Implementation

Temporary Pandemic Child Care Licenses

Effective May 31, 2020, programs issued a regular child care license, approval or certification shall operate under the normal regulations, with the exceptions noted in these new rules. Those with an agreement to provide publicly funded child care (PFCC) will also return to receiving payment for those services. Pandemic payments shall be paid through May 30, 2020 for all temporary pandemic programs with a regular child care license, approval or certification.

Temporary pandemic child care centers without a regular child care license or who are not issued a regular child care license before June 9, 2020 must cease providing care on June 9, 2020. Pandemic payments for these programs shall continue through June 9, 2020.

Publicly Funded Child Care Closure Payments

The final week of closure payments will be for the week of May 24, 2020.

Notification of Reopening

By June 7, 2020, licensed centers, licensed family child care homes, certified IHAs and approved day camps must notify ODJFS and the county agency in OCLQS of their intent to reopen and their anticipated reopening date. Any program that has not updated OCLQS by June 7, 2020 will put into temporarily closure status by ODJFS.

Compliance

Because child care has been closed, ODJFS and the county agencies will give additional time for compliance for some of the time-specific requirements as applicable.

- Compliance not assessed until November 29, 2020:
- Child medicals on file within 30 days of the child's attendance and updated every thirteen months.
- Staff medicals on file by first day of employment.
- Expired credentials including the Child Development Associate and the school-age endorsement.
• Expired annual fire inspections.
• Expired JFS 01217 "Request for Administration of Medication for Child Care"
• Administrator rules training taken within six months of hire.
• Expired food service licenses
• Expired annual vehicle inspections
• Health training updates

Compliance not assessed until July 1, 2021:

• Professional development.

Submission of Attendance for Payment

Effective May 31, 2020, all providers of publicly funded child care shall use the Ohio Time, Attendance and Payment (TAP) system to record attendance and submit for payment.

Submission of Pandemic Days for Payment

If a child care program is required by the local health department or Ohio Department of Health to close in response to the COVID-19 pandemic, the program will need to send an email to child_care_adjustment@jfs.ohio.gov with “Program COVID-19 Closure” in the subject. This email should tell ODJFS that the program has been closed by the local health department or the Ohio Department of Health and the intended closure period (if known). The email must also include the written documentation from the local health department or the Ohio Department of Health requiring the program to close. ODJFS will then contact the program to provide instructions on how to claim the pandemic days in KinderConnect.

Guidance and Recommendations

ODJFS recommends that child care providers implement the following suggestions from the Center for Disease Control. Additional guidance can be found at https://www.cdc.gov/coronavirus/2019-ncov/community/schools-childcare/guidance-for-childcare.html.

• Increase sanitization, including communal spaces after each use.
• Wear masks for anyone over the age of 2, including parents at pick-up and drop-off.
• Wear gloves during feedings (including bottles).
• Limit parent access inside the building.
• Limit mixing of classes and keep children of the same employer together.

SUBJECT: Temporary Licensing, Certification and Payment Procedures to Address the Coronavirus (COVID-19) Pandemic  

Background:  
As a result of the K-12 school and child care program closures because of the coronavirus (COVID-19), the Ohio Department of Job and Family Services (ODJFS) is working to ensure:  
1. Child care is available for parents employed providing health, safety and other essential services; and  
2. Providers serving Ohio’s most vulnerable children remain supported during program closure.  

New Policy  
Temporary Pandemic Child Care License:  
In response to the COVID-19 pandemic, additional changes in policy are being implemented:  

The following new rules are effective as of March 24, 2020.  

Rule 5101:2-12-02.1: "Temporary Pandemic Child Care Center License" has been filed again to lower the ratio and group size requirements for pandemic child care centers in paragraph (D)(5), as well as to add notification requirements for serious incidents in paragraph (D)(19).  Pandemic centers will be limited to six children per room.  

Rule 5101:2-13-02.1: "Temporary Pandemic Family Child Care License" is a new rule which sets forth the process and requirements of the temporary pandemic family child care license.  This temporary licensure will allow currently licensed family child care providers to apply to serve children whose parents are employed providing health, safety and other essential services as defined by the Director of the Ohio Department of Job and Family Services in consultation with the Director of the Ohio Emergency Management Agency.  There is no application fee and these programs will not be required to be rated in Step Up To Quality in order to provide publicly funded child care.  Payment for these programs will be determined through an agreement process with the Ohio Department of Job and Family Services.  When approving programs for temporary licensure, ODJFS must use discretion regarding the number of licenses approved based on need and pandemic health concerns.  As a result, ODJFS will evaluate programs based on location, capacity, and the number of children currently being served with parents employed to provide health, safety or other essential services.  Pandemic family child care providers are limited to six total children.  

Rule 5101:2-14-02.1: "Temporary Pandemic In-Home Aide Certification" is a new rule which sets forth the process and requirements of the temporary pandemic in-home aide certificate.  This temporary certification will allow currently certified in-home aides to apply to serve children whose parents are employed providing health, safety and other essential services as defined by the Director of the Ohio Department of Job and Family Services in consultation with the Director of the Ohio Emergency Management Agency.  When approving programs for temporary certification, ODJFS must use discretion regarding the number of licenses approved based on need and pandemic health concerns.  As a result, ODJFS will evaluate in-home aide
applications based on location and the number of children currently being served with parents employed to provide health, safety or other essential services.

**Temporary Pandemic Child Care Payments**
The temporary pandemic child care programs will be paid the weekly five-star rate for enrolled publicly funded children. Providers must set their own private pay rates.

**Child Care Payment During Closure**
Programs should use pandemic days for Thursday, March 26 – Saturday, March 28, 2020.

ODJFS, in partnership with the Governor’s office, is working with the General Assembly to provide closed programs with ongoing payments equal to a historical weekly PFCC payment for the week starting Sunday, March 29, 2020. Additional information will be forthcoming as details are determined.

