the applicant should receive Children's Trust Fund monies to provide child abuse/neglect prevention services.

JFS 01977 "Ohio Children’s Trust Fund Application Budget" which is to be used to document the proposed budget of applicants who are requesting money from the Trust Fund to provide child abuse/neglect prevention services. It is used in conjunction with the "Application for Funding" to determine whether the proposed costs are allowable and reasonable, and whether the application should be approved.

JFS 01978 "Children's Trust Fund Service Provider Application Scoring Tool" which provides the format which OCTF County Agents use to evaluate applications for monies from the Ohio Children's Trust Fund.

JFS 01979 "Children's Trust Fund Local Allocation Plan" which is to be used to document that the OCTF County Agent complies with the requirements to award Children’s Trust Fund monies to service providers, the agencies that will receive funds and the amount each will receive, the services that will be provided and the number of units projected, and the County Agent's Plan for monitoring service delivery, measurement of outcomes and fiscal accountability.

JFS 01980 "Ohio Children's Trust Fund Service Provider Progress Report" is used by the service provider to document the number of units delivered for each service that was supported with money from the Ohio Children's Trust Fund. It is also used to summarize customer satisfaction and individual outcomes realized as a result of participation in services and provides an opportunity for the provider to explain how the service functioned to prevent child abuse/neglect.

JFS 01981 "Ohio Children's Trust Fund Service Provider Fiscal Report" is used to collect information about how money from the Ohio Children's Trust Fund was expended by the service provider. It is also used to document the balance of unexpended funds, and instructs the provider to return those monies to the County Treasurer.

JFS 01982 "Ohio Children's Trust Fund County Agent Annual Report" which is used to document the number of service units that were actually delivered during the state fiscal year by providers who received monies from the Ohio Children's Trust Fund. It is also used to summarize customer satisfaction data and outcomes realized by participants of each service. Finally, it requests an assessment regarding the overall impact the Local Allocation Plan had on preventing child abuse/neglect in the county.

JFS 01983 "Ohio Children's Trust Fund County Agency Annual Fiscal Report" which is used to document the amount of money from the Ohio Children's Trust Fund which was expended during the state fiscal year; it further contains information for the OCTF County Agent to use for returning all unexpended funds to the Treasurer of the State.

SUBJECT: Amendment of OAC Rule 5101:2-5-38, Payment of Foster Caregiver Training Stipends; Reimbursement of Training Allowances to Recommending Agencies

This letter transmits amendments to Ohio Administrative Code (OAC) rule 5101:2-5-38 that have been made as a result of the enactment of Am. Sub. H.B. 95 of the 125th General Assembly. The effective date of the amended rule is January 1, 2004.

The major changes are as follows:

- Changes the date when ODJFS will reimburse foster care training stipends for preplacement training from the date of the first placement until the date the caregiver is initially certified.
- Allows non-traditional training to be counted towards meeting a foster caregiver's training requirements but continues to prohibit a stipend payment for such training.
- Requires the Ohio Child Welfare Training Program (OCWTP) to provide all foster caregiver training for PCSAs beginning 1/1/2004. Private agencies will continue to operate their ODJFS-approved training programs as in the past, but if a private agency contracts with a Regional Training Center (RTC) of the OCWTP for foster caregiver training, the private agency may elect to have the allowance payment remitted directly to the RTC.
- To obtain any payments under this program, each caregiver's training history must be entered in the ODJFS-prescribed Foster care Resource Education Database (FRED). FRED must be updated within 30 days after the stipend is paid to the caregiver or both the stipend reimbursement and allowance payment are forfeited.
- Training allowance payments for training received between 1/1/2001 and 12/31/2003 must be claimed by 12/31/2004 or the payments are forfeited.
- A stipend payment is not required to obtain an allowance payment for training that occurred between 1/1/2001 and 3/31/2003.

SUBJECT: Amendments to the Title XX Ohio Administrative Code Rules

This letter transmits revisions of the Title XX rules in Ohio Administrative Code Chapter 5101:2-25 as a result of the five year rule review process. **These changes will be effective January 1, 2004.**

This letter also transmits revisions to the "JFS 01821 Title XX County Profile" and instructions. These revisions are a result of federal legislation (Federal Register/Vol. 64, No. 199/Friday, October 15, 1999) requiring that the Comprehensive Title XX Social Services Plan be submitted to the Department of Health and Human Services 30 days prior to the effective date of the plan.

A brief explanation of each rule revision appears below:

**Rule 5101:2-25-01 Uniform definitions of Title XX services and other definitions of terms used in Chapter 5101:2-25 of the Administrative Code** was amended to update old language to new language, such as "Day Care Services for Children" to "Child Care Services for Children", "foster parent" to "foster caregivers", and to clarify that definition of foster homes includes homes operated by a relative of the child.

**Rule 5101:2-25-02 Title XX administration** was amended to update references from Ohio Department of Human Services (ODHS) to Ohio Department of Job and Family Services (ODJFS). Language was added to inform the counties when an application for Title XX services is needed and who is responsible for accepting the application.

**Rule 5101:2-25-03 Title XX county profile** is rescinded and adopted as a new rule with the same rule number. There were no requirement changes to the rule, but the rule was put into the order of the preparation process for the completion of the "county profile" by the county department of job and family services for the Final Comprehensive Title XX Social Services Plan.

**Rule 5101:2-25-07 Title XX reimbursement dependent upon correct determination of recipient eligibility** was amended to update the name of the Ohio Department of Human Services (ODHS) to Ohio Department of Job and Family Services (ODJFS) and clarification of the categories "Services for Free, Fee or Without Regard to Income". This rule also informs the county of its responsibility to establish eligibility standards or fee schedules based upon income level guidelines.

Counties still continue to have flexibility in the administration of their Title XX program.

Rule 5101:2-20-02 is being amended to include language in section (D)(1)(d) "Termination of adult protective services" to be consistent with the Ohio Revised Code Section 5101.67(E). **This rule will be effective January 1, 2004.**

The Ohio Department of Job and Family Services has revised rules 5101:2-47-12, 5101:2-47-13, 5101:2-47-14, 5101:2-47-16, 5101:2-47-17, 5101:2-47-18, 5101:2-47-20, and 5101:2-47-21 of the Administrative Code (OAC) as a result of the five year rule review process. One rule was rescinded and replaced, but most of the rules were amended for the purpose of clarity. Several rules were updated to reflect the separation of the JFS 1452 form that was previously used for initial determinations and redeterminations. There are now separate forms for the initial eligibility determination, the JFS 01452 and for the redetermination of eligibility, the JFS 01452A. All OAC 5101:7-1-02 rule references were deleted and replaced with 5101:2-47-14.1 references as a result of the previous transfer of the 1996 Aid to Dependent Children (ADC) requirements from rule to rule. The initial determination of eligibility and reimbursability time frame has been changed from thirty to sixty days. The redetermination time frame requirement has also been changed from every six months to every twelve months. These changes are effective December 1, 2003.

A brief explanation of other rule revisions appears below:

5101:2-47-12 Foster care maintenance program eligibility: determination of program eligibility.

The title and paragraphs (F) and (G) were amended to reflect initial eligibility and reimbursability criteria. The redetermination of program eligibility and reimbursability criteria has been moved to rule 5101:2-47-21 of the Administrative Code. Paragraph (H) wording was moved from OAC rule 5101:2-47-21 to this rule as it pertains to the initial determination of eligibility. In paragraph (C), the words "determination / redetermination form" have been deleted and replaced with the new name of the initial application.

5101:2-47-13 Foster care maintenance program eligibility: legal responsibility requirements.

In paragraph (C) added "to the effect" wording to mirror the federal regulations. Deleted wording in paragraph (D) that does not relate to legal responsibility. The wording was duplicative of that contained in rule 5101:2-47-23. In paragraph (E), added two exceptions to a child entering care via a JFS 01645. Deleted paragraph (F) because it was moved to rule 5101:2-47-12 paragraph (F) as it pertains to an initial eligibility determination requirement. Added paragraph (G) for additional clarification of judicial determination documentation.

5101:2-47-14 Foster care maintenance program eligibility: ADC-relatedness.

In paragraph (A), deleted "income" and added "all Title IV-E program eligibility requirements" must be verified. Added wording to reflect that eligibility can not be established when no information is available. In paragraph (E)(4)(a), added the 185 percent requirement to be in line with federal requirements, both the 100 and 185 percent need standard must be met. Added paragraphs (E)(5)(e) and (f) to comprehensively reflect the resource requirements of rule 5101:2-47-14.1 of the Administrative Code.

5101:2-47-16 Foster care maintenance program reimbursability: reimbursable placement facilities. Deleted all "family" references in "family foster home" as a result of HB 448. Deleted paragraph (A)(9) and incorporated into paragraph (A)(1) a pre-adoptive licensed foster home. Added paragraphs (C)(3), (4) and (5) as non-reimbursable placement settings. In paragraph (C)(1) added clarification to court ordered placements. Added "AWOL, hospital or leave" as non reimbursable settings to be in line with federal requirements.

5101:2-47-17 FCM program reimbursability: FCM payments and child care payments for public family foster homes, relative homes, and prefinalized adoptive homes.
Deleted all "per diem" and "rate" references and replaced them with "amount" and "reimbursement amount" for clarity. Updated all form and ODHS references. Updated "payment" reference to "minimum and maximum reimbursement amounts" in paragraph (A) for clarity.

5101:2-47-18 Foster care maintenance program reimbursability: payments related to the difficulty of care needs of a child placed in a foster home, relative home, or prefinalized adoptive home.

Various changes have been made to clarify that difficulty of care payments continue to be allowed for children placed in a foster home prior to April 1, 2005 and can continue as long as the child is placed in the same foster home.

5101:2-47-20 Foster care maintenance program reimbursability: supplemental payments for the cost of care for the child of a Title IV-E recipient parent.

All "family" references in "family foster home" have been deleted as a result of HB 448. Updated the form reference in paragraph (E).

5101:2-47-21 Foster care maintenance program reimbursability: determination and redetermination of program reimbursability. This rule has been rescinded and replaced with a new rule to reflect the redetermination of program eligibility and reimbursability requirements. The rule identifies age as a program eligibility requirement for redeterminations. The rule also identifies the ongoing program reimbursability requirements to include: deprivation, financial need, resources, reasonable efforts to finalize the permanency plan determination, and placement settings.

The Ohio Department of Job and Family Services revised OAC rule 5101:2-48-07 Listing and withdrawing children and families with the "Ohio Adoption Photo Listing" (OAPL) and the AdoptOhio Photo Listing webpage. The revisions to the rule resulted in revisions to the JFS 01686 "OAPL Child Registration / Amendment Form." References to the OAPL Child Book have been removed and a new category has been added to the form that will enable agencies to register a child under a "Special Status" on the OAPL Web Page if a person has made application to adopt the child. OAC 5101:2-48-07 is effective on September 1, 2003 and the revised JFS 01686 should be used in implementing the rule.

SUBJECT: Foster Care Maintenance Program Rule Changes

The Ohio Department of Job and Family Services has revised some of the rules in Ohio Administrative Code (OAC) 5101:2-47 as a result of the five year rule review process. Ten rules were amended and one was completely rewritten. These changes are effective September 1, 2003.

OAC 5101:2-47-11 Administrative procedure: reimbursement for foster care maintenance costs for children's residential centers, group homes, maternity homes, residential parenting facilities and purchased foster care homes has been amended significantly. The amendments to this rule were made to clarify that there will be a contemporaneous payment system as recommended by the shareholders work group.

Rule 5101:2-47-22 Foster care maintenance program reimbursability: reasonable efforts requirement contains the reasonable efforts requirements for foster care maintenance program reimbursability. This rule was completely rewritten and the new rule reorganizes the content of the previous rule. The majority of the rule content remains the same except that we added wording to identify the beginning period of ineligibility for instances where the reasonable efforts to finalize the permanency plan requirements are not met. More specifically, the rule identifies the initial reasonable efforts requirements and the reasonable efforts to finalize the permanency plan requirements.

A brief explanation of the rule revisions appears below.

OAC 5101:2-5-19 Variances was amended to: change the name of department from ODHS to ODJFS throughout the rule; specify in paragraphs (B), (C), and (D) that variance requests must be submitted on agency letterhead; list in paragraph (D) the appropriate name of the bureau within ODJFS to which agencies are to send any variance requests; change in paragraph (F) the word "granting" to "approval"; specify in paragraph (G) that should the terms or conditions of a variance be violated or otherwise become nullified by situation or a change in the applicable Administrative Code rule, the variance shall be rescinded.

OAC 5101:2-9-35 Additional programmatic requirements regarding behavior management was amended to clarify in (B) that only those agencies which allow the use of isolation or restraint need to collect and review the monthly aggregate data that is otherwise required by the rule.

SUBJECT: Review and Revision of Substitute Care Rules as a Result of the Five Year Rule Review  

The Ohio Department of Job and Family Services has reviewed three rules in Ohio Administrative Code (OAC) 5101:2-42 regarding Substitute Care as a result of the five year rule review process.  

The review resulted in no recommendations for changes to OAC Rule 5101:2-42-65 Agency visits and contacts or OAC Rule 5101:2-42-93 Procedural requirements regarding change of placement or visitation plan prior to journalization of case plan.  

OAC 5101:2-42-70 Provision of service to unmarried minor parents was also reviewed. The only change being recommended in this rule is the correction of the acronym for the county departments of job and family services from CDHS to CDJFS. This rule is effective May 1, 2003.

FROM: Thomas J. Hayes, Director  
SUBJECT: Title IV-E Rule Changes Regarding the Rescission of OAC 5101:7-1-02 and the Adoption of OAC 5101:2-47-14.1

The Ohio Department of Job and Family Services has rescinded Ohio Administrative Code (OAC) rule 5101:7-1-02 and transferred the rule information contained within the rule to OAC 5101:2-47-14.1 as a result of the five year rule review process. Rule 5101:7-1-02 contains the Title IV-E eligibility requirements for the foster care maintenance and adoption assistance programs under the Personal Responsibility and Work Opportunity Reconciliation Act of 1996. The rule pertains to the ADC guidelines that were in effect in 1996 and was therefore numbered accordingly. These ADC rules were frozen in time as Title IV-E eligibility criteria.

As a result of the five year rule review, it was decided that the 5101:7-1-02 rule should be incorporated into the 5101:2-47 rules which contain the Title IV-E foster care maintenance eligibility rules. Rule 5101:2-47-14.1 has been created to incorporate all the requirements of 5101:7-1-02. We are merely transferring the information from 5101:7-1-02 to rule 5101:2-47-14.1. The only change in the body of the rule is in the reference to the name of the department which now is stated to reflect the name as the Ohio Department of Job and Family Services and a similar reference in the form number. Since there are no changes to the appendix of this rule that was originally transmitted in FCASMTL No. 86, it is not being included in this letter. Please be sure to follow the Instructions for updating the manual below that preserves the appendix.

This rule will be effective April 1, 2003. A brief explanation of each rule revision appears in the following table.

This letter transmits the adoption of four new and one rescinded Ohio Administrative Code (OAC) rule that governs the adult protective services program. OAC rules 5101:2-20-01 through 5101:2-20-04 will replace the rescinded OAC rule 5101:2-20-01 Provision of adult protective services.

The new rules were developed by ODJFS staff with the assistance of an APS rule workgroup comprised of state and county workers in the field of APS. The purpose of the rules is to standardize adult protective services (APS) practice across the state. The four new rules contain the following information: APS definitions; APS intake and investigative procedures; APS designated agency provisions; and APS case record provisions. The one rescinded and four new OAC rules will be effective March 17, 2003. Training on the new OAC rules will be provided to the county departments of job and family services staff prior to the effective date of the rules.