**Implementation**
Programs willing to provide service for parents employed providing health, safety and other essential services during the pandemic should complete the JFS 01258 "Application for Temporary Pandemic Child Care Program" and submit it to ODJFS_CHILDCARE@jfs.ohio.gov as soon as possible.

If the application is approved, ODJFS will issue a letter notifying the pandemic child care program of the license/certification approval and approved capacity.

If a pandemic child care program needs to report a serious incident, injury or death pursuant to one of the emergency rules, the program shall send an email to childcarepolicy@jfs.ohio.gov with "pandemic reporting" in the subject and include the following details:

- Name, address, license number and phone number for the program.
- The name(s) and age(s) of the children involved.
- A summary of the incident including date and program staff involved.

**Parent Reminder**
Any parent that can find a safe and healthy alternative child care option during the pandemic that will keep their child(ren) out of a group setting and not with an elderly provider should do so as soon as possible. However, we recognize that this is not an option for all families and are working to ensure all children have safe option while parents provide health, safety and other essential services.

**Provider Guidance**
Providers shall:

- Limit use of shared space or mixing of groups. If shared space is used you **MUST** have a rigorous cleaning schedule.
- Maintain the same teachers and children in the room, whenever possible.
- Keep children of parents of the same employer together, whenever possible (i.e. when determining classes keep children of Hospital A together)
- Limit parent interaction at drop off and pick up.

**Questions**
Please contact the Child Care Policy Helpdesk at 1-877-302-2347, option 4, or email childcarepolicy@jfs.ohio.gov if you have any questions about the new policy.

SUBJECT: Temporary Procedures to Address the Coronavirus (COVID-19) Pandemic

Background:

Center Ratio and Group Size
Appendix A to rule 5101:2-12-18 outlines staff/child ratios, age grouping, and maximum group size for child care centers.

Family Child Care Ratio and Capacity
Rule 5101:2-13-18 stipulates that licensed family child care providers shall care for no more than six children at any one time. No more than three of those children may be under two years of age.

Step Up To Quality
Rule 5101:2-17-01 of the Ohio Administrative Code (OAC) contains the Step Up To Quality (SUTQ) program standards required for child care center and family child care (FCC) programs to be star rated. SUTQ rated programs are required to meet the standards at all times.

Publicly Funded Child Care – Absent Days and Professional Development Days
An absent day is defined in rule 5101:2-16-01 of the Ohio Administrative Code (OAC) as "any day that a child is authorized and scheduled to be in the care of the provider, but is not in attendance, and child care would have been provided had the child been present with the provider." An absent day can only be used if the child care program is open on that day. Currently, rule 5101:2-16-10 of the OAC allows a maximum of 10 absent days for each six-month period from January through June and again from July through December.

A professional development day is defined in rule 5101:2-16-01 of the OAC as "a day in which a provider would normally provide child care for currently enrolled and scheduled children, but has closed to the public so that the provider and/or child care staff may undergo training meant to improve their professional knowledge, competence, skill and effectiveness as child care professionals." Currently, rule 5101:2-16-10 of the OAC allows two professional development days per state fiscal year but prohibits professional development days from being used on two consecutive calendar days or in two consecutive calendar months.

New Policy:
In response to the COVID-19 pandemic, changes in policy are being implemented to allow programs to meet the needs of the families impacted by the pandemic and school closings. The Executive ban issued on March 12, 2020 to prohibit mass gatherings of 100 people or more in the state of Ohio does not apply to child care programs.

The following rules and policy changes are effective as of March 13, 2020.

Rule 5101:2-12-18 "Group size and ratios for a licensed child care center" Appendix A has been amended to update the ratio and group size requirements for preschool and school-age children:

**Rule 5101:2-13-18 "Group size and ratios for a licensed family child care provider"** has been amended to allow each child care staff member in a family child care home to care for up to twelve children at any one time. Each child care staff member can only care for three children under two years of age. For this period, Type B providers are automatically grandfathered to have a capacity of twelve children at any one time.

**Rule 5101:2-16-10 "Payment rates and procedures for providers of publicly funded childcare services"** has been amended to:

- Increase the number of absent days from ten days per six months to twenty days per six months.
- Create twenty-one pandemic days per fiscal year. A pandemic day is a day the provider is closed in response to the COVID-19 pandemic. In-home aides may not claim pandemic days.
- The child care automated system will be updated to reflect these changes.

**Step Up To Quality**

While Ohio is in a state of emergency to address the COVID-19 pandemic, SUTQ rated child care centers and family child care home providers should focus on meeting licensing requirements for health and safety. Additionally, the Ohio Department of Job and Family Services will not be assessing SUTQ standards and submission requirements with the exception of already submitted 1-star initial registrations, 1-star rating renewals and already submitted annual reports for 3-, 4- and 5-star ratings.

ODJFS has also amended rules to implement Amended Substitute Senate Bill No. 99 of the 131st General Assembly which were previously detailed in Family Child Care Manual Procedure Letter No. 7.

The following rules and form will be effective October 29, 2017.

Amended rules:

5101:2-13-10 "Training and professional development requirements for a licensed family child care provider and child care staff members" outlines the initial and on-going training and professional development for providers, staff and substitutes. This rule has been amended to remove paragraph (A)(3) that requires providers that are already licensed to meet the health training requirements and paragraph (C) (2) that requires child care staff members already employed to complete the one hour child abuse and neglect overview by June 30, 2017. Substitutes employed prior to the effective date of this rule shall complete the orientation by January 1, 2018. This rule was also amended to clarify that the training documentation only has to be given to employees if it is not stored in the Ohio Professional Registry (OPR) and to clarify language for substitute child care staff members and their training requirements.

5101:2-13-12 "Safe equipment and environment for a licensed family child care provider" outlines the requirements for safe equipment and environments in a licensed family child care home. This rule has been amended to update the weapons language to implement the changes to Ohio’s Concealed Carry law as required by Amended Substitute Senate Bill No. 99 of the 131st General Assembly.

5101:2-13-13 "Sanitary equipment and environment for a licensed family child care provider" outlines the requirements for sanitary equipment and environments for a licensed family child care home. SUBJECT: Background Check Rule Revisions for Family Child Care

Background:

The Office of Family Assistance has amended family child care home licensing rules pertaining to background checks as a result of the Child Care Development Block Grant Act (CCDBG) of 2014. Federal law requires the following five background checks be completed for each individual who owns, works, applies to work or resides in a family child care home:

- Bureau of Criminal Investigation (BCI)
- Federal Bureau of Investigation (FBI)
- National Sex Offender Registry
- State Sex Offender Registry

The Federal Law requires that all background check results be reviewed by the Ohio Department of Job and Family Services (ODJFS). In addition, individuals will no longer be required to complete new background checks if they change employers within a specified timeframe.

Licensing rules have also been amended as a result of feedback received from the Ohio Alliance of Early Learning Advocates in November 2016 and from stakeholder meetings held on January 31, 2017 and March 17, 2017.

The following rules and forms will be effective October 29, 2017.

New rule:

5101:2-13-09 "Background check requirements for a licensed family child care provider" has been replaced as a new rule due to the number of revisions and rearrangement of the paragraphs and to update the appendix to include language regarding sealed records. This rule outlines the new background check requirements that must be completed before working or residing in a family child care home. Appendix A to the rule has been amended to clarify that for rehabilitation, three years does not need to elapse for misdemeanors that are sealed and ten years does not need to elapse for felonies that are sealed.

Amended rules:

5101:2-13-01 "Definitions for licensed family child care" defines the terms used throughout the chapter of family child care licensing rules. This rule has been amended to add language to the definition of child care.

5101:2-13-02 "Application and amendments for a family child care provider license" outlines the process and requirements for applying for a family child care license and the process to amend a currently existing family child care license. This rule has been amended to delete the requirements for county agencies to review the BCI and FBI checks for providers as it will now be done by ODJFS. Appendix A to this rule has been amended to reflect the updated requirements for background checks that are to be submitted at the time of application.

5101:2-13-03 "Compliance inspection and complaint investigation of a licensed family child care provider" outlines guidelines and timeframes for inspections and investigations of licensed family child care providers. This rule has been amended to clarify language regarding types of inspections. The appendix to this rule has also been amended with updated language to reflect the new background check process (rule 5101:2-13-09), the updated concealed weapons requirements in Ohio (rule 5101:2-13-12), to clarify the moderate risk noncompliance (MRNC) for using vehicles that do not meet the requirements of rule 5101:2-12-14 of the Administrative Code (rule 5101:2-13-14) and to clarify when the MRNC also applies to playpens (rule 5101:2-13-20).
"Denial, revocation and suspension of a family child care application or license" outlines the parameters for denying an application or revoking or suspending a family child care license. This rule has been amended to include the updated background check requirements for denying or revoking a license.

"Provider responsibilities, requirements and qualifications for a licensed family child care provider" outlines the requirements to be a licensed family child care provider. This rule has been amended to delete old background check language and to require the JFS 01174 "Adjudicated a Delinquent Child Statement" be updated as necessary. Appendix C to the rule has been amended to clarify the breastfeeding policy requirements and to specify that the requirement is only for programs that serve infants or toddlers.

"Employees, child care staff members and substitute responsibilities and qualifications for a licensed family child care provider" outlines the requirements for those working in a family child care home. This rule has been amended to clarify the staff orientation training requirements as well as the language for substitute child care staff members. Appendices B and C to the rule have been amended to remove references to the old background check requirements and remove training requirements language that can be found in 5101:2-13-10 of the Administrative Code.

"County agency responsibilities for licensed family child care providers" outlines the duties for county agencies in licensing a family child care provider. This rule has been amended to remove the requirements of background checks as county agencies will no longer be responsible for reviewing the checks.

**New forms:**

JFS 01174 "Adjudicated a Delinquent Child Statement" is a new form that will be used by a family child care provider to attest that there is not an adjudicated delinquent child in the home.

JFS 01176 "Program Notification of Background Check Review for Child Care" is a new form that will be used to inform child care programs of background check results for providers, applicants, employees, child care staff members and residents.

Each program shall send the following to CCBbackgroundCheck@jfs.ohio.gov by January 1, 2018:

- A cover sheet detailing each person and their role within the program (owner/administrator, resident, child care staff member or employee. JFS 01171 "Background Check Cover Sheet for Child Care" is a sample form that can be used to meet this requirement.
- JFS 01175 for each owner, resident, child care staff member and employee.

Each program must keep the original copy of the results on file until it receives the new JFS 01176 for each resident, employee and child care staff member. If the current checks have been given to the county agency, please note that on the cover sheet instead and ODJFS will request the checks from the county agency.

If an individual's BCI or FBI checks expire prior to January 1, 2018, that individual will follow the entire new process for background checks by the expiration date of the checks instead of submitting the current (expiring) checks to ODJFS by January 1, 2018. This should be noted on the cover sheet when provided to ODJFS as "requested new BCI and FBI checks." This includes anyone who was previously grandfathered, did not ever have an FBI check or whose FBI check was one-time only.

ODJFS will use these results along with the results from new child abuse and neglect checks and state and national sex offender registry checks to determine if the individual is eligible for continued employment or residence in a licensed family child care home. Each family child care program and individual will receive notification from ODJFS regarding eligibility after review of the background check results.