SUBJECT: Changes to the Adoption and Adoption Assistance Programs

This letter transmits several changes to Ohio Administrative Code rules necessitated as a result of the enactment of House Bills 332 and 448, federal policy and guidance regarding the Federal Adoption Assistance and Multiethnic Placement Act (as amended), the creation of the Department of Job and Family Services, and a new form numbering system. These rules will become effective November 12, 2002. Specific changes are reflected in the rules as follows:

OAC 5101:2-48-01, AdoptOHIO agency responsibility, This rule describes the roles and responsibilities of the agencies which participate in the AdoptOHIO program. The ODHS references were changed to ODJFS and new form numbers were added; references to foster homes were changed to comply with the requirements of HB 332.

OAC 5101:2-48-05, Agency adoption policy and agency recruitment plan, This rule identifies the information that must be contained in an agency's adoption policy and recruitment plan. Changes require agencies to include a description of all federal and state adoption assistance programs including eligibility and the application requirements. Additional specificity regarding agency recruitment efforts was added. The ODHS references were changed to ODJFS.

OAC 5101:2-48-09, Application process and pre service training, This rule sets forth the adoption application process and adoption pre service training requirements. The ODHS references were changed to ODJFS and references to foster homes were changed. Language was added to clarify that pre service training requirements are to include families that adopt internationally.

OAC 5101:2-48-10, Restrictions concerning provision of adoption services, This rule establishes the criminal offenses that prohibit an applicant from adopting. References to foster homes were changed to comply with the requirements of HB 332, rules for foster to adoption situations are sited and ODHS was changed to ODJFS.

OAC 5101:2-48-16, Adoptive placement procedures, This rule identifies the steps taken when placing a child into an adoptive home. Section (C), selection of the adoptive home was revised to provide more specificity as to the considerations an agency shall include while considering the best interest of the child. (H) requires notification to a PCSA when a child is placed across county lines. Family foster home references were changed to foster home. Other changes relate to the Department's name change and new form numbering system.

OAC 5101:2-47-43, Adoption assistance payment rate: payment rate for adoption assistance, This rule clarifies what factors are to be considered in the negotiation of the adoption assistance payment. This rule outlines the process to determine the payment rate for adoption assistance. A policy interpretation was made to eliminate the possible obligation of agency funds without the ability to claim reimbursement.

Family, Children and Adult Services Manual Transmittal Letter No. 125

June 24, 2002

TO: Family, Children and Adult Services Manual Holders
FROM: Thomas J. Hayes, Director

Due to the fiscal accountability provisions of House Bill 448 that were enacted in rule by Family, Children and Adult Services Manual Transmittal Letter (FCASMTL) No. 110, OAC 5101:2-33-18 is no longer needed. FCASMTL No. 110 contained OAC rule 5101:2-47-23.1 which established the requirement that a Public Children Services Agency (PCSA) must maintain a system of contracts and contract monitoring when purchasing foster care from private providers. Also, FCASMTL No. 110 Appendix A contains a sample contract that the Ohio Department of Job and Family Services (ODJFS) has developed for counties to use or to adapt for use when purchasing foster care from private agencies.

OAC rule 5101:2-39-07.3 is being rescinded as the funding for the Kinship Care Family Preservation Supportive Services is no longer a separate budgetary line item. The requirements and implementation of this program are at the discretion of the local public children services agencies.

The effective date of both rule rescissions is August 1, 2002.

TO: All Family, Children and Adult Services Manual Holders  
FROM: Thomas J. Hayes, Director  
SUBJECT: Ohio Administrative Code Rule Changes Governing Adoption and Foster Care Agency Compliance with the Federal Multiethnic Placement Act (MEPA).

This letter transmits the following Ohio Administrative Code (OAC) rule changes relating to the implementation of the federal Multiethnic Placement Act (MEPA): 5101:2-42-181, "Foster Care Requirements Pursuant to the Multiethnic Placement Act;" and 5101:2-48-13, "Adoption Requirements Pursuant to the Multiethnic Placement Act." This issuance transmits the rules which clarify the federal requirements that both foster care and adoption agencies must follow when considering the use of race, color or national origin in the placement of a child. These rules will become effective May 1, 2002.

As MEPA affects both foster care and adoption, the department has created two forms and amended the ODJFS 01673, ODJFS Assessment for Child Placement. The Transracial/Transcultural Issues section has been deleted from the Assessment Summary Form Outline of the JFS 01673, "Ohio Department of Job and Family Services Assessment for Child Placement." The new JFS 01688, "Individualized Assessment Form," is to be completed by the child's custodial agency when race, color or national origin is used as a possible factor in making decisions regarding a child's placement for foster care or adoption. The department has also created the JFS 01689, "Documentation of the Placement Decision-Making Process," as a suggested means of documenting child specific needs and family characteristics to assist in the selection of a placement in the best interests of the child. The use of the JFS 01689 is optional at this time.

SUBJECT: Rescission of Ohio Administrative Code (OAC) rule 5101:2-47-26.2

ODJFS is initiating the procedures to rescind rule 5101:2-47-26.2 of the Ohio Administrative Code (OAC). Effective immediately, rule 5101:2-47-26.2 of the OAC and the Title IV-E Audit Manual are suspended and not to be enforced. Suspension of rule 5101:2-47-26.2 of the OAC does not affect other audits or cost reports as required by other OAC rules.
This letter transmits a new application form, the JFS 01692, to be used for adoption of a foster child by a foster caregiver in cases where the child has resided with the caregiver for at least twelve months. If the child has not resided with the caregiver for at least twelve months this form should not be used. The form was inadvertently omitted from Family Children and Adult Services Manual Transmittal Letter 121 dated January 29, 2002. The new form was necessitated by changes to state law as a result of the enactment of Sub. H.B. 448.

SUBJECT: Revisions to Adoption Rules as a Result of the Enactment of HB 448

This letter transmits one new and six amended Ohio Administrative Code (OAC) rules governing adoption services and one new form. The changes are generally the result of changes in law enacted by Sub. H.B. 448 by the 123rd General Assembly. The new rule, OAC 5101:2-48-11.1 creates new policy for the adoption of a foster child by a foster caregiver when the child has resided with the caregiver for at least twelve months. The new form, the JFS 01692, is an application form to be used in cases where the child has resided with a foster caregiver for at least twelve months. If the child has not resided with the caregiver for at least twelve months this form should not be used. There are several additional rules that need to be changed as a result of the enactment of Sub. H.B. 448 and these are expected to be filed in the near future and will be transmitted in another manual transmittal letter.

FROM: Thomas Hayes, Director
SUBJECT: Changes to the Administrative Code Due to the Enactment of House Bill 660 (Deserted Child).

This letter transmits changes to the Ohio Administrative Code due to the enactment of House Bill 660 (the Act). The enactment of this legislation created a "safe haven" from prosecution for the parents of a child who is less than 72 hours old and the child is delivered unharmed to a specified person. The act defines a deserted child as "a child whose parent has voluntarily delivered the child to an emergency medical service worker, peace officer, or hospital employee without expressing an intent to return for the child". Certain duties are imposed upon law enforcement agencies, hospitals, emergency medical service organizations, and public children services agencies regarding the care, custody, and treatment of the child. The courts, public children services agencies, or private child placing agencies are to treat the child in the same manner as a child adjudicated as a neglected child under the Ohio Juvenile Code. The Act sets forth specific provisions in the event the parent returns and wishes to be reunited with the child. The courts must require that person, at that person's expense, to submit to a DNA test if that person claims to be the parent and seeks to be reunited with the deserted child.

The Act requires the department to create a "Voluntary Medical Form" (under separate cover) that may be filled out by the parent delivering the child. In addition, the department must develop materials that can be given to the parent describing services available to assist parents and newborns. The Act further provides that no person may do any of the following with respect to a parent who voluntarily delivers a child under the act:

- Coerce or otherwise try to force the parent into revealing the identity of the child's parents;
- Pursue or follow the parent after the parent leaves the place at which the child was delivered;
- Coerce or otherwise try to force the parent not to desert the child;
- Coerce or otherwise try to force the parent to complete all or any part of the medical information forms provided to the parent by the person to whom the parent delivers the child;
- Coerce or otherwise try to force the parent to accept the materials that describe services available to assist parents and newborns from the person to whom the parent delivers the child.

The Act provides that, if the child has been abused, neglected, or delivered in a manner other than as specified in the Act the following apply:

- the parent does not have the right to remain anonymous and may be subject to arrest;
- the person who delivers the child may be forced to reveal the identity of the child's parents and may be pursued or followed;
- the person to whom the child is delivered must attempt to identify and pursue the person who delivered the child; and
- the person who delivers the child will not have civil or criminal immunity as provided by the Act.

Also included in this transmittal are changes to the Administrative Code regarding the face to face contacts with each parent, guardian or custodian and child listed on the JFS 01444 made by the PCSA and procedures for case closure. These changes are found in OAC rule 5101:2-39-081.

The expected effective date of the enclosed rules is December 1, 2001. A brief explanation of each of the rule revisions appears in the following table.

This letter transmits amendments and additions to Ohio Administrative Code rule, 5101:2-1-01, entitled "Children services definition of terms" in order to comply with the provisions of:

- Substitute House Bills 332 and 448
- House Bill 660
- Revisions to the Family Decision Making Model
- Implementation of dispositions
- Public Law 104-93, Section 431 requiring the definition of Qualified Alien
- Change in the department's name.

One of the major definition changes is the change in the terminology surrounding foster homes. Since 1986, the department has used the term "family foster home" as a generic term used in referring to all foster homes. Sub. HB. 332 changed the definition of a family foster home to just one of four types of foster homes (treatment foster home, medically fragile foster home, family foster home, and pre-adoptive infant foster home). Because of this, the department has changed most rule references from "family foster home" to "foster home." Other major definition changes are also the result of Sub. HB. 332 which provides for the creation of proposed new rules governing treatment and medically fragile foster care.

The revised definition rule will become effective October 15, 2001.

The affected definitions are listed in the following table.

Family, Children, And Adult Services Manual Transmittal Letter No. 115

July 23, 2001

TO: All Family, Children and Adult Services Manual Holders
    County Department of Job and Family Services' Directors

FROM: Gregory L. Moody, Director

SUBJECT: Revision of the ODJFS Protective Services for Adults Quarterly Report (JFS 04287)

The Protective Services for Adults Quarterly Report (JFS 04287) originated in 1987 in the Office of Fiscal, Bureau of Financial Analysis and Reporting and was previously housed in the Administrative Procedure Manual. The disbandment of the Bureau of Financial Analysis and Reporting and the revisions made to the quarterly report (JFS 04287), prompted a review of the appropriate reference site for the quarterly report and its instructions. No fiscal reporting is associated with this quarterly report. Therefore, effective with this revision, the JFS 04287 will be housed in the Family, Children and Adult Services Procedure Manual.

The Protective Services for Adults Quarterly Report (JFS 04287) has been revised to be more concise and user friendly, and was reduced from four to two pages. The revised JFS 04287 has the capability of being submitted electronically via Quattro Pro software to the department. In addition to the JFS 04287, a two page Face Sheet was designed to assist Adult Protective Services (APS) workers during the course of their investigation, to collect data for the JFS 04287.

The purpose of the JFS 04287 is to collect information from the CDJFSs on reports of suspected abuse, neglect, or exploitation, the investigation and evaluation of such reports, and on the involvements of the courts in the investigation or provision of protective services. The data is compiled and analyzed at the end of the state fiscal year, and provides the CDJFSs, legislators and constituents with annual data on the types of APS cases that were received, evaluated, and the number of adults for whom services were provided. It also provides an indication of the statewide need for services and court intervention to protect adults who may be in need of protective services.

Instructions:

File the cover letter of this transmittal in the FCASMTL Section of the Family, Children and Adult Services Manual (FCASM). Insert the JFS 04287 form and instructions in the Forms Section of the FCASM behind form OMB No. 0970-0903(Refugee and Entrant Unaccompanied Minor Progress Report/Instructions).

SUBJECT: REVISIONS TO OHIO ADMINISTRATIVE CODE RULES AS A RESULT OF THE CHILD ABUSE PREVENTION AND TREATMENT ACT (CAPTA)

The Child Abuse Prevention and Treatment Act (CAPTA) requires that States have in place an appeals process by which an individual who is officially found to have committed child abuse or neglect can appeal such a finding.

As a result of this act, the department is revising the existing Ohio Administrative Code (OAC) rule governing PCSA grievance review policies. The effective date of this rule is May 1, 2001.

A brief explanation of the rule revision appears below.

SUBJECT: Notice of Ohio Administrative Code Rule Changes Governing the Post Adoption Special Services Subsidy (PASSS) Program

This letter transmits Ohio Administrative Code rule 5101:2-44-071, replacing the rule currently in effect governing the Post Adoption Special Services Subsidy (PASSS) program. Please note that changes have been made to this rule as a result of H.B. 412, which allows payment of residential treatment services under the PASSS program. Funding may include maintenance costs as long as the costs are included as part of a residential treatment program. Residential services shall not include the cost of educational services. Requests for payment of services rendered for residential treatment on or after April 10, 2001 will be paid by the Ohio Department of Job and Family Services. This rule is being proposed for a July 1, 2001 effective date. If any changes are made between now and July 1, 2001 ODJFS will notify all public children services agencies.

Agencies are encouraged to utilize PASSS funds for those families whose child may be experiencing adoption related problems or problems that were pre-existing but not apparent at the time of the adoption.

Please refer any questions regarding this rule to the ODJFS Adoption and Kinship Section at (614) 466-9274.

SUBJECT: Revisions to Ohio Administrative Code Rules as a Result of Changes to the Risk Assessment Model

The Ohio Department of Job and Family Services has revised several Ohio Administrative Code (OAC) rules due to changes in the risk assessment model, the recent change in the department's name and the five year rule review. These rules were also revised to incorporate the requirements of HB 448 which was signed into law by Governor Bob Taft and became effective on October 5, 2000. This law mandates the establishment of Child Fatality Review Boards and outlines the information to be provided to these boards by PCSAs. These rules will become effective April 1, 2001.

Please note that rule 5101:2-34-36 has been withdrawn and will be refiled at a later date.

SUBJECT: Revisions to the Ohio Administrative Code as a Result of Section 1808 (MEPA/IEPA) Federal Policy Interpretations.

The Department of Health and Human Services, Administration for Children and Families issued a second Policy Guidance on the implementation of Multi-Ethnic Placement Act (MEPA/IEPA). This issuance transmits the rules which clarify the federal requirements for both foster care and adoption agencies and establishes protocol for agencies to follow when considering the use of race, color or national origin in the placement of a child. These rules will became effective September 1, 2000.

As MEPA/IEPA effects both foster care and adoption, the department has developed two new Ohio Administrative Code (OAC) rules governing the placement of children into foster and adoptive homes and has amended two additional rules and the ODJFS 1673, "Ohio Department of Job and Family Services Assessment for Child Placement." Agencies should begin using the new version of the homestudy immediately. A brief explanation of each of the rules appears below.

Child Support Enforcement Manual Holders
FROM: Jacqueline Romer-Sensky, Director
SUBJECT: Assignment, Collection and Distribution of Child Support (TITLE IV-D) for Title IV-E Foster Care Maintenance Recipients Update

The Child Support Enforcement Amendments of 1984 to the Social Security Act (P.L. 98-378) extended Title IV-D services to Title IV-E recipients. This law requires states to take the necessary steps, where appropriate, to secure an assignment of support rights to collect and distribute child support for a child on whose behalf Title IV-E foster care maintenance (FCM) payments are being made.

Title IV-E FCM recipients shall receive all services provided to any recipient of Title IV-D child support services including the establishment of paternity, the establishment of administrative and court orders of support and the enforcement of existing orders for support. If the public children services agency (PCSA) has permanent custody of a child, the child support enforcement agency's (CSEA) only service shall be the collection of any arrearage accrued before permanent custody was granted.

All PCSAs are required by Ohio Administrative Code rule 5101:2-47-08 to refer each case determined eligible for Title IV-E FCM to the local CSEA for assignment of child support rights. The attached ODHS 1435 "Referral of Title IV-E Foster Care Maintenance Recipient for Child Support Services" has been revised to include information that will enable the Child Support Enforcement Tracking System (SETS) to better provide child support services to children in the custody of the PCSA. The ODHS 1435 is to be used by the PCSA to inform the CSEA of a Title IV-E FCM eligible case or to update information on a current case. It is the responsibility of the PCSA to notify the CSEA of any changes in the status of children in receipt of Title IV-E FCM payments, which would include a change in custody type and the termination of the Title IV-E case. Any pertinent court orders available to the PCSA shall accompany the ODHS 1435 to the CSEA.