FCCMTL 6 (Family Child Care Rule Revisions for Ohio Licensing and Quality System)

Family Child Care Manual Transmittal Letter No. 6

December 22, 2016

TO: All Family Child Care Manual Holders

FROM: The Office of Legal and Acquisition Services

SUBJECT: Family Child Care Rule Revisions for Ohio Licensing and Quality System

Background:

The Office of Family Assistance has completed a thorough review and restructuring of all child care licensing rules. All licensing rules have been reviewed to ensure that the Ohio Department of Job and Family Services (ODJFS) is only mandating essential health and safety requirements and not including requirements that could inhibit small business in Ohio. SUBJECT: Incentive Payment for Newly Licensed Child Care Centers and Family Child Care Programs with a Signed Provider Agreement

Background:
In 2019, Ohio was awarded the Preschool Development Grant Birth through Five, which provides the Ohio Department of Job and Family Services (ODJFS) funding to ensure families have adequate access to quality early childhood care and publicly funded child care services.

Incentive:
In an effort to encourage newly licensed programs to provide publicly funded child care, ODJFS is creating a one-time incentive payment. Newly licensed ODJFS child care centers and family child care providers are eligible for this incentive if the new program also signs a provider agreement for publicly funded child care. The new license and provider agreement must become effective between the date of this letter and June 30, 2020.

The incentive payments will be $5,000 for child care centers and $2,500 for family child care providers. Payment will be automatically issued by ODJFS via electronic funds transfer approximately 60 days after meeting the requirements. Any payments approved or authorized by ODJFS are subject to the availability of appropriate state or Federal funds.

Family Child Care Manual Procedure Letter No. 16

July 3, 2019

TO: All Family Child Care Manual Holders
FROM: Kimberly Hall, Director
SUBJECT: County Agency Serious Incident/Injury Reporting and Assessment

Background:

Rule 5101:2-13-03 of the Administrative Code requires family child care providers to notify the county agency in the Ohio Child Licensing Quality System (OCLQS) when a Serious Risk Non-Compliance (SRNC) occurs. Until now, county agencies have been able to set their own policies on how to utilize this information once submitted. This new procedure will help ensure consistent use of inspection type in an inspection report for the citation of non-compliances.

Updated Process:

Effective the date of this letter, the following procedures are to be used by county agencies, which are aligned with the state for centers:

- If the information submitted is determined to be a serious incident or injury as defined by rule 5101:2-13-16 of the Administrative Code, the County Agency Reviewer:
  - Contacts the program within three business days, or sooner if instructed by the County Agency Approver, to obtain the details of the incident.
  - If the serious incident is not a SRNC or a child fatality the case is closed, and no report is generated.
  - If the serious incident report is of a child fatality, regardless of whether it is a SRNC, a serious incident/injury/illness inspection report must be created from the Serious Incident case in OCLQS.

- If the information submitted is determined to be a six-point SRNC as defined by rule 5101:2-13-03 of the Administrative Code, the County Agency Reviewer:
  - Notifies the appropriate region email box if the program is currently SUTQ rated.
  - If a complaint case is not received within 10 days, a serious incident/injury/illness inspection report must be created from the Serious Incident case in OCLQS with a corrective action date.
  - If a complaint on the same issue is also received, the County Agency Reviewer conducts an onsite complaint inspection to investigate the allegations reported.
  - If a complaint is received after the serious incident/injury/illness inspection report is created, the serious incident/injury/illness inspection report must be deleted so there is only one inspection report associated with the incident.

  - The County Agency Reviewer must contact the County Agency Approver within 24 hours of the notification of the Serious Incident case if the reported serious incident includes the suspicion of child abuse or neglect, a child fatality, or if there is known media involvement.

  - If the Serious Incident case that is reported is the result of a suspicion of child abuse or neglect, the County Agency Reviewer must also contact the Public Children Services Agency (PCSA) within 24 hours of the notification.

If you have questions, please contact the Child Care Policy Help Desk at 1-877-302-2347, option 4 or CHILDCAREPOLICY@jfs.ohio.gov.

SUBJECT: Background Checks in the Ohio Professional Registry

Background:
Background check requirements for providers, adults residing in the home, employees and child care staff members of a family child care provider are outlined in rule 5101:2-13-09 of the Administrative Code. These individuals are required to submit a JFS 01175 "Request for a Background Check for Child Care." Additionally, they must complete the Ohio Bureau of Criminal Investigation (BCI) and Federal Bureau of Investigation (FBI) fingerprints and have the results sent electronically to the Ohio Department of Job and Family Services (ODJFS) from the Webcheck agency.

Updated Process:

Background Checks

There is now enhanced functionality in the Ohio Professional Registry (OPR) which allows the JFS 01175 to be submitted electronically. Individuals may now use the OPR to send the JFS 01175 to the ODJFS. For those sent electronically, the JFS 01176 "Program Notification of Background Check Review for Child Care" will be available to the program electronically in the OPR.

Beginning September 2019, all JFS 01175s shall be submitted via the OPR. Programs cannot create accounts and submit or sign the JFS 01175 on behalf of staff, employees or residents. Profiles in the OPR must be owned and controlled by the individual staff, employee or resident. Also in September 2019, programs will be required to link employees and residents to their program in the OPR and keep all individuals currently employed by the program or currently residing in the home linked to the program. Programs should begin this process now to ensure compliance by next fall.

FCCMPL 12 (Requesting to be an Approved Training Organization for Communicable Disease for Child Care Programs)

Family Child Care Manual Procedure Letter No. 12

January 19, 2018

TO: All Family Child Care Manual Holders

FROM: Cynthia C. Dungey, Director

SUBJECT: Requesting to be an Approved Training Organization for Communicable Disease for Child Care Programs

Background:
This letter is to provide notification of the process to become an approved training organization as set forth in rules 5101:2-12-10, 5101:2-13-10 and 5101:2-14-03 of the Administrative Code. The process allows for training organizations to be considered as "an ODJFS approved health organization," which allows the training conducted by these organizations to fulfill the requirements set forth in rule. Currently, an individual trainer must be one of the following:

- Licensed Registered Nurse;
- Physician; or
- Authorized communicable disease trainer for an Ohio Department of Job and Family Services (ODJFS) approved health organization.

Updated Approval Process:
ODJFS has clarified the procedure outlined in rule for organizations wishing to be recognized as an ODJFS approved health organization to provide the ODJFS/Ohio Department of Health (ODH) approved communicable disease curriculum used by child care programs.

In order for an organization to be recognized as an ODJFS approved health organization for communicable disease training, the organization must submit the following information to ODJFS at CCDTrainer-Registration@jfs.ohio.gov:

- Name
- Contact information (address, phone number, fax number and email address)
- Company website

The organization must provide proof of all the following information:

- The organization currently provides communicable disease training to other agencies;
- A licensed nurse (RN) or physician is employed by the organization and is responsible for oversight of individuals who will be responsible for conducting the communicable disease training; and
- Staff within the organization have been trained on communicable disease prevention either through higher education coursework or through training offered within the organization.

Once all the required documents have been received, the ODJFS child care program office will review the information and inform the agency as to whether or not the agency has been approved to be recognized as an ODJFS approved health organization and will be added to the “At-a-Glance Training Chart” located on the website here http://jfs.ohio.gov/cdc/docs/TrainingChartCPR2017.stm. Health organizations that are already approved do not need to reapply.

An individual requesting to be an approved communicable disease trainer must submit the JFS 01278 “Communicable Disease Trainer Registration for Child Care” and one of the following:

- Proof of being a registered nurse or a licensed physician as outlined on the form;
- Proof of being an employee of an ODJFS approved health organization; or
- American Red Cross (ARC) Communicable Disease instructor card
• Note: Although ARC is no longer conducting communicable disease training for instructors, if an individual has previously received this card, he or she may still be approved as a communicable disease instructor.

The ODJFS will mail a compact disk with the ODJFS approved communicable disease training to an approved organization or individual.

Family Child Care Manual Procedure Letter No. 11

April 5, 2018

TO: All Family Child Care Manual Holders

FROM: Cynthia C. Dungey, Director

SUBJECT: Expedited Type B License to Provide Kinship Child Care

Background:

Section 307.25 (TEMP) by Am. Sub HB 49 of the 132nd General Assembly creates a kinship child care program for families under 200% of the federal poverty level. The program will help families providing kinship care with child care expenses.

The applicant will follow all of the regulations of Chapter 5104. of the Ohio Revised Code and Chapter 5101:2-13 of the Ohio Administrative Code with the following exceptions:

1. The initial $250 license fee will be waived.

FCCMPL 10 (Requirements for Carbon Monoxide Detectors)

Family Child Care Manual Procedure Letter No. 10
November 30, 2017

TO: All Family Child Care Manual Holders

FROM: Cynthia C. Dungey, Director

SUBJECT: Requirements for Carbon Monoxide Detectors

Background:
Effective December 31, 2016, Ohio Administrative Code (OAC) rules 5101:2-12-12 and 5101:2-13-12 required child care centers and family child care homes to have carbon monoxide (CO) detectors present in the program. At the time, the Ohio Fire Code did not address CO detectors for these settings. Effective December 15, 2017, the Ohio Fire Code will be amended to address the requirement for CO detectors for child care centers and Type A Home providers.

New Policy:
Effective December 15, 2017, the Ohio Department of Job and Family Services (ODJFS) will no longer assess compliance with OAC rules 5101:2-12-12 (B)(4) for centers and 5101:2-13-12 (B)(4) for Type A Homes. Since Type B Home providers are exempt from the Ohio Fire Code requirements and are not inspected by the State Fire Marshal's office, the ODJFS will continue to assess that these providers comply with the rule requirements for CO detectors.

Both rules will be amended to reflect these changes.

Please contact the Child Care Policy Helpdesk at 1-877-302-2347, option 4, if you have any questions.
Background:
The Child Care Development Block Grant Act (CCDBG) of 2014 requires the following five background checks be completed for each individual who owns, works, applies to work or resides in a family child care home or child care center:

- Bureau of Criminal Investigation (BCI)
- Federal Bureau of Investigation (FBI)
- National Sex Offender Registry
- State Sex Offender Registry
- Statewide Automated Child Welfare Information System (SACWIS)

The law also requires that all background check results be reviewed by the Ohio Department of Job and Family Services (ODJFS). In addition, individuals will no longer be required to complete new background checks if they change employers within a specified timeframe.

Background check rules are currently being amended to meet the new Federal requirements. ODJFS must review the five checks for all child care providers in Ohio by September 30, 2018. ODJFS is reviewing checks for all currently licensed or certified providers in stages over the next year to ensure compliance with the new checks.

Implementation for Currently Licensed Type B Home Providers

Beginning July 3, 2017, ODJFS will work with county agencies to obtain the copies of the results of the most recent BCI, FBI, and child abuse and neglect (SACWIS) checks on file for all licensed Type B Home providers, residents age eighteen and older, child care staff members, employees, and substitutes. County agencies shall submit these records for Type B providers and required individuals to ODJFS by August 15, 2017. This letter is for notification only, there is no action required from Type B Home providers at this time.

ODJFS will review these records, the state and national sex offender registries and will also request all checks from any states the individual resided in for the previous five years.

Type B Providers and Residents Over 18

Once the review of background check results has been completed for each provider and resident of the Type B Home, ODJFS will notify the person and the county regarding the person's eligibility to own or reside in a family child care (FCC) program. If ODJFS determines that the Type B home provider is not eligible to be a provider or that a resident of the home is not eligible to reside in a licensed Type B Home, the county agency shall recommend revocation of the license unless the provider voluntarily surrenders the license.