The CSEA will distribute child support collections in accordance with procedures designated in the Child Support Enforcement Manual (CSEM). CSEA collections representing current support for Title IV-E eligible children are distributed as repayment of the current Title IV-E payment. CSEA collections representing arrearages are distributed by the CSEA as repayment of past unreimbursed Title IV-E or Title IV-A payments. Current support in excess of the monthly foster care maintenance payment and arrearages in excess of unreimbursed assistance will be paid to the PCSA responsible for supervising the child's placement and care. The PCSA must use the excess in a manner determined to be in the best interest of the child. Uses may include setting aside the amount for the child's future needs or making all or part of the amount available for meeting the child's current day-to-day needs.

SUBJECT: New Ohio Administrative Code Rule for Children Services Licensing; Miscellaneous Amendments to Other Ohio Administrative Code Rules for Children Services Licensing and Title IV-E Foster Care Maintenance and Adoption Assistance; and Rescission of Four Rules.

The Ohio Revised Code Section 119 requires the Ohio Department of Human Services to review each of its administrative rules every five years. This section of law requires the review of all state agency rules within a five year period with at least one fifth of each department's rules being reviewed each year. As a result of a review of children services licensing rules, Title IV-E foster care maintenance and adoption assistance rules the department has amended several existing Ohio Administrative Code (OAC) rules.

In addition, two O.A.C. rules were combined to create one rule 5101:2-42-90 entitled "Information to be provided to caregivers, school district and juvenile court; information to be included in Individual Child Care agreement". By combining these two rules allowed the rescission of one rule and created the need to amend two other rules.

Three of the rules reviewed during this process will be refiled at a later date. The refileing of the three rules was the result of comments received during the promulgation process. This letter transmits the results of the five year review.

SUBJECT: Notice of Ohio Administrative Code Rule Changes Governing the Post Adoption Special Services Subsidy (PASSS) Program

This letter transmits Ohio Administrative Code rule 5101:2-44-071, replacing the emergency rule currently in effect governing the Post Adoption Special Services Subsidy (PASSS) program. Please note that several changes have been made to this rule as a result of the comments that were received during the clearance process and at the public hearing held last month. This is a permanent rule change and will go into effect on June 5, 2000. All successful applications submitted on or after that date must comply with this rule.

The Ohio Department of Human Services wishes to remind county agencies that the Post Adoption Special Services (PASSS) program has been reopened. Counties are encouraged to utilize these funds for adoptive families whose child may be experiencing adoption related problems or problems that were pre-existing but not apparent at the time of the adoption. Please be assured that there are adequate funds remaining for the duration of this fiscal year and it is the hope of this Department that counties will avail themselves of these funds to assist adoptive families in need.

Families who were denied services while the program was closed earlier this year should be encouraged to resubmit their applications. In addition, families who have been denied PASSS funds because the service required is no longer covered under PASSS should be encouraged to seek funds from other available sources. One such source, particularly for children needing residential services, would be the State Intersystems Collaboration for Youth (State Cluster). These funds may be accessed through the county Family and Children First Council. Families requesting educational services should be encouraged to work with their local school district to receive the special educational services their child requires.

Please refer any questions regarding this rule to the Adoption and Kinship Section at (614) 466-9274.

You will notice a change in the format of the rule included in this MTL. We are making the change in the rule format to comply with the Ohio Legislative Service Commission requirements. Additionally, this change will simplify the paperwork needed to file administrative code rules. Therefore, in the future all rules issued for inclusion in the Family, Children and Adult Services Manual will be in this format.

This transmittal marks the 100th issuance of Family, Children and Adult Services Transmittal Letters (FCASMTL) and the nine year anniversary date of the Family, Children and Adult Services Manual (FCASM) in its current format. With the 100th issuance of FCASMTLs the reader will notice a significant change in the format of rules. We have deleted all text boxes found before the rule and the rule is presented in the format filed with the Joint Committee on Agency Rule Review. Please reference the enclosed Rule Format for further information on how to understand the new rule format. As rules are amended or adopted they will be issued using the new format.

In celebration of the ninth year of the manual your agency will soon be able to access the FCASM on CD along with other departmental manuals you have already been receiving. The rules and forms contained in this transmittal will not be on the CD Rom you will be receiving since the CD was already in its final form.

The 100th issuance also marks significant changes in Ohio Administrative Code (OAC) rules governing child welfare practice. OAC rules were amended or adopted in order to comply with the Adoption and Safe Families Act of 1997 (P.L. 105-89) and Substitute H.B. 484. Both pieces of legislation are guided by the following principles:

- Safety of children is the paramount concern that must guide all child welfare;
- Foster care is a temporary setting and not a place for children to grow up;
- Permanency planning efforts for children should begin as soon as a child enters foster care and should be expedited by the provision of services to families;
- The child welfare system must focus on results and accountability; and
- Innovative approaches are needed to achieve the goals of safety, permanency, and well-being.

The following chart depicts OAC rules which have been rescinded, amended, or adopted to incorporate the above mentioned principles. These rules and forms will take effect on March 18, 1999.

This letter transmits changes to Ohio Administrative Code (OAC) adoption rules as a result of the Multiethnic Placement Act (MEPA) and the Interethnic Placement Act (IEPA). Failure to comply with the requirements of MEPA and IEPA will result in a finding of noncompliance by the Department of Health and Human Services (HHS) and a potential loss of federal funding.

The following adoption rules are rescinded or amended in order to meet the requirements of MEPA and IEPA:

Rule 5101:2-48-13 entitled "Transracial/transcultural adoptive placement" is rescinded because the language in the rule is in violation of MEPA and IEPA.

Rule 5101:2-48-05 entitled "Agency adoption policy and agency recruitment plan" is amended in order to comply with new requirements for developing agency adoption policies and a recruitment plan.

Rule 5101:2-48-08 entitled "Adoption inquiry" is amended in order to clarify information that shall be provided to an individual requesting adoption information.

Rule 5101:2-48-09 entitled "Application process and preservice training" is amended in order to clarify training requirements for prospective adoptive families.

Rule 5101:2-48-10 entitled "Restrictions concerning provision of adoption services" is amended in order to comply with changes made in section 2151.86 of the Revised Code regarding procedures for conducting a criminal records check on prospective applicants and establishing standards for rehabilitation.

Rule 5101:2-48-11 entitled "Approval of a family foster home for adoptive placement" is amended in order to clarify procedures for approval of a foster home for adoptive placement.

Rule 5101:2-48-12 entitled "Completion of the homestudy report" is being amended because the language in the rule is in violation of MEPA and IEPA.

Rule 5101:2-48-15 entitled "Provision of information to adoptive family" is amended because the language in the rule is in violation of MEPA and IEPA.

Rule 5101:2-48-16 entitled "Adoptive placement procedures" is amended in order to clarify adoption placement procedures.

Rule 5101:2-48-22 entitled "Adoptive family case record" is amended in order to clarify the information that shall be contained in an adoptive family case record.

Rule 5101:2-48-23 entitled "Preservation of adoptive child case record" is amended in order to clarify the information that must be contained in an adoptive child's case record.

Rule 5101:2-48-24 entitled "Agency adoption review procedures" is being proposed for amendment in order to clarify the procedures for agencies to follow when adoptive applicants request an agency review of their case.

SUBJECT: Ohio Administrative Code Rules Governing the Children's Trust Fund

As part of the five year rule review process, all Children's Trust Fund rules (rules 5101:5-1-01 through 5101:5-1-27) contained in Chapter 5101:5-1 of the Ohio Administrative Code (OAC) were rescinded and replaced by rules 5101:5-1-01 through 5101:5-1-09. The rules have been simplified to reflect a community approach to planning and evaluation for the Children's Trust Fund operations. The following is a brief synopsis of each rule:

Rule 5101:5-1-01 entitled, "Children's trust fund definitions" contains the definitions of terms used in Chapter 5101:5-1 of the OAC.

Rule 5101:5-1-03 entitled "Program priorities, application, reporting and funding requirements" defines the program priorities of the Children's Trust Fund and limitations to grant funding.

Rule 5101:5-1-05 entitled, "Local advisory board organization and responsibilities" defines the duties and organizational directives for the local advisory boards within counties.

Rule 5101:5-1-07 entitled, "Grant appeal procedures" stipulates the procedures for grantees to use when appealing certain decisions made by the Children's Trust Fund Board.

Rule 5101:5-1-09 entitled, "Termination of grants" contains procedures for the termination and reduction of grants made to local service providers by the Children's Trust Fund Board.

SUBJECT: Protective Services Incentive Funding

This letter transmits Ohio Administrative Code (OAC) rule 5101:2-33-09 entitled "Protective Services Incentive Funding." House Bill 215 included language that permits public children services agencies (PCSAs) to utilize Protective Services Incentive Funding for practice and management activities that are consistent with identified children services priorities. OAC rule 5101:2-33-09 indicates that this funding must be used to promote innovative practice standards and efficiencies in service delivery. Attachment A outlines different options in child welfare which incentive funds can support.

A PCSA must assure county compliance with the following requirement in order to be eligible for funding:

Listing of all children awaiting an adoptive home with the Ohio Adoption Photo Listing (OAPL) and AdoptOHIO Photo Listing Web Page. The requirement and procedures for registering children is outlined in OAC rule 5101:2-48-07 (Attachment B). The percentage of children that each agency currently has registered with OAPL compared with the total number of children who should be listed in OAPL pursuant to OAC rule 5101:2-48-07 is listed in Attachment C.

The Ohio Department of Human Services (ODHS) will use the State Child Protective Allocation (SCPA) formula to allocate funds to a PCSA that is in compliance with the above requirement. All PCSAs that have met the above requirement by August 1, 1998, are eligible for the incentive funds. If the PCSA is not eligible for receipt of Protective Services Incentive Funds by August 1, the second date an agency can obtain eligibility for receipt of funds is November 1, 1998. Any PCSA not in compliance by November 1, 1998, will not be eligible for incentive funds for the balance of the fiscal year. Incentive funds, if authorized by the legislature in the future, may be distributed in a different manner or be based on other priorities.

Protective Services Incentive Funding Application and Reporting Procedures

All PCSAs that have met the above requirement shall complete the ODHS 3325 "Protective Services Incentive Funding Request" form (see Attachment D). For the first advance of funds (August 1, 1998), the completed form must be postmarked and mailed by July 24, 1998, to the attention of Ron Browder, Chief, Bureau of Child and Adult Protection for review and approval at the following address:

Bureau of Child and Adult Protection
Office of Prevention, Protection and Self-Sufficiency
Ohio Department of Human Services
65 East State Street, 5th Floor
Columbus, Ohio 43266-0423

Agencies who have established compliance for the second advance of funds (November 1, 1998), shall submit the ODHS 3325 "Protective Services Incentive Funding Request" form (Attachment D) to Ron Browder for review and approval at the aforementioned address by October 23, 1998. A PCSA which has submitted the ODHS 3325 by July 24, 1998 and which has been approved for funding is not required to submit another request for funding on the ODHS 3325.

Agencies shall submit a progress report in January 1999 and a final report in June 1999. The requirements for reporting will be provided in a future mailing.

If you have questions regarding this funding or the form, please contact Ron Browder at (614) 728-6983. Additional fiscal instructions will be included in a forthcoming Administrative Procedure Manual Transmittal Letter.

SUBJECT: Ohio Administrative Code Rule Changes Governing the Social Services Block Grant (TITLE XX) Program

This letter transmits changes to Ohio Administrative Code (OAC) rules relating to the Title XX program. Substitute House Bill 408 (H.B. 408) initiated significant changes to the Social Services Block Grant (Title XX) program, Ohio Revised Code (ORC) section 5101.46 governs the Title XX program. With the passage of H.B. 408, ORC sections 5101.461 through 5101.464 were also repealed. However, some legislation that was captured in these repealed sections is now incorporated in ORC section 5101.46.

As a result of the recent changes to ORC, the Title XX administrative code rules were revised to assure compliance. With the adoption of these rules, county departments of human services (CDHS) are encouraged to utilize greater flexibility in the administration of their Title XX Program. Although these rescinded rules are no longer required by the Ohio Department of Human Services, the CDHS may wish to retain the rescinded rules to guide the development of internal operating procedures.

SUBJECT: Ohio Administrative Code Rule 5101:2-33-03 "Waiver OF Family Risk Assessment Model"

Ohio Administrative Code (OAC) rule 5101:2-33-03 "Waiver of family risk assessment model" was filed on an emergency basis and was issued under Family, Children and Adult Services Manual (FCASM) Transmittal Letter No. 85 on February 10, 1998. All emergency rules are effective for a period of ninety (90) days. During the 90-day time period, the Ohio Department of Human Services (ODHS) is responsible for conducting a public hearing on the rules. On February 23, 1998 a public hearing was held on OAC rule 5101:2-33-03. At the hearing, the department received testimony from numerous parties opposing the granting of a waiver to allow public children services agencies (PCSA) to discontinue using the risk assessment model throughout the life of the case. As a result of testimony received the department has reversed its policy and all PCSAs will be required to comply with all provisions contained in OAC rules governing use of the Risk Assessment Model.

5101:2-48-02"Putative father registry"

SUBJECT: Changes to Children's Services Licensing Rules

This letter transmits rules 5101:2-5-09, 5101:2-5-13, 5101:2-5-18, 5101:2-5-19, 5101:2-9-12, and 5101:2-9-35 of the Ohio Administrative Code (OAC).

Rule 5101:2-5-09 "Personnel and prohibited convictions for employment" was amended in order to delete the word "job" in the paragraph (A) of the rule. There has been some concerns expressed that when "job descriptions" was used, there was an implication that foster caregivers may be viewed as an employee of the agency.

Rule 5101:2-5-13 "Required agency policies" was amended to require agencies which are certified to operate residential facilities to develop and implement a behavior intervention policy which includes a description of the facility's behavior management program and specifies components that must be included in the policy.

Rules 5101:2-5-18 "Waivers" and 5101:2-5-19 "Variances" were amended to allow agencies to request waivers and variances on the administrative requirements of Chapter 5101:2-5 of the Administrative Code and to clarify procedures for submitting such requests.

Rule 5101:2-9-12 "Service Plans" was amended to require that service plans must include a behavior intervention plan that shall identify the behavioral management techniques to be used for children in placement in children's residential centers, group homes, or residential parenting facilities.

Rule 5101:2-9-35 "Additional programmatic requirements regarding behavior management" was adopted to require additional programmatic requirements regarding behavior management of delinquent children who are placed in residential facilities certified by the department.

The above mentioned rules will be effective on May 1, 1998.

SUBJECT: Revision of Ohio Administrative Code Chapter 5101:2-47 (Title IV-E)

The Ohio Department of Human Services has completed a review of Chapter 5101:2-47 of the Ohio Administrative Code. This chapter contains provisions of the Title IV-E foster care maintenance and adoption assistance programs. As a result of the review and recommendations made from a work group comprised of participants from public children services agencies the entire Chapter was revised. All previous Title IV-E foster care maintenance and adoption assistance rules contained in Chapter 5101:2-47 of the Administrative Code have been rescinded and replaced with new rules, which will be effective on May 1, 1998.

For enhanced usability, the Chapter has been divided into the following major categories:

Administrative Overview
Administrative Procedures
Foster Care Program Eligibility
Foster Care Maintenance Program Reimbursability
Foster Care Maintenance Program Rate Setting
Adoption Assistance Eligibility Procedures
Adoption Assistance Program Eligibility
Adoption Assistance Payment Eligibility
Adoption Assistance Payment Rate

Title IV-E eligibility requirements for foster care maintenance and adoption assistance are now linked to the ADC-relatedness eligibility guidelines which were in effect on July 16, 1996. Additionally, effective October 1, 1997, an eligible child could continue to receive Title IV-E Adoption Assistance if the adoption disrupts or if the adoptive parent(s) die.