Employees and Child Care Staff Members

Once the review of background check results has been completed for each employee or child care staff member (including substitutes) of the Type B Home, ODJFS will notify the person and the Type B Home provider regarding the person's eligibility to work in a FCC program. If ODJFS determines the person is not eligible to work in a FCC program, the Type B Home provider shall immediately terminate their employment, unless the individual requests a review. If the individual requests a review the individual cannot be on-site at the program during the review process.
Right to Review

If the individual believes the information received is not accurate, he or she may directly contact the agency that contributed the questioned information. More information on this is available at http://jfs.ohio.gov/cdc/childcare.stm. If the individual disagrees with the decision made by ODJFS, they may submit the JFS 01178 “Request for Review of Background Check Decision for Child Care” to request a review of the decision.

Please contact the Child Care Policy Helpdesk at 1-877-302-2347, option 4, if you have any questions.

Family Child Care Manual Procedure Letter No. 8

April 11, 2017

TO: All Family Child Care Manual Holders
FROM: Cynthia C. Dungey, Director
SUBJECT: Training Requirements for Family Child Care Providers

Background:
Chapter 5101:2-13 rules and forms were effective December 31, 2016. At that time, the pre-licensing and child care staff member trainings were updated to reflect the new rules. All Type A and Type B Home providers licensed prior to December 31, 2016 must take the Family Child Care New Staff Orientation by June 30, 2017. This will assure that these providers meet the new federal training requirements. Completion of the training should be documented on the JFS 01307 "Professional Development Documentation for Child Care" and kept on file at the program. Completion of this training can be used to meet the requirement for six hours of professional development training for this fiscal year.

Until the training is available in the Ohio Professional Registry (OPR), the staff orientation is temporarily available on the ODJFS website at http://jfs.ohio.gov/cdc/Licensing_Training.stm.

SUBJECT: Implementation of New Weapons Requirements

Background:
Current licensing rules prohibit all weapons in child care centers and require family child care providers to keep weapons locked and out of sight of all children. Both centers and family child care providers are required by section 2923.1212 of the Ohio Revised Code (ORC) to display a sign that states "Unless otherwise authorized by law, pursuant to the Ohio Revised Code, no person shall knowingly possess, have under the person’s control, convey, or attempt to convey a deadly weapon or dangerous ordnance onto these premises."

New Policy Requirements:
Effective March 21, 2017, Amended Substitute Senate Bill No. 199 of the 131st General Assembly amended section 2923.126 ORC to no longer include licensed child care programs in the list of the places concealed handguns are prohibited. This includes centers and family child care programs. The bill does allow child care program owners to choose to prohibit all weapons, including concealed handguns. The bill did not change the requirement for all programs to display the sign pursuant to section 2923.1212.

Child Care Centers:
Each of the following groups will be permitted to have the following weapons in a child care center, unless specifically not permitted by the child care center owner. Although permitted to be in the program, the weapons must not be accessible to children.

1. Handguns may be carried by an individual with a valid concealed handgun license and must be kept out of sight of the children.
2. Weapons may be carried by an active duty member of the U.S. armed forces if also carrying valid military identification and documentation of successful completion of firearms training that meets or exceeds the training requirements described in division (G)(1) of section 2923.125 ORC.
3. Weapons may be carried by a law enforcement official who can document that his or her jurisdiction requires ready and immediate access to the weapon.

Family Child Care Providers:
Each of the following groups will be permitted to have the following weapons unsecured in a family child care home, unless specifically not permitted by the family child care program owner. Although permitted to be in the home, the weapons must not be accessible to children.

1. Handguns may be carried by an individual with a valid concealed handgun license and must be kept out of sight of the children.
2. Weapons may be carried by an active duty member of the U.S. armed forces if also carrying valid military identification and documentation of successful completion of firearms training that meets or exceeds the training requirements described in division (G)(1) of section 2923.125 ORC.
3. Weapons may be carried by a law enforcement official who can document that his or her jurisdiction requires ready and immediate access to the weapon.
Rules 5101:2-12-12 (B)(1) and 5101:2-13-12 (B)(1) will be amended to reflect these changes. Until then, compliance with the rules will be assessed according to this letter.

Please contact the Child Care Policy Helpdesk at 1-877-302-2347, option 4, if you have any questions.
Family Child Care Manual Procedure Letter No. 6

February 8, 2017

TO: All Family Child Care Manual Holders

FROM: Cynthia C. Dungey, Director

SUBJECT: Updated Process for Family Child Care Providers and County Agencies

Background:
Chapter 5101:2-13 rules and forms were effective December 31, 2016, however, the Ohio Child Licensing and Quality System (OCLQS) was not available for use at that time. Family Child Care Manual Procedure Letter (FCCMPL) 2 and FCCMPL 3 were issued to describe temporary procedures until the system was live.

Updated Process:
OCLQS went live on January 30, 2017. This system shall be used in accordance with rule unless otherwise noted below. The updated information in this procedure letter replaces FCCMPL 2 and FCCMPL 3.

Pre-licensing Training
Because of an issue with the tool that feeds the training to the Ohio Professional Registry (OPR), the pre-licensing training is not yet available in the OPR. This, paired with provider feedback, has led ODJFS to review the issue and create an alternative process for the pre-licensing training requirement to be met. Beginning February 24, 2017, the pre-licensing training will be available on the ODJFS website at: http://jfs.ohio.gov/cdc/openingachildcareprogram.stm. Full instructions for the training will also be available there. Once the training is complete, applicants will follow the directions on the website, and at the end of the training, to print and submit documentation of completion to prelicensing@jfs.ohio.gov along with the OPIN number associated with their OPR profile. ODJFS will then document completion of the pre-licensing training in the OPR so that the applicant is able to begin the application process in OCLQS. This process will continue until the training tool issues are resolved and the pre-licensing training is available in the OPR.

If a Type B Home provider application was submitted prior to December 31, 2016 and the application is only missing the pre-licensing training (which replaced both the orientation and the health and safety training required prior to December 31, 2016), the applicant has until Friday, March 31, 2017 to complete the pre-licensing training following the process detailed above. If the training is not completed by March 31, 2017, the application shall be closed. County agencies shall have until June 30, 2016 to approve any applications that were missing the pre-licensing training.

Family Child Care Application Process
If a paper application was submitted during the OCLQS transition process, the family child care provider now has until Friday, March 3, 2017 to enter the information and applicable payment into OCLQS. If an application is not submitted in OCLQS by the deadline, the ODJFS will notify the county agency to close the application and stop processing it for licensure.

New Staff Orientation
Until the training is available in the OPR, the staff orientation is temporarily available on the ODJFS website at http://jfs.ohio.gov/cdc/Licensing_Training.stm. Completion of the training should be documented on the JFS 01307 "Professional Development Documentation for Child Care" and kept on file at the program. The provider shall sign at the bottom of the JFS 01307 to attest that the child care staff member completed the training. Any child care staff member hired between December 31, 2016 and January 13, 2017 will have until March 3, 2017 to complete the training. Existing child care staff must take this orientation by June 30, 2017 because it has been updated to include information required by new federal child care training requirements.

ODJFS Prescribed Child Abuse Overview
Until the training is available in the OPR, the one-hour child abuse overview training is temporarily available on the ODJFS website at http://jfs.ohio.gov/cdc/Licensing_Training.stm. Completion of the training should be documented in the "Child Abuse Prevention" section on the JFS 01276 "Health Training Documentation for Child Care." Please note in the "Other Hours" section of the JFS 01276 that the one-hour child abuse overview training was completed. The provider shall sign the "trainer section" to attest that the child care staff member completed the training and keep a copy of the form on file at the program.

Monitoring Inspections

By March 3, 2017, the county agency shall data enter into OCLQS any paper JFS 01926 “Inspection Report for Family Child Care” that was completed prior to the OCLQS go-live.

Type B Provisional Period

Any Type B provider in a provisional period as of December 31, 2016 will have until June 30, 2017 or until the end of the provisional period, whichever comes first, to complete the new professional development requirements and any needed health trainings.

Family Child Care Providers, please contact the Child Care Policy Helpdesk at 1-877-302-2347, option 4, if you have any questions.

County Agencies, please contact CHILD_CARE_COUNTY_TECHNICAL_ASSISTANCE@jfs.ohio.gov if you have questions.

SUBJECT: Child Care Center and Family Child Care Request for Review  

Background:  
Ohio Administrative Code rules 5101:2-12-07 and 5101:2-13-07 outline the process for child care centers and  
Type A Homes to request a review if there is a disagreement with a licensing finding. The requirement states  
if the administrator or designee disagrees with a finding and an informal discussion with the licensing  
specialist does not provide a resolution, the administrator or designee can submit a written request for review  
to the licensing supervisor within seven days from the receipt of the licensing report. If the center or Type A  
Home administrator or designee disagrees with the decision of the licensing supervisor, a written request can  
be submitted to the chief of the licensing section, whose decision is final.  
Currently, Type B Home rules do not include a process for owners/administrators to request a review of a  
licensing finding.  

New Request for Review Protocol:  
Effective December 31, 2016, Ohio Administrative Code rules 5101:2-12-03 and 5101:2-13-03 will outline the  
requirements for centers and family child care providers (Type A Homes and Type B Homes) to submit a  
request for review of a licensing finding. Moving forward, if the center or family child care provider disagrees  
with a licensing finding and an informal discussion with the licensing specialist does not provide a resolution,  
the owner/administrator may request a review of the finding by following the steps below:  
(1) Complete the licensing section of the JFS 01155 “Request for Review for Licensing and Step Up  
To Quality” (12/2016)  
(2) Submit the JFS 01155 and any applicable documentation via email to  
ccreviewrequest@jfs.ohio.gov within seven days from the receipt of the finding.  

Each JFS 01155 received will be reviewed by a committee comprised of members from the Office of Family  
Assistance. The committee members will provide a written decision to the center owner or administrator or the  
family child care provider. The decision of the committee will be final.

SUBJECT: Temporary Procedures for Family Child Care

Background:
The Office of Family Assistance has completed a thorough review and restructuring of all child care licensing rules. All licensing rules have been reviewed to ensure that the Ohio Department of Job and Family Services (ODJFS) is mandating only essential health, safety and administration requirements and not requirements that could inhibit small business in Ohio. Additionally, the rules for all settings have been aligned, renumbered and updated to require the use of the Ohio Child Licensing and Quality System (OCLQS) currently in development. Both, Type A and Type B Homes will be monitored by the local county agency.

Temporary Process:
Chapter 5101:2-13 rules and forms are effective December 31, 2016, however, OCLQS will not be available for use at that time. The requirements listed below in this procedure letter will be effective beginning December 31, 2016 until OCLQS is operating.

Pre-licensing Training
Applicants need to complete a pre-licensing training prior to submitting an application. The pre-licensing training is currently being offered in person monthly until the online training is available via the Ohio Professional Registry (OPR). The trainings will take place in each ODJFS regional office. Applicants may register via the OPR.

Application Process
All applications and payments will be submitted in OCLQS. Until the system is live, a paper application may be used to begin the licensing process and will be accepted without payment. To obtain a fillable paper application, the applicant shall call the Child Care Policy Helpdesk at 1-877-302-2347, option 4. The applicant will then return just the completed application (no attachments or supporting documentation) to CentralOffice_CCPackets@jfs.ohio.gov. The appropriate county agency will be notified of the applicant's paper application submission and can begin the licensing process. Once OCLQS is operating, any applicant who submitted a paper application shall submit a new application and payment in the system within thirty days of the go-live date.

Licensing Amendments
Licensed Type A Home providers will continue to submit amendments in the Central Office License Tracking System – System for Online License Applications and Renewals (COLTS – SOLAR) system.