SUBJECT: Ohio Administrative Code Rules Governing Adult Protective Services

In accordance with Substitute House Bill 473 the Ohio Department of Human Services has reviewed the adult protective services rules contained in Chapter 5101:2-20 of the Ohio Administrative Code (OAC). As a result of these changes the following OAC rules have been rescinded.

- OAC rule 5101:2-20-02
- OAC rule 5101:2-20-03
- OAC rule 5101:2-20-04

The above mentioned changes will be effective on **February 17, 1998.**

SUBJECT: Children Services Emergency Rules Revisions

The following Ohio Administrative Code rules, which were emergency filed and became effective on October 1, 1997, have been revised as a result of comments received during the clearance process. The enclosed rules will be effective on December 30, 1997.

Rule 5101:2-33-04 "PCSA Grievance review policies" was revised in order to: include other participants who are entitled to a grievance review; limit appeals of the PCSA case resolution/disposition to alleged perpetrators; and indicate a requirement that the PCSA needs to update Central Registry information if the case resolution/disposition was changed as a result of a grievance review.

Rule 5101:2-33-07 "Delegation of responsibilities and contracting for the performance of specified agency duties" has been revised in order to clarify that when a PCSA contracts with a provider the PCSA must ensure the contractor has the required state licensing credentials.

Rule 5101:2-34-32 "PCSA requirements for assessments and investigations" was revised in order to further clarify PCSA responsibilities regarding child abuse/neglect reports which involve domestic violence shelters and homeless shelters.

Rule 5101:2-39-12 "Removal of a child from his own home" has been revised to include both emergency and nonemergency removal procedures.

Rule 5101:2-39-51 "Joint planning and sharing of information among the PCSA and CDHS" and rule 5101:2-42-70 "Provision of services to unmarried minor parents" were revised in order to reference correct terminology used in H.B. 408.

SUBJECT: Ohio Administrative Code Rule Changes Governing Substitute Care and Children Services Licensing

This letter transmits the following Ohio Administrative Code (OAC) rule changes relating to substitute care and children services licensing. OAC rule 5101:2-39-45 "Selection of substitute care placement setting" is being amended as a result of Am. Sub. H.B. 215, which added section 2151.55 of the Ohio Revised Code (ORC), regarding placement of children in foster homes outside the county of their residence. New requirements include prior notification of the child's intended placement by the public children services agency (PCSA) or private child placing agency (PCPA) to: the intended foster caregiver; the juvenile court of the county in which the foster home is located; and, if the child will attend the school of the district in which the foster home is located, to the school district's board of education. The Supreme Court is required, pursuant to ORC section 2151.55, to adopt rules governing procedures that address the placement of a child in a foster home in a county other than the county in which the child resided at the time of being removed from the home. Prior to implementing Paragraph (D) of OAC rule 5101:2-39-45 it is recommended the PCSA consult with their legal counsel (Refer to attached ORC section 2151.55).

OAC rule 5101:2-42-65 "Agency visits and contacts" was inadvertently omitted from Family, Children and Adult Services Manual Transmittal Letter No. 73 (September 16, 1997). This transmittal contains the aforementioned rule.

OAC rule 5101:2-5-20 "Application for an initial family foster home certificate" is being amended to permit private child placing agencies to act as a representative of the Ohio Department of Human Services in recommending family foster homes. This was an omission when the department revised the rule in September, 1996.

SUBJECT: Ohio Administrative Code Rules Governing the Administration, Planning, Contracting and Evaluation of Children Services

Amended Substitute House Bill 215 (H.B. 215) amended sections 5101.14 and 5153.16 of the Ohio Revised Code (ORC) and renamed line item GRF 400-527 as "State Child Protective Allocation (SCPA)" (formerly State Child Welfare Subsidy). The following changes were made in ORC section 5101.14 and 5153.16:

- Expanded the use of the SCPA for:
  - the costs of the care of a child who resides with a caretaker relative, other than the child's parent, and is in the legal custody of a public children services agency (PCSA) pursuant to a voluntary agreement entered into under division (A) of section 5103.15 of the ORC or in the legal custody of a PCSA or the caretaker relative pursuant to an allegation or adjudication of abuse, neglect, or dependency [ORC 5101.14 (B)(1)].
  - other services a PCSA considers necessary to protect children from abuse, neglect, or dependency [ORC 5101.14 (B)(1)].

- Eliminated the requirement for preparation and approval of a County Children Services Plan [5101.14(D)].

- Eliminated the annual evaluation of services provided by the PCSA [5153.16(B)(16)].

As a result of these changes the following OAC rules have been rescinded:

- 5101:2-33-04 "County children services plan"
- 5101:2-33-06 "Annul report and evaluation of children services"
- 5101:2-33-061 "Report and evaluation of children services"
- 5101:2-33-08 "Administration of services under state child welfare subsidy"
- 5101:2-33-09 "State Child Welfare Subsidy caseload reduction"
- 5101:2-44-15 "Short-term out-of-home care"
- 5101:2-44-17 "Adoption services"

All instructions for claiming and reimbursement under the SCPA will be issued in the Administrative Procedure Manual (APM).

OAC rule 5101:2-5-33 "Foster caregiver orientation and training" has been amended to reflect the rescission of OAC rule 5101:2-33-04 and to clarify other training requirements. Public children services agencies (PCSAs) will now be required to submit their annual foster caregiver orientation and training plan to the Ohio Department of Human Services (ODHS) on the same schedule as private child placing agencies (PCPA's) and private non custodial agencies (PNAs), which is October 15th of each year for the next calendar year.

Due to the short notification period given, the PCSA will have until December 1, 1997 to submit an addendum to this year's plan to add the new orientation topic.

OAC rule 5101:2-33-04 "PCSA grievance review policies" has been adopted to ensure that grievance review procedures exist to resolve complaints from parents, custodians, legal guardians, foster parents, adoptive parents and children concerning the provision of services and the results of an investigation of child abuse/neglect.

H.B. 215 allows a PCSA to contract with a county department of human services or other agencies and community service providers to assist the PCSA in performing its assigned duties outlined in ORC section 5153.16. ORC section 5153.16 prohibits the PCSA from entering into contracts to perform its investigation

duties outlined in ORC sections 2151.421 and 2151.422. Due to the inclusion of this language, OAC rule 5101:2-42-05 "Delegation of Responsibility" is being rescinded and replaced with OAC rule 5101:2-33-07 "Delegation of responsibilities and contracting for the performance of specified agency duties".

SUBJECT: Emergency Services Assistance Replaces Family and Children Emergency Services (FACES) Program

TANF FACES is no longer directly available to public children services agencies (PCSAs). As a result, the department has abolished the Family and Children Emergency Services (FACES) program authorized by Ohio Administrative Code (OAC) rule 5101:2-39-072 and has replaced it with a more flexible Emergency Services Assistance program authorized under OAC rule 5101:2-39-06. The Emergency Services Assistance program will be effective July 1, 1997.

PCSAs, pursuant to OAC rule 5101:2-39-06, will now be able to provide Emergency Services to a child and his parent, guardian, custodian, relative or kin in order to:

- Prevent child abuse and neglect;
- Prevent or eliminate the need for removal of the child from his home;
- Prevent placement of a child away from his kinship care family; or
- Return a child to his parent, guardian or custodian.

There are no longer any requirements for completion of an application for services, a specified menu of services to select from or a time limit for provision of emergency services.

Administrative Procedure Manual Section 6520. contains information on claiming procedures for Emergency Services Assistance.
Family, Children and Adult Services Manual Transmittal Letter No. 64

FROM: Arnold R. Tompkins, Director

SUBJECT: Revised ODHS 1659 "Title IV-E Auxiliary Payment Authorization" Form and Revised Instructions for Correcting Errors on the ODHS 1659 Error Report (FBI030)

This letter transmits revisions to the ODHS 1659 "Title IV-E Auxiliary Payment Authorization" form. New benefit type "K - employment-related day care" has been added to allow public children services agencies (PCSAs) to claim reimbursement for employment-related day care for foster parents of Title IV-E eligible children (refer to Family, Children and Adult Services Manual Transmittal Letter No. 48 and Administrative Procedure Manual Section 6506). Employment-related day care services for Title IV-E eligible children in foster care, relative care or prefinalized adoptive homes may be provided without regard to the income of the foster parent(s).

Since funding became available for this population, reports indicate that PCSAs haven't been claiming reimbursement for employment-related day care. The Ohio Department of Human Services would like to encourage PCSAs to take advantage of this available funding by claiming employment-related day care costs against this new Benefit Type. Retroactive claiming for payment of day care services affected by this policy is available for the two-year Title IV-E FCM retro claiming period.

There are no new ODHS 1659 error messages associated with the employment-related day care benefit.

New error messages have been added to the ODHS 1659 Error Report (FBI030) as a result of the policy change allowing the costs of care for the child of a Title IV-E foster care maintenance (FCM) recipient parent, who resides with his/her parent in a family foster home or residential parenting facility, to be included as a supplemental payment to the Title IV-E FCM payments made on behalf of the parent.

The ODHS 1659 NCR forms may be ordered from the Information Management Section, 2098 Integrity Drive North, Columbus, Ohio 43209, (614) 728-7300. Family, Children and Adult Services Manual Transmittal No. 46
September 15, 1995
TO: All Family, Children and Adult Services Manual Holders
FROM: Arnold R. Tompkins, Director
SUBJECT: Reissuance of the Family, Children and Adult Services Manual

Due to the numerous issuances of Family, Children and Adult Services Manual Transmittal Letters and Procedures Letters, the department is reissuing the Family, Children and Adult Services Manual (FCASM) in its entirety. The enclosed manual reflects the current version of all manual sections and forms. **NO POLICY CHANGES ARE INCLUDED IN THIS ISSUANCE.** Tab dividers and the Subject Index will be forwarded under separate cover.

The manual format remains similar to the former version. The Roman numeral chapter designations have been removed; however, it is still divided into chapters and sections. Two additional chapters, Licensing and State Hearings have been added. One section, Family Foster Home Recruitment, has been removed. Several sections have been renamed and new sections were added. The new Licensing chapter has three sections titled Agency, Family Foster Home and Children’s Residential Centers. The Bureau of State Hearings will be responsible for maintaining the State Hearings chapter which will be self-contained. That chapter will contain the Ohio Administrative Code (OAC) for State Hearings relating to Family, Children and Adult Services Programs, the OAC index and the related State Hearing forms. State Hearings will not be referenced in the Rules or Subject Indexes or in the Forms Section of the FCASM.

In the Definitions chapter, sections for Adult Services and Licensing have been added. In the Management and Administration Chapter, the section previously titled Prevention Services has been renamed Children’s Trust Fund. In the Social Services Chapter, the section previously titled Social Services to Family and Children has been renamed Supportive Services; the section previously titled Social Services to Family, Children and Adult (Title XX) has been renamed Title XX; and the section previously titled Unaccompanied Refugee Minor Program has been renamed Refugee Services. New sections were added for Indian Child Welfare and Interstate/Intrastate.

An index of all Family, Children and Adult Services Manual Transmittal Letters (FCASMTL) and their previous cover letters are located in the section labeled FCASMTL. The Procedure Letter Section contains an index of all previously issued Family, Children and Adult Services Procedure Letters (FCASPL) as well as copies of all currently effective FCASPLs. All rules currently effective that were previously transmitted via FCASPLs in OAC format are now contained in the appropriate section of the manual. The Procedure Letter index will list those affected Procedure Letters as obsolete.

In July 1994, the Office of Fiscal Services implemented the ODHS 2820 Children Services Monthly Financial Statement for reporting revenues and disbursements. Although some of the OACs included in this transmittal still contain references to previously existing financial reporting requirements, no forms that were obsoleted by the ODHS 2820 are included in this transmittal and all forms contained in the Administrative Procedure Manual are removed from this issuance. The Administrative Procedure Manual contains all current instructions for fiscal reporting.

This issuance does not contain the following OAC’s which expired or were rescinded.

- OAC 5101:2-32-03 Title XX Purchase of Training Definition of Terms (rescinded 8/15/91).
- OAC 5101:2-33-061 Report and Evaluation of Children Services (expired 6/1/94)
- OAC 5101:2-39-81 Phase in for Children Served by a PCPA (expired 1/1/90)
- OAC 5101:2-47-43 Permanent Custody and Adoptive Placement (rescinded 5/94)

This issuance does contain two rules that were not previously issued in OAC manual format; however, information about them was contained in Procedure Letters 30 and 30A.
- OAC 5101:2-47-57 Children in Receipt of SSI.

All Social Services Instruction Memorandum (SSIMs) not previously obsoleted are now obsolete. With this issuance, the department will cease using SSIMs.

Any questions regarding the information or instructions in this letter should be directed to your district social services coordinator or licensing specialist.

SUBJECT: Cooperation with Other Organizations to Coordinate Service Delivery to Children and Families

This letter and attached Ohio Administrative Code (OAC) rule 51012-39-50 are to inform you of changes in the procedures and requirements regarding the Ohio Family and Children First Cabinet Council, local clusters for services to youth, and county family and children first councils.

Passage of Amended Substitute H.B. No. 152 created the Ohio Family and Children First Cabinet Council, which has assumed the mission of the Interdepartmental Cluster for Services to Youth. The Cabinet Council may advise and assess local governments on the coordination of service delivery to children and families, as well as develop programs and projects to encourage state and local coordination that improves the state's social service delivery system. The Cabinet Council is also continuing its review and funding of service and treatment plans for children with multiple needs referred by county clusters or councils.

Counties may continue their cluster, or a county may establish a family and children first council. Counties may elect to retain their cluster as a separate entity, and also establish a council. Both clusters and councils are to coordinate services and resources to effectively serve families and children in their county. Clusters and/or councils may develop programs and projects to improve the local social service delivery system, and pool funds and/or develop other financing strategies to maximize the use of state, federal and local resources for services to families and children. Local clusters and/or councils are also to review cases of children and families with multiple needs referred to the cluster and/or council, and may refer cases to the Cabinet Council for assistance in treatment planning.

SUBJECT: ODHS 1443 "Child's Education and Health Information Form"

This letter formally transmits the revised ODHS 1443 "Child's Education and Health Information" form. The revised ODHS 1443 "Child's Education and Health Information" form more closely follows federal requirements received from the U.S. Department of Health and Human Services, Children's Bureau regarding documenting and updating the education and health information for children in substitute care.

Ohio needs to be found in compliance with the federal requirements to retain current levels of federal funding. The current rules state that the ODHS 1443 form must be completed for each child residing in a substitute care setting on or after October 1, 1991.

As a reminder, the ODHS 1443 "Child's Education and Health Information" form should be completed for each child in agency custody at the following times: Original placement in substitute care; any placement change (substantive or non-substantive); each semi-annual review; and any time the education or health information required on the ODHS 1443 form changes. The completed ODHS 1443 "Child's Education and Health Information" form must be attached to the case plan document.

SUBJECT: Entering ICPC Data in SACWIS

This letter provides guidance to Public Children Services Agencies (PCSAs) regarding entering data for cases involving the Interstate Compact on the Placement of Children (ICPC) in the Statewide Automated Child Welfare Information System (SACWIS.) In order to maintain compliance with Administrative Code (OAC) rules 5101:2-33-23, 5101:2-33-70, and 5101:2-52-04, and provide accurate data for federal reporting, all available information for cases involving ICPC must be entered into SACWIS.

When there is an existing case for which the PCSA has sent an ICPC request to another state, an ICPC record must be created on the existing case. When a PCSA receives an ICPC request from another state, the PCSA is responsible for creating an ICPC case and then creating the ICPC record on that case, or linking an intake to an already existing ICPC case and creating a new ICPC record on that case. The PCSA is responsible for completing every field on the ICPC record for which information is available.

The data that must be entered includes entering the date the home study narrative was sent to the requesting state in the appropriate date field on the ICPC record and entering the date of final approval or denial. These date fields can be found on the “Request Info” tab of the ICPC record. This information is necessary to show compliance with PL 109-239, which requires the narrative portion of the home study be sent to the requesting state within 60 days.

SUBJECT: Revisions to existing foster care and adoption forms

This letter transmits revisions to thirteen forms that are used during the foster care and adoption homestudy process. The homestudy rules are being rescinded and issued as new in an effort to align the foster care and adoption homestudy processes. The following forms are being revised to assist in this process, and will be effective when the corresponding rules are effective. The following is a brief explanation of revisions to each of the forms:

- The JFS 01318, "SACWIS Private Agency Provider Request" was revised to add a third applicant in those situations where there are more than two foster caregivers on a license, and to include a request for the authentication/transaction control number (TCN) from the bureau of criminal identification and investigation (BCII) for rapback purposes. Formatting changes were also made for clarity.

- The JFS 01318I, "Instructions for Completing the JFS 01318, SACWIS Private Agency Provider Request" was revised to reflect the changes to the JFS 01318 and the requirements throughout Chapters 5101:2-5 and 5101:2-48. The instructions were also reformatted for clarity and ease of the reader.

- The JFS 01331, "Notice of Expiration and Reapplication for a Foster Home Certificate or Adoption Homestudy Approval" was revised to emphasize the importance of the caregiver submitting the form timely so that the recertification or update is done prior to the expiration of the current span. Form was also revised to align with rule that states agencies may send the form to the caregivers from 90-150 days prior to expiration to begin the recertification process.

- The JFS 01334, "Recommendation for Transfer of a Foster or Adoptive Home" was revised to add a third caregiver, in those situations where there are more than two foster parents on a license, and to include a request for the authentication/TCN from BCII for rapback purposes. A checkbox was added to the verifications section to ensure that references were received from adult children of the caregivers. There was also a statement of understanding added below the signature area notifying caregivers their signature indicates permission is granted for the receiving agency to access the provider's information in SACWIS.

- The JFS 01348, "Safety Audit of a Family Foster Home, Also used for Adoption" was renamed "Safety Audit." It was revised to update rule language and rule citations, and to add safety requirements that are currently in rule, such as medications stored in locked containers and foster caregivers providing smoke free environments. A 'will obtain' option was added for cribs and carseats for younger children who may be placed in the home. Reasons for completing the form were also expanded, to include 'renovation', 'update', and 'other.'

- The JFS 01385, "Assessment for Child Placement Update" was revised and reformatted to resemble more closely the JFS 01673. Section II regarding household members and sleeping arrangements was added, as well as Section X, regarding the usage of the home. This was done to more accurately capture the most current, basic information about a home. Narrative questions were revised and updated. Language regarding waivers and variances was revised to reflect current rule.

- The JFS 01530, "Multiple Children/Large Family Assessment" was renamed "Large Family Assessment." Several questions were revised to be less 'child specific' as the adopted child will more than likely not be known at the time the large family assessment is completed. Direction is provided on the form that if the specific child to be adopted is unknown when the large family assessment is completed, to base answers on the characteristics the family is approved to adopt at the time of the homestudy.
The JFS 01673, "Assessment for Child Placement" was revised to flow more in the order of the JFS 1691 application. Options were added for families who 'will obtain' a crib when a younger child is placed with them. A narrative section was added to document references received from adult children of the caregivers. Narrative questions were revised and updated. Language regarding waivers and variances was revised to reflect current rule. Assessment checklist was revised to include all requirements and reformatted for clarity.

The JFS 01673I, "Instructions for Completing JFS 01673, Assessment of Child Placement" was reformatted to align with the order of the newly revised JFS 01673 homestudy. Several questions were revised to offer more in-depth responses in the narrative sections. A section was added to provide instructions for obtaining references from adult children of the applicants.

The JFS 01680, "Verification of Assessor Qualifications" was revised for clarity and to reflect current rule. Removed requirement to send in documentation with form verifying details about the assessor training that was taken.

The JFS 01691, "Application for Child Placement" was revised to reflect current rule changes, such as requesting information for any agency the applicant or adult household member has ever applied to for foster care or adoption, and contact information for adult children of the applicant. The statement of understanding at the end of the form was also revised to reflect current rule and practice.

The JFS 01692, "Application for Adoption of a Foster Child" was renamed "Application for Adoption of a Foster Child or Sibling Group" was revised to allow only one form to be completed if foster parents are adopting a sibling group who have all been placed in the home for at least six months. The form was also reformatted and questions updated to align with specific sections of the JFS 01691 and JFS 01673. The statement of understanding at the end of the form was also revised to reflect current rule and practice.

The JFS 01698, "Step-Parent Adoption Homestudy" was updated and reformatted in some sections for clarity and ease of the reader. Grammar and spelling errors were fixed, and some questions that were not related to the assessment were removed or revised.

TO: All Family, Children and Adult Services Manual Holders  
FROM: Michael B. Colbert, Director  
SUBJECT: Guidance for Public Children Services Agencies and Private Child Placing Agencies Regarding Credit Reports for Youth in Foster Care

The purpose of this procedure letter is to provide guidance for public children services agencies (PCSA) and private child placing agencies (PCPA) on obtaining annual credit reports and resolving inaccuracies for a youth in foster care. In accordance with the Child and Family Services Improvement and Innovation Act (PL 112-34) and rule 5101:2-38-10 of the Administrative Code, agencies are required to request credit reports for youth 16 or older annually. Youth in foster care qualify for one credit report annually, at no cost, from each of the major credit reporting agencies (CRA). However, the method used to obtain the credit report of a minor youth is significantly different from the method used by adults to obtain a credit report.

The custodial agency is required to request a credit report from each of the three major CRAs. This may be completed simultaneously or separately throughout the year in order to monitor any corrections being made. Each CRA has developed a procedure to process requests for a credit report of a minor youth in foster care. The procedures are different for each of the three CRAs and the instructions for each CRA are outlined in this Procedure Letter.

Obtaining a Youth's Credit Report

The following information must be sent to each CRA to request the credit report:

- Youth's birth certificate or other legal documentation of the youth's full name and age.
- Verification that the agency has the legal authority to request the credit report information.
- Documentation that the youth is in foster care (e.g. a court order or other documents).
- Verification of the identity of the requester and that he/she has the right to request a credit report on behalf of a minor youth. This method shall be developed by the agency (e.g., a copy of the agency ID badge).
- Address of the agency where the credit report will be sent.
- Other information to assist the CRA in their search of a credit report for the youth may include, but is not limited to: the youth's current address and any other address from the past two years, nicknames, and social security number.

Instructions for Contacting Each CRA

EQUIFAX CRA

Send the required information to one of the individuals listed below:

Gary Pock - 678-795-7787 or gary.pock@equifax.com  
Troy Kubes - 678-795-7777 or troy.kubes@equifax.com

At this time, Equifax is charging a fee for unlimited access to the database as needed to request credit reports. ODJFS is in the process of executing a contract with Equifax for county agency access to their database. Until the contract is executed, PCSAs are to request reports from Experian and TransUnion CRAs only. Agencies will be able to submit requests to Equifax once the ODJFS contract is in place.

EXPERIAN CRA
Send the required information to:

Experian National Consumer Assistance Center
PO Box 9701
Allen, Texas 75013

Sensitive information can be redacted from the court order as long as the identification of the minor remains intact. The CRA’s response will be "No Record" or the credit report will be sent to the requestor (agency) through regular mail. For security purposes, the envelope will not indicate that it is from Experian.

TransUnion CRA

Send the required information to one of the individuals listed below:

Angela Harp at 714-680-7268 or aharp@transunion.com

Eric Rosenberg at 312-466-6323 or erosenb@transunion.com

Although there is no charge to obtain credit reports from TransUnion at this time, each county is responsible for contacting TransUnion and requesting a copy of the TransUnion Master Agreement for Consumer Reporting Services and other service agreements. Once the necessary documents have been completed to execute an agreement with TransUnion, the agency will be able to obtain credit reports from this CRA.

A minor cannot enter into an agreement with a business, agency, or entity, and therefore should have no record with any credit bureau unless there is an error or the child is a victim of identity theft. If the credit report shows any irregularities or inconsistencies, the agency should contact the Ohio Attorney General's (AGO) office to request assistance in resolving the issue. To make a referral to the AGO, the agency must send copies of all information related to the credit report including correspondence with the CRAs, a cover letter on agency letterhead, and the completed AGO ID Theft Affidavit to:

SUBJECT: 2010 Poverty Level Guidelines for Kinship Permanency Incentive (KPI), Post Adoption Special Services Subsidy (PASSS) and State Adoption Maintenance Subsidy (SAMS)

Federal legislation enacted in late 2009 and early 2010 prohibited publication of 2010 poverty guidelines before May 31, 2010, and required that the 2009 poverty guidelines remain in effect until publication of updated guidelines. Legislation to further delay publication of the 2010 guidelines did not pass. The procedure for updating the 2010 guidelines was modified to take into account the Consumer Price Index (CPI-U) for the period for which their publication was delayed. As a result, the poverty guideline figures for the remainder of 2010 are the same as the 2009 poverty guideline figures.

For KPI, the 2009 poverty guideline figures will remain in effect until the 2011 new guidelines are posted. Refer to Procedure Letter (PL) #163 for poverty guideline tables.

For PASSS and SAMS, the 2009 poverty guideline figures will remain in effect until June 30, 2011. Refer to PL #176 for PASSS and PL #177 for SAMS for poverty guideline tables.

SUBJECT: Statewide Automated Child Welfare Information System (SACWIS) Private Agency Provider Data Form

The JFS 01318 "SACWIS Private Agency Provider Data" and the corresponding instructions (JFS 01318-I) have been created. In order to obtain ODJFS license or approval, this form is to be used by all Private Agencies for any home provider who has been approved for use as a foster, adoptive, or kinship home. This form will allow ODJFS to record the necessary information for new home providers as well as to update information on the provider in SACWIS until such time as the private agencies are given access to SACWIS. This form will replace JFS 01633, JFS 01639, and JFS 01648 which should no longer be used. These forms will be made obsolete in a separate procedure letter in the near future.

Information requested on this form is required to be maintained by ORC 109.5721, ORC 5101.13 and Adoption and Foster Care Analysis and Reporting System (AFCARS) Regulations 45 CFR 1355.40. Pursuant to OAC 5101:2-33-70, 5101:2-33-05 and 5101:2-33-80, Private Child Placing Agencies (PCPA) and Private Noncustodial Agencies (PNA) shall report applicable children services information and any other information deemed important.

TO: All Family, Children and Adult Services Manual Users

FROM: Helen E. Jones-Kelley, Director

SUBJECT: SACWIS Data Edits, Error Corrections, and Fixes REVISED

The Ohio Department of Job and Family Services (ODJFS) continues to work diligently to build utilities in SACWIS that will allow agency staff, with the required security access, to edit data, correct errors, and fix information in the system resulting from human error and inaccurate or incomplete data converted from child welfare legacy systems. The data utilities will include an audit trail to record changes and ensure the integrity of SACWIS records when changes are made. ODJFS will incrementally release the utilities and enhancements to the existing screens and workflows over the next several months.

During this temporary period, ODJFS will continue to accept requests for corrections submitted by PCSAs through the SACWIS Help Desk. Authorized requests to change conversion errors, human data entry errors, and duplicated records will be made by authorized ODJFS staff. All requests must be submitted in conjunction with the procedure included with this correspondence and all requests will become part of the audit trail for changes made.

Requests to change intake screening decisions will follow the attached procedure and will include a review by policy staff in the ODJFS Office for Children and Families (OCF). OCF policy staff will determine whether OCF Field Office staff will provide technical assistance, to ensure the agency is complying with Administrative Code rules. The PCSA’s technical assistance manager will facilitate technical assistance, as appropriate.

ODJFS will honor requests to delete/modify records that, due to clerical error, are wrong, misleading, or redundant. No substantive or other modifications or deletions will be made. Again, this would be premised on having some record trail of modifications or changes, including an appropriate chain of approval. This will ensure compliance with any applicable records retention schedules adopted under Section 149.34 of the Revised Code.

Below is the procedure for authorizing requested changes to SACWIS data. The procedure allows agency directors to authorize delegates to submit SACWIS change requests. The number of delegates is based on county size in relation to CPOE designations. Large metropolitan counties may designate up to six persons within the agency to submit data change requests and small to medium counties may designate one or two persons.

**Process for Submitting Sensitive SACWIS Data Corrections**

The following steps define the process to modify sensitive data within the SACWIS application.

1. The county executive director must determine if sensitive corrections will be authorized by an authorized delegate.

2. For those county executive directors who want to delegate authorization of sensitive data corrections, the JFS 01669 "Delegation of Authority for Sensitive SACWIS Data Corrections" must be submitted to the SACWIS Help Desk.

3. For each Sensitive SACWIS Data Correction request, the county executive director or delegate must complete and submit a JFS 01671 "Sensitive SACWIS Data Correction Request."

4. After a form is completed, a scanned copy must be emailed to the SACWIS Help Desk at sacwis_help_desk@jfs.ohio.gov.

5. The form can also be faxed to the SACWIS Help Desk at 614-728-9678.

SUBJECT: IN-STATE AND OUT-OF-STATE HOMESTUDIES REFERENCING THE RACIAL COMPOSITION OF A NEIGHBORHOOD

This Procedure Letter outlines steps which shall be taken in instances where an agency discovers information contained within a homestudy, either from its own agency or one that has been received from another agency, references the racial or ethnic composition of the neighborhood, the demographics of the neighborhood, and/or the presence or lack of presence of a significant number of persons of a particular race, color, or national origin in the neighborhood.

Ohio Administrative Code (OAC) rules 5101:2-48-13 "Non-discrimination requirements for adoptive placements" and 5101:2-42-18.1 "Non-discrimination requirements for foster care placements," prohibit delaying or denying placement of a child based upon the geographical location of the neighborhood of the prospective foster caregiver or adoptive family whenever geography is being used as a proxy for the racial or ethnic composition of the neighborhood. OAC rules 5101:2-48-13 and 5101:2-42-18.1 also prohibit delaying or denying placement of a child based on the demographics of the neighborhood and the presence, or lack of presence, of a significant number of persons of a particular race, color, or national origin in the neighborhood.

When an agency discovers a homestudy which contains an assessment prohibited by OAC rules 5101:2-48-13 and 5101:2-42-18.1, such as a description of the racial composition of the neighborhood, the agency shall:

1. Consult with its legal counsel with respect to all homestudies that contain language referencing the racial composition of the neighborhood;

2. Place a Multi-ethnic Placement Act (MEPA) alert on the section of the homestudy which references the racial composition of the neighborhood, indicating the language contained in the homestudy is prohibited by MEPA and that the section will not be considered in the placement decision-making process;

3. Return a copy of the homestudy containing the MEPA alert to the agency which originally completed and/or submitted the homestudy, indicating that the section referencing the racial composition of the neighborhood will not be considered in the placement decision-making process; and,

4. Forward to the Ohio Department of Job and Family Services' Child Welfare Policy Section - Team 2, a copy of the homestudy and notice that was sent to the offending agency. The information shall be forwarded to the following address: P.O. Box 182709, Columbus, Ohio 43218-2709.

FROM: Helen E. Jones-Kelley, Director
SUBJECT: CHANGES TO FOSTER CARE MAINTENANCE SINGLE COST REPORT FORM (JFS02911) AND INSTRUCTIONS (JFS02911-I)

This letter transmits revisions to the JFS 02911 "Single Cost Report" and instructions JFS 02911- which are used pursuant to OAC 5101:2-47-26.1, Public children services agencies (PCSA), private child placing agencies (PCPA), private noncustodial agencies (PNA): Title IV-E cost report filing requirements, record retention requirements and related party disclosure requirements. The revised form and instructions are to be used for the state fiscal year reporting period of July 1, 2006 through June 30, 2007.