Type B Home providers will continue to notify the county agency if there is a needed amendment.

Serious Incidents
If a serious incident occurs, family child care providers will call the Child Care Policy Helpdesk at 1-877-302-2347, option 4, to report the incident.

Corrective Action Plan (CAP)
Family child care providers will submit the CAP to the specialist at the county agency. Family child care providers will not be required to enter a CAP into OCLQS for inspections completed prior to OCLQS going live, but may receive a system generated notification due to data entry and conversion. County agency staff will enter all CAPs submitted between December 31, 2016 and go-live.

ODJFS Prescribed Child Abuse Overview
Until the training is available in the OPR, the one-hour child abuse overview training will be temporarily available on the ODJFS website at [http://jfs.ohio.gov/cdc/Licensing_Training.stm](http://jfs.ohio.gov/cdc/Licensing_Training.stm). Completion of the training should be documented in the "Child Abuse Prevention" section on the JFS 01276 "Health Training Documentation for Child Care." Please note in the "Other Hours" section of the JFS 01276 that the one-hour child abuse overview training was completed. The provider shall sign the "trainer section" to attest that the child care staff member completed the training.

**New Staff Orientation**

Until the training is available in the OPR, the staff orientation will be temporarily available on the ODJFS website at [http://jfs.ohio.gov/cdc/Licensing_Training.stm](http://jfs.ohio.gov/cdc/Licensing_Training.stm) beginning January 13, 2017. Completion of the training should be documented on the JFS 01307 "Professional Development Documentation for Child Care." The provider shall sign at the bottom of the JFS 01307 to attest that the child care staff member completed the training. Any child care staff member hired between December 31, 2016 and January 13, 2017 will have until February 13, 2017 to complete the training.

TO:    All Child Care Center Manual Holders

FROM:  Cynthia C. Dungey, Director

SUBJECT:  Parental Notification of Intent to Revoke License

Background:
Division 5104.04 of the Ohio Revised Code (ORC) gives the Ohio Department of Job and Family Services the authority to revoke the license of a child care provider if the child care provider is in non-compliance with the ORC or Ohio Administrative Code (OAC). To initiate the revocation of a license, ODJFS issues a proposed adjudication order (PAO). This order, based on an on-site inspection report, notifies the provider of the alleged non-compliance with the Ohio Administrative Code and initiates a formal hearing.

Updated Procedure:
If a licensed child care provider is issued a PAO, ODJFS will notify all families for whom the provider provides publicly funded child care services. The letter will place the families on notice of the PAO. Previously the procedure included that the hearing date would be provided. This date is not known at the time the PAO is issued.

Please contact the Child Care Policy Helpdesk at 1-877-302-2347, option 4, if you have any questions.
The Ohio Department of Job and Family Services (ODJFS) rule review process requires all rules to be reviewed at least every five years. The following rule was amended as part of the five year review and will be effective on April 1, 2014.

Rule 5101:2-13-02 "Types of licensed type A homes" defines the different types of child care that may be provided and the exemptions that apply to certain types of programs. This rule has been amended to remove the reference to rule 5101:2-13-32 that has been rescinded.

CCAMTL 9 (Five-Year Rule Review for Licensed Type A Child Care Homes)

Child Care Type A Manual Transmittal Letter No. 9

November 22, 2011

To: All Child Care Type A Manual Holders

From: Michael B. Colbert, Director

Subject: Five-Year Rule Review for Licensed Type A Child Care Homes

In accordance with Ohio Revised Code (ORC) Section 119.032, each state agency is required to review its rules a minimum of once every five years. The intent of the law is to ensure that rules are clearly written and that program requirements are accurate, up-to-date and clearly expressed. To the extent possible, unnecessary paperwork will be eliminated and local agencies will be given increased flexibility. The purpose of a rule review is to determine whether a rule should be continued without amendment, be amended or be rescinded, taking into consideration each rule's scope and purpose.

A number of rules related to type A child care were recently reviewed and some changes made. The following revisions will be effective December 1, 2011:

**Rule 5101:2-13-21** "Care and Nurturing of Children in Licensed Type A Homes." This rule has been revised to remove references to websites that list choking hazards and to replace it with an appendix to the rule which lists common food choking hazards.

**Rule 5101:2-13-22** "Child Guidance and Management in Licensed Type A Homes." This rule has been revised to clarify that child guidance must occur at the time of the incident.

**Rule 5101:2-13-23** "Evening and Overnight Care in Licensed Type A Homes." This rule has been revised to clarify who is to provide basic hygiene items.

**Rule 5101:2-13-27** "Training in First Aid, CPR, Management of Communicable Disease and Child Abuse Prevention in Licensed Type A Homes." This rule has been revised to separate the requirements for First Aid and Management of Communicable Disease and to clarify that the department will accept online training courses that have been reviewed and approved by ODJFS.

**Rule 5101:2-13-28** "In-Service Training for Licensed Type A Homes." This rule has been revised to update language regarding electronic media training and to clarify what online courses are to be accepted.

**Rule 5101:2-13-34** "Medical, Dental, and General Emergency Plans for Licensed Type A Homes." This rule is being revised to reflect that the JFS 01242 Medical/Dental/General Emergency Plan has been updated and to add the requirement that weather emergency drills be practiced monthly March thru September. Additionally, the current appendix to this rule been removed.

**Rule 5101:2-13-35** "Incident/Injury Report for Licensed Type A Homes." This rule is being revised to update the ways that a JFS 01299 can be submitted and to clarify programs responsibilities regarding reporting of serious incidents.

**Rule 5101:2-13-36** "First Aid Supplies/Procedures for Licensed Type A Homes." This rule is being revised to replace the requirement for "vinyl" gloves in the first aid kit to "non-latex" gloves. The language regarding having a system to review the first aid kit and replace missing items has also been removed.

**Rule 5101:2-13-37** "Children's Medical and