An explanation of the revisions to the cost report form and instructions appears below:

The JFS 02911 "Single Cost Report" form is the reporting format used to capture one hundred percent of operational costs of all public and private not-for-profit and for-profit providers of purchased family foster care and residential services. The form has been amended to include password protection to cells which users should not be accessing during completion of the form, to update the annual inflation index, to include an unallowable cost line within the non-reimbursable section of the Title IV-E purchased foster care worksheets and the Title IV-E residential worksheets, and include the reorganization of how administrative overhead cost information is presented.

The JFS 02911-I "Single Cost Report Instructions" provide an overview of the cost report as well as detailed instructions for completing the report. The instructions have been amended to include the URL address for the ODJFS Forms Central website so that users of the form and instructions can download the most recent versions. Additionally, PCSA's and Title IV-E agencies are advised how to properly report clothing, graduation, and personal incidental expenses on the cost report for Title IV-E eligible and non-eligible children. Furthermore, new language was added regarding how to statistically account for temporary absences from placement settings for periods which do not exceed fourteen days during a month. Finally, other minor clarification language was added where needed in order to facilitate understanding.

When downloading the Microsoft Excel version of the JFS02911 "Single Cost Report," the macro security level must be lowered for the macro buttons to work. To lower the macro security level, open Microsoft Excel, click "Tools," "Options," and then click the "Security" tab. At the bottom of the security sheet, click "Macro Security." Change the security level from high to low. At this point, the file can be downloaded. Once downloaded, open the file. A prompt will appear requesting that the macros be either disabled or enabled. Click "Enable Macros." If the Macro security level is not changed to low and the macros are not enabled, the macro buttons will not work when the file is opened.

**Uniform Statewide Standards for Per Diem Foster Care Maintenance Rates**

(0-18 years)
- Minimum - $9.00
- Maximum - $118.00

**Per Diem Foster Care Maintenance Difficulty of Care Maximum Additional Rates**

- Special Needs - $85.00
- Exceptional Needs - $200.00
- Intensive Needs - $200.00
- Emergency Family Foster Care - $200.00

**Auxiliary Payments for Initial Clothing and Graduation**

- Clothing - $1,500.00

Although the rates are effective September 30, 2006, due to the provisions of the Gramm-Rudman-Hollings law, any increase is not reimbursable through benefits issuance until October 1, 2006.

For Federal Fiscal Year 2007 (October 1, 2006 through September 30, 2007), Ohio's Federal Financial Participation for Title IV-E foster care maintenance and adoption assistance payments is 59.66%. The benefits issuance system will be adjusted to reflect this amount of federal reimbursement effective October 1, 2006.

SUBJECT: Two Hundred Percent Guidelines for Post Adoption Special Services Subsidy (PASSS) Only/Correction

Pursuant to Ohio Revised Code section 5153.163(C) and Ohio Administrative Code rule 5101:2-44-13.1(J), the following schedule is to be used only when determining whether families are required to pay five-percent of the total costs of all services received under the post adoption special services subsidy program effective July 2005. The schedule represents 200% of the 2005 Federal Poverty Guidelines (published in the Federal Register, Volume 70, Number 33, February 18, 2005) rounded to the nearest dollar and adjusted for family size. The difference between this chart and the chart included in FCASPL No. 82A is in the dollar amount for the family size of 5.

SUBJECT: Changes Regarding the Filing of the Title IV-E Sixth Month Cost Report Due December 31, 2003

Paragraph (A)(3) of rule 5101:2-47-26.1 Public children services agencies (PCSA), private child placing agencies (PCPA), private noncustodial agencies (PNA): monitoring Title IV-E cost report filing, record retention requirements and related party disclosure requirements states: "For the six-month period January 1, 2003 through June 30, 2003, a six-month Title IV-E cost report reflecting cost for the six-month period January 1, 2003 through June 30, 2003, shall be filed with ODJFS by December 31, 2003." The rule is in the process of being amended to eliminate this requirement. **Effective immediately ODJFS will not be requiring adherence to this provision of the rule.**

ODJFS will utilize the reimbursement ceiling amounts established from the private agencies calendar year 2002 cost reports and the updated inflation factor to recalculate the reimbursement ceiling amounts for the rate period covering September 1, 2004 through March 31, 2005. Beginning with the effective rate period of April 1, 2005 through March 31, 2006, ODJFS will utilize the private agencies audited single cost report to calculate the reimbursement ceiling amount.

TO: Family, Children and Adult Services Manual Holders
FROM: Thomas J. Hayes, Director
SUBJECT: JFS 01659 Payment Process Changes

The JFS 01659 payment process has been revised to reduce the number of duplicate payments. The major alteration to the payment process is that the FACSIS Benefit Issuance (BI) system is now set up to have only one active payment for each Benefit Type for any given time period of service. If an incorrect monthly payment is made requiring an adjustment, the entire claim must be returned either as an overpayment (Transaction Code 2) or as an underpayment (Transaction Code 3). The correct payment claim amount should be claimed as an "initial" payment (Transaction Code 1).

In order to reduce the number of duplicate payments, two error messages have been added to the Benefits Issuance Error Report:

- **Duplicate Payment Found**
- **No Payment Matches the Overpayment/Underpayment**

The following examples detail how to avoid these errors:

**EXAMPLE 1:** A claim of $450.00 was processed at BI Cut-off. After payment was created, the county changes FACSIS Event 338 to $500.00. To receive the revised amount, complete a JFS 01659 with two lines:

  - **Line 1:** Indicate an overpayment of $450.00.
  - **Line 2:** Indicate an "initial" payment for $500.00.

The overpayment line processes first and brings the balance for the time period to $0.00. Then the initial payment line processes bringing the balance to $500.00. Please note that if a subsequent change is made to the FACSIS Event 338 the same process would be followed; first returning the $500, and then claiming the new amount.

For this example, the common cause of the error message "Duplicate Payment Found" is the following:

- Any request for additional funding for the same service time period (i.e. $50.00 additional payment to equate the total payment with the new FACSIS Event 338 of $500.00).

For this example, the common cause of the error message "No Payment Matches the Overpayment/Underpayment" is the following:

- Any claim of overpayment or underpayment that does not identically match the "initial" claim for the time period (i.e. using an overpayment amount of $264.73 (58.83%) instead of the original claim of $450.00).

**EXAMPLE 2:** A claim of $450.00 was processed at BI Cut-off. After payment was created, the child is moved to Resource #2 on 7/15/03. Two separate claims, one for Resource #1 of $203.00 and one for Resource #2 of $300.00 is needed. To receive payments for the two different placement resources, the two placements will need to be split and processed as two different service time period payment requests. Complete a JFS 01659 with the following three lines:

  - **Line 1:** Indicate an overpayment of $450.00.
  - **Line 2:** Indicate an "initial" payment for $203.00 for Resource #1 (7/1/2003 - 7/14/2003).
  - **Line 3:** Indicate an "initial" payment for $300.00 for Resource #2 (7/15/2003 - 7/31/2003).

For this example, the common cause of the error message "Duplicate Payment Found" is the following:

- Any request that overlaps a previous service time period (i.e. $218.00 for 7/1/2003 - 7/15/2003 and $300.00 for 7/15/2003 - 7/31/2003).
For this example, the common cause of the error message "No Payment Matches the Overpayment/Underpayment" is the following:

- Any claim of overpayment or underpayment that does not identically match the "initial" claim for the time period (i.e. using an overpayment amount of $232.00 on Resource #1 for the period 7/16/2003 - 7/31/2003 when the original claim was for $450.00 for the period 7/1/20003 - 7/31/2003).

**EXAMPLE 3:** A claim of $450.00 was processed at BI Cut-off. After payment was created for the 7/1/2003 - 7/31/2003 time period, the child returns home on 7/11/2003. To return payment for the period 7/11/03 - 7/31/03 and receive the partial month's payment for the period 7/1/03 - 7/10/03, complete a JFS 01659 with two lines:

- **Line 1:** Indicate an overpayment of $450.00.
- **Line 2:** Indicate an "initial" payment of $145.00 for the portion of time the child was in placement from 7/1/2003 - 7/10/2003.

For this example, the common cause of the error message "No Payment Matches the Overpayment/Underpayment" is the following:

- Any claim of overpayment or underpayment that does not identically match the "initial" claim for the time period (i.e. using an overpayment amount of $305.00 for the period 7/11/03 - 7/31/03 instead of using the original claim amount of $450.00).

**Clothing, Graduation and Daycare**

Clothing, graduation and daycare claims are now debundled from the FACSIS Event 338 amount. Thus, FACSIS Event 338 amount no longer acts as an upper limit and there is no longer any need to split one of these costs onto separate lines for reimbursement. The only limits that apply to these amounts are the limits set through the annual foster care maintenance survey. Each claim of clothing, graduation, and/or daycare should have its own separate line on the JFS 01659.

Clothing, graduation and daycare claims are each handled separately from the maintenance amounts. Each of these is treated the same as maintenance. An initial claim of clothing for a time-period is handled the same as it always has been.

The following example details how to receive proper reimbursement for clothing, graduation and daycare claims:

**EXAMPLE 4:** Prior to the debundling of the FACSIS Event 338, a $500.00 claim for clothing was split across two lines on the JFS 01659 to not exceed the amount of FACSIS Event 338 ($450.00 in this illustration) Prior to the debundling of the FACSIS Event 338, the JFS 01659 claim would have shown the following:

- **Line 1:** Indicated an "initial" clothing payment of $450.00.
- **Line 2:** Indicated an "initial" clothing payment of $50.00.

* [This method will now result in a "Duplicate Payment Found" error message] *

The new process for completing the JFS 01659 is as follows:

- **Line 1:** Indicate an "initial" clothing payment of $500.00.

**Difficulty of Care Payments**

Foster Care Maintenance (FCM) payments that include a Special, Exceptional or Intensive Needs benefit are processed as a combined total of the Maintenance Per Diem and the Difficulty of Care Per Diem from the FACSIS Event 338. These need to be combined when completing the JFS 01659 for an overpayment or underpayment. Any revised difficulty of care claim for the same service period is split between family foster home costs and the specific difficulty of care benefit type under a transaction code of "initial benefit."

The following example details how to receive proper reimbursement for difficulty of care claims:

**EXAMPLE 5:** A claim of $500.00 ($450.00 Maintenance and $50.00 for Special Needs) was processed at BI Cut-off. After payment was created, the child needs $200.00 for Exceptional Needs. Thus, the combined
monthly claim should be for $650.00 ($450.00 for Maintenance and $200.00 for Exceptional Needs). To receive the revised amount, complete a JFS 01659 with the following three lines:

- **Line 1:** Indicate an overpayment of "Family Foster Home Costs" totaling $500.00 to return the entire month's claim ($450.00 for Maintenance and $50.00 for Special Needs).
- **Line 2:** Indicate an "initial" payment of "Family Foster Home Costs" for $450.00.
- **Line 3:** Indicate an "initial" payment of "Exceptional Needs" for $200.00.

For this example, the common cause of the error message "Duplicate Payment Found" is the following:

- Any request that overlaps a previous service time period.

For this example, the common cause of the error message "No Payment Matches the Overpayment/Underpayment" is the following:

- A claim of overpayment or underpayment that does not identically match the "initial" maintenance claim combined with the "initial" Special Needs claim. (i.e. using an overpayment amount of $50.00 for the Special Needs portion only).

**Helpful Hint**

As a helpful hint please be advised that when BI issues a recurring (cutoff) foster care maintenance (FCM) payment it rounds to the nearest dollar. Therefore, if your FACSIS Event 338 has a value of $333.33, cutoff will issue $333.00, and that is the amount that would be used to return the payment as an overpayment or underpayment. For rounding purposes, $1.00 to $1.49 rounds to $1.00; likewise $1.50 to $1.99 rounds to $2.00.

This letter obsoletes the "Adult Protective Services Guidelines" issued March 28, 1996 under FCASPL No. 49 and transmits the "Adult Protective Services Protocol". This protocol is an informational tool that outlines adult protective services (APS) operations in Ohio. The protocol was written to assist APS workers in performing their job responsibilities more efficiently. The document outlines the various activities and tasks in the delivery of APS from identifying signs and symptoms of abuse, neglect and exploitation to case termination. The protocol also includes a sample assessment tool, reporting forms and court filing forms to serve as a guide for APS staff.

Attachment: Adult Protective Services Protocol
TO: All Family, Children and Adult Services Manual Holders
FROM: Jacqueline Romer-Sensky, Director
SUBJECT: PROPOSED RULES FOR IMPLEMENTING SUB. HB 448 - CHILD PROTECTION ACCOUNTABILITY BILL

On July 6, 2000, Governor Bob Taft signed into law Sub. HB 448-legislation which increases protection of children and promotes agency accountability. This legislation becomes effective on October 5, 2000. ODJFS plans to implement new and revised Ohio Administrative Code (OAC) rules to comply with Sub. HB 448 by January 1, 2001. Please be advised that compliance with Sub. HB 448 is required effective October 5, 2000.

To assist you while the department pursues the rule-making process to implement the new and revised rules, a summary of the proposed rules is attached. These rules will affect Section 5101:2, Chapters 5, 7, 34, 35, 39, 42, 47, and 48.

In addition to this summary, ODJFS will offer an "Executive Briefing" designed for agency directors and administrators. ODJFS will also provide regional full-day "Train-the-Trainer" technical assistance sessions, focusing on Sub. HB 448, as well Sub. HB. 332, the foster parent training legislation. The OAC rules for these two bills will also be covered. The dates for these briefings will be announced later.

Finally, please note that an electronic copy of Sub. HB. 448, Sub. HB. 332, final analysis and fiscal notes can be found at http://www.legislature.state.oh.us. If you do not have electronic access and would like a hard copy, you may request one from James Lacks at (614) 728-7843.

If you have any questions, please contact your Regional Office Technical Assistance Specialist.

FROM: Jacqueline Romer-Sensky, Director  
SUBJECT: Local Family Violence Networking Initiative

Family violence prevention funds using combined federal and state dollars are being allocated to all 88 county departments of job and family services (CDJFSs) for the purpose of facilitating the networking between professionals at the local level who may be involved in working with Ohioans who are victims of family violence. This funding initiative is being used to encourage a multi-disciplinary approach toward preventing family violence and developing appropriate strategies for intervening with families currently experiencing family violence through the development of open forums or round table meetings. It is also being used to provide an avenue whereby counties may ensure that they are implementing the family violence provisions of House Bill 408. While the initial networking initiatives were started between adult protective services and the local domestic violence shelters to address the differences and similarities in philosophies, laws, and services delivery across systems, this networking initiative expands the requirement for coordination to other program areas in which individuals who are at risk of family violence may be involved.

Required participants shall include:

* CDJFS staff who provide social services or protective services to adults age 18 or older;
* CDJFS staff who are responsible for conducting family assessments (as required by H. B. 408) for families participating in Ohio Works First and for making determinations whether "good cause" exemptions may be utilized;
* Child Support Enforcement staff who work with participants to establish paternity, collect child support, and make determinations whether "good cause" exemptions may be utilized; and
* Staff or representatives of local domestic violence shelters which serve the county.

Other suggested participants may include public children services agency staff, judges, law enforcement personnel, clergy, hospital staff, emergency medical technicians, school counselors, representatives of the local mental health board, etc.

The CDJFS must submit to ODJFS, a written report identifying the following information:

a. Activities carried out through the use of the funds, including copies of minutes from meetings held and participants by profession or interest/advocacy area
b. Written protocols and procedures for:
   i. Coordination between CDJFS adult protective/social service staff and staff of the local domestic violence shelter;
   ii. Conducting family assessments to determine whether an applicant for Ohio Works First, or other public assistance programs which the CDJFS administers, is a victim of domestic violence and whether the applicant may need to be temporarily exempted from Ohio Works First requirements to address problems he or she is experiencing related to domestic violence.
   iii. Reporting to ODJFS, for statistical purposes, the number of applicants who have been identified as being victims of domestic violence;
   iv. Coordination between the CDJFS, CSEA, and the local domestic violence shelter when cases involve Ohio Works First applicants for whom the establishment of paternity or the collection of child support requires special handling due to the applicant and/or the children being at risk of domestic violence.
   v. Assuring that participants in CDJFS and CSEA programs are aware of the availability of domestic violence services in their area.
Reports should be submitted no later than July 31, 2001 to:

Carrie Anthony, Section Chief
The Ohio Department of Job and Family Services
Family Violence Prevention
65 E. State Street, 5th Floor
Columbus, Ohio 43215

Counties requiring technical assistance may contact their appropriate district representatives or Carrie Anthony, Section Chief, Family Violence Prevention at (614) 752-6248.
Family, Children and Adult Services Procedure Letter No. 65

November 26, 1999

TO: All Family, Children and Adult Services Manual Holders

FROM: Jacqueline Romer- Sensky, Director

SUBJECT: Procedure for Calculating the Twelve or More Months of a Consecutive Twenty-Two Month Period a Child has Been in Substitute Care.

This letter transmits information on several changes to Ohio law that became effective on October 29, 1999 as a result of the enactment of Am. Sub. H.B. 176. Effective that day, amendments to sections 2151.413 and 2151.414 of the Revised Code (ORC) clarify how Public Children Services Agencies (PCSAs) and Private Child Placing Agencies (PCPAs) are to calculate the number of days a child has been in substitute care, for purposes of determining when it is appropriate for an agency to file a motion requesting termination of parental rights and requesting the child be committed to the permanent custody of the agency. These sections of law require an agency to file a motion requesting termination of parental rights on behalf of any child who has been in substitute care for 12 or more months of the most recent consecutive 22 month period, unless there are compelling reasons for the agency not to file the motion.

For purposes of calculating the 12 or more months of a consecutive 22 month period, a child is considered to have entered the temporary custody of an agency on the date that is the earlier of:

1. The date the child is adjudicated to be a child in need of substitute care as the result of an adjudicatory hearing held pursuant to section 2151.28 of the Revised Code, or

2. The date that is sixty days after the child was removed from his/her home and placed in substitute care.

Also, Am. Sub. H.B. 176 narrows one of the circumstances recently established where reasonable efforts are not required to reunify a child with a family. As previously enacted by H.B. 484 (effective March 18, 1999), reasonable efforts were not required when the parental rights were terminated with respect to a sibling of the child. Am. Sub. H.B. 176 has amended ORC sections 2151.414 and 2151.419 to clarify that reasonable efforts to reunify a child with the family are not required when parental rights have been involuntarily terminated. Therefore, reasonable efforts to reunify the child with the family are required in those situations where the parental rights with respect to a sibling of the child were voluntarily terminated, such as in a voluntary surrender for adoption.

ODHS will be making changes to the Ohio Administrative Code (OAC) rules governing these situations as quickly as possible. In the meantime, ODHS recognizes that the ORC takes precedent over the provisions in the OAC. This information is being provided while the department follows the regular rulemaking process in order for PCSAs and PCPAs to comply with the full intent of Ohio law. If you have any questions, please contact your Regional Office Technical Assistance Specialist.

SUBJECT: ODJFS Approved Title IV-E Foster Care Maintenance Reimbursement Ceiling Rates for Residential Child Care Facilities and Purchased Family Foster Care Providers for the Period 9/1/02 to 8/31/03

Attached is a list of Title IV-E approved per diem reimbursement ceiling rates for children's residential centers (CRCs), group homes, and residential parenting facilities operated by agencies which have submitted and had approved a JFS 02909 "Residential Child Care Facility Cost Report," and for purchased family foster care (PFFC) providers which have submitted and had approved a JFS 02910 "Purchased Family Foster Care Cost Report." The approved Ohio reimbursement ceiling rate publication rosters are organized alphabetically by operating agency. These rates are also published on the Office for Children and Families' following website address: http://www.state.oh.us/odjfs/ocf/publications.stm. Furthermore, this website will be utilized in listing recently developed rates for agencies new to the Title IV-E rate setting process.

The five digit identification numbers provided in the lists for each agency/facility/program must be used on the JFS 01925 "Monthly FCM Facility Invoice" for reimbursement of costs for each child served. Note that several agencies operate both residential and PFFC programs and a few provide more than one type of program or level of service. Distinct identification numbers have been assigned for each placement type. Therefore, ensure that the appropriate placement identifier, either from the residential or PFFC list, is used when completing the JFS 01925 form.

The rate lists show the two Title IV-E per diem reimbursement ceiling rates for Maintenance and Administration. Not all costs are allowable for reimbursement. For the purchased family foster care program, only direct foster parent payments were considered for calculating the Title IV-E Maintenance Reimbursement Ceiling per diem rate and all other reimbursable costs are included in the Title IV-E Administration Reimbursement Ceiling per diem rate. For the residential child care program, the cost of room and board, basic living and support, and health-related services were used for calculating a Title IV-E Maintenance Reimbursement Ceiling per diem rate; and the cost of case management was used for calculating the allowable Title IV-E Administration Reimbursement Ceiling per diem rate.

The rates shown are based on non-Medicaid costs and, therefore, do not reflect Medicaid and Medicaid mental health costs. A placement agency's customary charge may include fees for non IV-E reimbursable activities that should be considered when negotiating contracts with providers.

The cost reports filed to develop these Title IV-E reimbursement rates are subject to audit, and these Title IV-E reimbursement ceiling rates may be adjusted based on audit findings. Counties may be held liable for adjustments to federal claims based on revised rates subsequent to any audit findings.

For placements in both residential facilities and PFFC programs, the federal reimbursement percentages for the federal fiscal year beginning October 1, 2002, is 58.83% for the Maintenance and 50% for the Administration reimbursement ceiling per diem rates.

It is noted that the ODJFS approved IV-E rates are reimbursement ceilings, but should actual costs for providing or purchasing IV-E services be less, reimbursement will be calculated on the actual costs of services. In addition, it must be stressed that the actual per diem rates paid by your agency for contracted services are subject to negotiation between your agency and the provider.

The information on the attached reimbursement ceiling rate publication rosters is effective only for the reimbursement year beginning September 1, 2002. Retroactive payments for services provided in a prior reimbursement period may be authorized for a period not to exceed twenty-four months prior to the next state payment date. Therefore, ensure that the appropriate reimbursement rate year list is used for claiming reimbursement for these services.
Out-of-state providers have the option to either file an Ohio Title IV-E cost report for rate determination or use the rate developed by their home state. If the out-of-state agency has filed an ODJFS Title IV-E cost report, they are listed in the ODJFS approved Title IV-E rate roster. If placements are made in an out-of-state facility not listed in the ODJFS rate roster, contact the Bureau of Accountability and Regulation at (614) 644-1146 to get a determination of IV-E reimbursement eligibility and rates.

Any questions regarding the IV-E Cost Reports or 2002-2003 reimbursement ceilings rates and the JFS 01925 invoice system should be directed to Ryan Meanor, Office for Children and Families, Bureau of Accountability and Regulation at (614) 644-1146.

This FCASPL is obsolete as of August 31, 2005.

SUBJECT: ODHS Approved Title IV-E Foster Care Maintenance Rates for Residential Child Care Facilities and Purchased Family Foster Care Providers for the Period 9/1/99 to 8/31/00

Attached is a list of Title IV-E approved per diem rates for children's residential centers (CRCs), group homes, and residential parenting facilities operated by agencies which have submitted and had approved an ODHS 2909 "Residential Child Care Facility Cost Report," and for purchased family foster care (PFFC) providers which have submitted and had approved an ODHS 2910 "Purchased Family Foster Care Cost Report." The approved Ohio lists are organized alphabetically by operating agency.

The five digit identification numbers provided in the lists for each agency/facility/program must be used on the ODHS 1925 "Monthly Title IV-E FCM Invoice" for reimbursement of costs for each child served. The costs allowable under the residential child care program for calculating a Title IV-E Maintenance rate are room and board, basic living and support, and health-related services; and for calculating the allowable Title IV-E Administration per diem rate is a cost of case management. For the purchased family foster care program, only direct foster parent payments and some consumable costs can be considered for calculating the Title IV-E Maintenance rate and all other reimbursable cost are considered Administrative.

The rate shown are based on non-Medical costs and, therefore, do not reflect Medicaid and Medicaid mental health costs. A placement agency's customary charge may include fees for non-IV-E reimbursable activities that should be considered when negotiating contracts with providers.

The cost reports filed to develop these Title IV-E reimbursement rates are subject to audit, and these IV-E rates may be adjusted based upon audit findings. Counties may be held liable for adjustments to federal claims based on revised rates subsequent to any audit findings.

For placement in residential facilities, the federal reimbursement percentage for the federal fiscal year beginning October 1, 1999 is 58.67% for both the ODHS approved Maintenance and Administration rates. ### OUT-OF-STATE FACILITIES

Operating agencies with licensed facility sites located outside the state of Ohio have the option to either file an Ohio Title IV-E cost report for rate determination or use the rate developed by their home state.

If the out-of-state agency has filed an ODHS Title IV-E cost report, they are listed in the ODHS approved Title IV-E Foster Care Maintenance rate roster.

If you presently have a IV-E eligible recipient placed in an out-of-state facility not listed in the ODHS rate roster or anticipate a future placement, call the Bureau of Adult and Child Protection at (614) 466-5392 to get a determination of Title IV-E eligibility and an out-of-state IV-E rate.
Family, Children and Adult Services Procedure Letter No. 61

September 9, 1998

TO: All Family, Children and Adult Services Manual Holders

FROM: Arnold R. Tompkins, Director

SUBJECT: ODHS Approved Title IV-E Foster Care Maintenance Rates for Residential Child Care Facilities and Purchased Family Foster Care Providers for the Period 9/1/98 to 8/31/99

Attached is a list of Title IV-E approved per diem rates for children's residential centers (CRCs), group homes (GH), and maternity homes (MH) operated by agencies which have submitted and had approved an ODHS 2909 "Residential Child Care Facility Cost Report," and for purchased family foster care (PFFC) providers who have submitted and had approved an ODHS 2910 "Purchased Family Foster Care Cost Report." The approved Ohio lists are organized alphabetically by operating agency.

The five digit identification numbers provided in the lists for each agency/facility/program must be used on the ODHS 1925 "Monthly FCM Facility Invoice" for reimbursement of costs for each child served. Note that several agencies operate both residential and PFFC programs and a few provide more than one type of program or level of service. Distinct identification numbers have been assigned for each placement type. Therefore, ensure that the appropriate placement identifier, either from the residential or PFFC list, is used when completing the ODHS 1925.

The rate lists show the two Title IV-E per diem rates; IV-E Maintenance, and IV-E Administration. Not all costs are allowable for reimbursement under federal Title IV-E regulations. Under the federal regulations, the costs allowable for calculating a Title IV-E Maintenance rate are room and board, basic living and support, and health-related services; and for calculating the allowable Title IV-E Administration per diem rate it is the cost of case management.

The rates shown are based on non-Medicaid costs and, therefore, do not reflect Medicaid and Medicaid mental health costs. A placement agency's customary charge may include fees for non IV-E reimbursable activities that should be considered when negotiating contracts with providers.

For placements in residential facilities, the federal reimbursement percentage for the federal fiscal year beginning October 1, 1998 is 58.26% for both the ODHS approved Maintenance and Administration rates. For placements in PFFC programs, the federal reimbursement percentage is the same 58.26% for Maintenance, but it is 50% for Administration rates.

It is noted that the ODHS approved IV-E rates are reimbursement ceilings, but should actual costs for providing or purchasing IV-E services be less, reimbursement will be calculated on the actual costs of services. In addition, it must be stressed that the actual per diem rates paid by your agency for contracted services are subject to negotiation between your agency and the provider.

The information on the attached rate lists is effective only for the reimbursement year beginning September 1, 1998. Retroactive payments for services provided in a prior reimbursement period may be authorized for a period not to exceed twenty-four months prior to the next state payment date. Therefore, ensure that the appropriate reimbursement rate year list is used for claiming reimbursement for these services.

Out-of-state providers have the option to either file an Ohio Title IV-E cost report for rate determination or use the rate developed by their home state. If the out-of-state agency has filed an ODHS Title IV-E cost report, they are listed in the ODHS approved Title IV-E rate roster. If placements are made in an out-of-state facility not listed in the ODHS rate roster, contact the Bureau of Resource Management at (614) 644-1146 to get a determination of IV-E reimbursement eligibility and rates.

Any questions regarding the IV-E Cost Reports or 1998-1999 rates should be directed to Matt Smiley, Bureau of Resource Management, Office of Prevention, Protection and Self-Sufficiency at (614) 644-1146. If Mr. Smiley is unavailable, direct your questions to Ryan Meanor.

Questions concerning the ODHS 1925 invoice system, including current or retroactive reimbursements, should be directed to Darla Wilson, Bureau of Resource Management, (614) 644-1146.

This procedure letter serves as notification regarding changes in services to minor parents due to the passage of Public Law (P.L.) 104-193, the Personal Responsibility and Work Opportunity Reconciliation Act of 1996.

Effective October 1, 1996, in order to receive Temporary Assistance for Needy Families (TANF), an unmarried minor parent and the dependent child(ren) in his or her care must live at home or in an adult-supervised living arrangement. There are exceptions to this requirement [Refer to Attachment A: Public Assistance Manual (PAM) Section 3123. (3)(a) to (c)]. In summary, if minor parents inform the county department of human services (CDHS) that they and/or their dependent child(ren) are at risk of abuse or neglect in the residence of the minor parent's parent, guardian or other adult specified relative, the CDHS is required to determine if the minor parent's allegations are credible. The CDHS may contact the public children services agency (PCSA) for consultation and/or assistance in making this determination.

The Ohio Department of Human Services, Office of Child Care and Family Services has developed a new rule governing joint planning and sharing of information which supports coordination among PCSAs, CDHSs and child support enforcement agencies (CSEAs). This rule is being proposed for emergency filing and will be issued shortly. Please work with these agencies to ensure that Ohio is in compliance with P.L. 104-193.
FCASPL 55 (Comprehensive Planning - Archive)

Family, Children and Adult Services Procedure Letter No. 55

January 6, 1997

TO: All Family, Children and Adult Services Manual Holders

FROM: Arnold R. Tompkins, Director

SUBJECT: Comprehensive Planning

Comprehensive Strategic Planning is a key Ohio Family and Children First (OFCF) goal. The consolidation of comprehensive county plans will maintain essential fiscal and programmatic accountability of current funding streams while reducing burdensome paperwork reporting. The process will focus on joint planning activities designed to move from a process-based to a results-based system of care. Nine plans are currently targeted for streamlining or elimination. Those nine plans are the Community Mental Health Plan, the Alcohol and Drug Addiction Services Plan, the County Children Services Plan, the Child Abuse and Neglect County Plan of Cooperation, the MR/DD Annual Action Plan, Ohio Department of Youth Services Reclaim and Youth Services Plans, the Unified Services Provider Plan, and the Early Intervention Plan. All nine plans will be either streamlined or eliminated within the coming year.

In order to foster more effective local community capacity building, the Ohio Family and Children First Initiative, in coordination with various state agency planning staff, have developed a comprehensive planning process for use by counties. This process fosters comprehensive joint planning and program development strategies by local family serving agencies. Many of you are already involved in this initiative. If you wish to become involved in this strategic planning process, please contact Jerry Bean or Catherine Runyan at (614) 752-4044.

The County Children Services Plan (CCSP) and the Annual Report and Evaluation will be eliminated. Ohio Revised Code and Ohio Administrative Code section are currently being reviewed and rewritten to allow for this elimination. It is anticipated the process will be completed by September 1, 1997. In the interim, the department will file an emergency rule to extend the current time frame and to delay submission of the CCSP until October 1, 1997. **You will not be required to submit the CCSP by January 1, 1997 as indicated by current ODHS rule.** If the planned statute and administrative changes occur as anticipated, we will issue a Manual Transmittal Letter instructing agencies of the elimination and changes.

The Child Abuse and Neglect County Plan of Cooperation is being streamlined. We are preparing to amend Ohio Revised Code and Administrative Code sections to require a "Memorandum of Understanding" process among the parties rather than a state approved plan. The intent of the "Memorandum of Understanding" will be to provide the needed collaborative efforts to assure timely and appropriate investigation while allowing counties the flexibility to enact procedures which best meet their needs. A Manual Transmittal Letter informing you of these changes will be forwarded, at the completion of the process.

If you need further information related to the proposed changes, please contact Annette Murch at 614-466-9303. Thank you for your continued assistance.

SUBJECT: Title XX Rule

The Office of Child Care and Family Services is in the process of changing rule 5101:2-31-20 to reflect current fiscal reporting policy contained in Administrative Procedure Manual Transmittal Letter No. 138 which is being issued concurrently with this procedure letter.

Please follow the fiscal reporting procedures contained in Administrative Procedure Manual Transmittal Letter No. 138. When the rule-filing process is completed for rule 5101:2-31-20, the Office of Child Care and Family Services will issue a Family, Children and Adult Services Transmittal Letter updating our policy.
Effective January 1, 1998, public children services agencies (PCSAs) may authorize payments for employment-related day care services for both Title IV-E reimbursable children and non-Title IV-E eligible children placed in ODHS-approved foster homes, relative homes or prefinalized adoptive homes provided that the day care provider is licensed or certified. PCSAs have received an increase in their State Child Welfare Subsidy (SCWS) allocation to provide employment-related day care. The increase in the SCWS allocation may only be used to provide employment-related day care and may not be utilized to provide other day care services or other allowable SCWS services.

**Title IV-E Reimbursable Children**

PCSAs may authorize payments for employment-related day care services for Title IV-E reimbursable children in foster care above the uniform statewide standard Title IV-E foster care maintenance rates and payments related to the difficulty of care needs for children in the appropriate placements.

The PCSA may use the portion of their SCWS allocation applicable to day care as the non-federal match for Title IV-E reimbursable children. The PCSA will be reimbursed from federal Title IV-E funds as the applicable federal financial participation (FFP) rate for foster care maintenance payments. The FFP for Federal fiscal year 1996, is 60.17%.

A revised ODHS 1659 and instructions, for billing and reimbursement, will be transmitted in a Family, Children and Adult Services Manual Transmittal Letter (FCASMTL).

**Non Title IV-E Eligible Children**

Employment-related day care services for non-Title IV-E eligible children in foster care, relative care or prefinalized adoptive homes may be provided without regard to the income of the foster parent(s). The portion of the SCWS allocation applicable to day care may be used to reimburse up to 100% of the costs for employment-related day care services for non-Title IV-E eligible children in foster care.

**Day Care Guidelines**

The day care payment reimbursed by the PCSA shall not exceed the amounts referenced in rule 5101:2-16-381 of the Administrative Code entitled "Market rates and reimbursement ceilings for child day care benefits" which was transmitted by FCASMTL No. 48.

The definitions for the age categories are located in rule 5101:2-16-01 of the Administrative Code entitled "Definitions". Both rules are located in the Child Day Care Manual.

Employment-related day care payments may be authorized for children between the ages of thirteen and eighteen who meet the difficulty of care needs criteria referenced in rule 5101:2-47-21 of the Administrative Code entitled "Foster care maintenance (FCM) payments related to the difficulty of care needs of a child placed in a family foster home, relative home, or prefinalized adoptive home".

**Funding Maximization**

In order to maximize available funding, counties may want to also consider the following:

- Foster parent pays fee assessed according to a sliding fee scale and the county picks up the remaining costs;
Foster parent receives a flat payment per month, per child toward the cost of care. Foster parent is responsible for any additional costs.

Payments for the cost of employment-related day care services made by the foster parent may not exceed the amounts referenced in rule 5101:2-16-381 of the Administrative Code and may not be used as the non-federal match for Title IV-E reimbursement. The PCSA may only claim agency costs and must provide any required match for federal reimbursement from either local or state funds.

Any questions regarding the information or instructions included in this procedure letter should be directed to the Office of Child Care and Family Services, Adoption and Placement Services Section (614) 466-5392 or County Technical Support Section at (614) 466-7762. An Administrative Procedure Letter (APL), "Funding Reimbursement and Financial Reporting Instructions" is forthcoming.
Amended Substitute House Bill 117 required agencies, organization and families in Ohio counties work together to design and develop a better system for responding to the strengths and needs of multiple need children and their families. Additionally, the bill mandated that each county develop a plan for coordinating services to abused, neglected, dependent, unruly, or delinquent children and those families who voluntarily seek services.

This letter transmits guidelines for development of the county Service Coordination Plan. The Service Coordination Plan must be submitted by March 15, 1996 to:

Please work with your Council in the development of the plan.

FROM: Terry A. Wallace, Director
SUBJECT: Implementation of the Title IV-E Adoption Assistance Pass Through Program

This letter serves to address the modifications made to the Title IV-E/FACSIS payment system to implement policy establishing the Adoption Assistance Pass Through Program. (Reference: Family, Children and Adult Service Procedure Letter No. 29 and Family, Children and Adult Services Manual Transmittal Letter No. 17). This letter gives technical instructions on 1.) how to input data to the system, 2.) how the system will process the data and 3.) what the system's outputs will be. As such, we request that a copy of this material be forwarded to technical staff within the agency responsible for the Title IV-E/FACSIS payment system.

1.) Input of Information

There are two means of inputting information to the system. First, the Title IV-E Auxiliary Payment Authorization form (ODHS 1659) can be utilized. Instructions for its use and completion can be found in the Forms Section of the Family, Children and Adult Services Manual. Please keep in mind that underpayments, by definition, may be authorized for cases in which payment was previously issued for a lesser amount than for which the recipient was eligible. For reporting an underpayment, enter the difference between the previously claimed amount and the amount that should have been claimed. If a recipient has received full payment for a benefit period, no matter what system paid the benefit, do not claim any amount through FACSIS and the ODHS 1659.

Secondly, the FACSIS Payment Authorization Event 338 can be utilized for recurring benefits. Once a benefit level has been established via a signed Adoption Assistance Agreement, the Public Children Services Agency (PCSA) must transmit the following elements of the Payment Authorization Event: "Effective Date", "Monthly Maintenance Amount" and Difficulty of Care" equal to "None".

The net result of these procedures will be the pass through of the federal portion of an AA payment above $250. (The state will continue to match federal payments up to $250). One exception to this procedure will be for the subpopulation of children who have been designated dual eligible.

Prior to January 13, 1992, 34 counties established approximately 1230 children eligible for both Title IV-E Adoption Assistance and the State Adoption Maintenance Subsidy (dual eligibles). Dual eligibility was eliminated for new adoption cases as of January 13, 1992. In order to maximize the use of federal Title IV-E funds, these counties who have utilized both programs must convert the payment sources by September 1, 1993.

Procedures for converting dual eligible children are outlined in Attachment I. After the dual eligible cases have been converted, use the instructions in the attachment to input the Title IV-E payment amount.

2.) Processing of Payments

If a child is eligible only for the Title IV-E program, payment will be processed as follows:

The benefit level minus $250 (threshold of federal/state funding) with the difference multiplied by the current federal medical assistance percentage (FMAP) to calculate the federal pass through portion.

For example, assume the benefit level is $275.

a.) $275 - $250 (state share) = $25 x 60.25% (current 1992-1993 FMAP rate = $15.06 (federal pass through share).

b.) Warrant will be issued to recipient for $250 + $15.06 or $265.06.
c.) The PCSA will be responsible for issuing a warrant to the recipient for the non-federal share of the amount beyond the threshold or $25 x 39.75% or $9.94.

3.) Output of Information

The system will continue to generate either a warrant to a recipient or an Error Report (1659 Auxiliary System Error Report or FBI Interim Error Report) to the PCSA if a warrant cannot be produced. As described in the example above, the warrant will be the federal share of the amount listed in the 338 event or on the 1659 auxiliary payment system plus the nonfederal share up to $250.

Additionally, the system will also generate an Auxiliary Payroll (FB1017RA) if payment information is submitted via an ODHS 1659. The FBI017RA has been expanded to report not only the warrant amount but also the amount of the PCSA’s obligation to the recipient. (See attached for sample of new format).

Finally, the system will continue to generate an Adoption Disbursement Journal (FB1003RB) to report recurring benefits issued from FACSIS information. This report has also been expanded to show the PCSA's obligation to the recipient.

Example: A benefit of level of $400 would equal:

a.) $400 - $250 (state share) = $150 x 60.25% (current 1992-1993 FMAP rate) = $90.38 (federal pass through share)

b.) Warrant will be issued to recipient for $250 + $90.38 = $340.38.

c.) The PCSA’s non-federal share to be paid to the recipient in a warrant issued by the county is $150 x $39.75% = $59.62.

Processing of the ODHS 1659 for pass through payments is currently in place.

NOTE: Caution should be taken in submitting ODHS 1659s requesting regular adoption assistance benefits and pass through benefits, since duplicate payment requests could result in an error message.

The recurring process for the pass through payments is in place to process information entered by September's cutoff for October's benefit issuance.

Any questions about the processing of pass through payments as described in this procedure letter should be directed to your district office social services coordinator.

SUBJECT: Concurrent Receipt of Title IV-E Foster Care Maintenance (FCM) and ADC

The U.S. Department of Health and Human Services (HHS) recently reversed its interpretation with regards to concurrent receipt of Title IV-E FCM and ADC on behalf of a child.

Previous to the issuance of the attached Policy Interpretation Question (PIQ), HHS has advised that for any child placed in foster care, a Title IV-E FCM payment could not be claimed for the initial month of placement if ADC was also claimed on the child's behalf in that month. If such FCM payments were claimed the states' Title IV-E program would be subject to the audit findings.

The interpretation now issued by PIQ-91-05, advises that there are no prohibitions in the Title IV-E program against the concurrent payment of ADC and FCM on behalf of the same child. Rather, the prohibition exists under the ADC program and any overpayment because of concurrent FCM/ADC receipt would be in the ADC program.

County departments of human services and county children services boards are advised that effective April 1, 1992 the provisions of Ohio Administrative Code Rules 5101:2-47-54 (B)(3) and 5101:2-47-57 (A) and (B) prohibiting an FCM payment if a child received an ADC payment during the same timeframe have been amended to accommodate this change. All other eligibility requirements remain unchanged.

Title IV-E agencies are reminded of the requirements of paragraph (C) of rule 5101:2-47-57 regarding removal of a child from an ADC household and notice to the ADC Unit or Agency. Even though the prohibition against FCM payment and ADC payment during the same timeframe is rescinded for Title IV-E, an ADC overpayment and subsequent audit exception still applies. Title IV-E agencies must notify the ADC Unit or Agency of a child's removal from the home within ten days. You may use the attached sample Notification of Removal form as a guide in developing your agency's form for such notification.

Retroactive claiming for children affected by this policy change is available for the two-year Title IV-E FCM retro claiming period. The claiming instructions for these FCM cases are as follows:

- First, recreate the Title IV-E events in FACSIS to reflect the child's new eligibility status, i.e., eligible and reimbursable, due to the federal reinterpretation on concurrent receipt of ADC. However, do not include in this recreation the Medicaid events because the retroactivity is not applicable to Medicaid coverage. Verify that custody and placement events are correct for the period for which retroactive claiming is requested. Do not change the child's Title IV-E number if one exists, but be sure to assign a IV-E number if one does not exist for the child. For assistance on the FACSIS event structure contact the FACSIS Helpline at 1-800-686-1581, extension 6-2208.

- Second, follow the instructions for the ODHS 1659 "Title IV-E Auxiliary Payment Authorization" and the ODHS 1925 "Monthly FCM Facility Invoice" depending on the type of placement in which the child resided to claim costs. In most circumstances, the retroactive claim will be viewed as an initial/substitute care placement, not as underpayments. (The underpayment codes are only used when the PCSA received an incorrect payment.) If no payment has ever been received by the PCSA for a specific period of time, there is no underpayment. Payments may be authorized up to two years before the date of the month of processing for payment if the child is registered as Title IV-E eligible and reimbursable for the period for which payment is requested. For assistance on payment processing contact the Fiscal Liaison Section at (614) 466-9486.

SUBJECT: Obtaining a State Medical Consultant for Cases Involving the Withholding of Appropriate Nutrition, Hydration, Medication, or Medically Indicated Treatment from Disabled Infants with Life-Threatening Conditions  

This transmittal outlines procedures for obtaining a state medical consultant for cases involving alleged withholding of appropriate nutrition, hydration, medication, or medically indicated treatment (herein after referred to as "alleged withholding") from a disabled infant with life threatening conditions as referenced in Ohio Administrative Code rule 5101:2-35-77.  

OBTAINING A MEDICAL CONSULTANT  

Upon receipt of a report of alleged withholding, the PCSA shall contact the Ohio Department of Human Services (ODHS) Children's Protective Services (CPS) Section in order to: (1) review information obtained from the reporter and the health care facility designee; and (2) obtain the name and telephone number of the medical consultant. The following procedures shall be used:  

(A) When reports are received Monday through Friday between the hours of 8:00 a.m. - 5:00 p.m., the PCSA shall call ODHS at (614) 466-9824 and request to speak with staff designated to respond to such reports.  

(B) When reports are received outside of normal business hours, the PCSA shall contact any one of the staff persons designated by ODHS at their home. A list of designated staff persons and their home phone numbers is attached.  

(C) The PCSA shall provide all information obtained from the reporter and the health care facility designee to the ODHS designee.  

(D) When the ODHS designee has indicated that the report constitutes an alleged of the withholding, the PCSA will be provided with the names and telephone numbers of three medical consultants.  

(E) The PCSA shall be responsible for contacting the first medical consultant given by ODHS within one hour of receipt of the report. If this person cannot be reached, the second or third medical consultant shall be contacted. When the PCSA is unable to contact any of the three medical consultants, another call shall be placed to the ODHS designee to request additional names of medical consultants.  

(F) When calling the medical consultant, the PCSA may request assistance in conducting required interviews; telephone consultation; medical case review; on-site review of the case; medical examination of the child, or court testimony. The medical consultant may be contacted at any point in the PCSA investigation process, following the initial contact.

SUBJECT: Identification of Title IV-E Eligible Children Placed Through the Interstate Compact on the Placement of Children (ICPC) and Usage of ICPC Case Numbers

As a result of the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), many states are requiring that interstate compact requests to place children in their states address IV-E eligibility, otherwise they will not be processed. Therefore, Ohio agencies should indicate in the upper left-hand corner of the Interstate Compact Placement Request ICPC 100A Form (ODHS 1661, Rev. 7/86) whether the child is or is not eligible for Title IV-E.

Please include the Ohio ICPC case number on all interstate correspondence. The only exception is a new request for service because the ICPC case number is assigned after a case has been processed by the Ohio Department of Human Services, Bureau of Operations. Failure to provide this number may cause a delay in processing interstate requests.

SUBJECT: Nonrecurring Adoption Expenses: Filing Deadlines and Impact Discussion

Public children services agencies (PCSAs) are responsible for determining eligibility for and signing agreements with parents for payment or reimbursement of nonrecurring adoption expenses. However, PCSAs are not required to pay or reimburse parents out of its own funds. If the PCSA opts to reimburse parents or pay service providers directly in order to provide immediate assistance to the adoptive parents, the PCSA is entitled to full reimbursement from the state up to the $2,000 maximum allowed for each adoption. Alternatively, the PCSA may file a claim in behalf of the adoptive parents for later reimbursement by ODHS.

CLAIM FILING DEADLINES

LAPSING QUARTER:

PCSAs who have already paid nonrecurring adoption expenses in behalf of parents must be aware of the two year deadline for claiming reimbursement on the PCSAs behalf. PCSAs must file a claim for reimbursement with the department by the first of the third month which marks two years from the quarter in which they originally paid or reimbursed the adoptive parents for their expenses. For example, if a PCSA paid the parents legal expenses in July 1987, the agency must file a claim for reimbursement by September 1, 1989.

CURRENT QUARTER:

Current claims for nonrecurring adoption expenses are due the 20th of the month following the end of each quarter (e.g., July-September claim is due October 20). Reimbursement for properly filed claims will be made within sixty days after the submittal deadline.

All claims must be mailed to:
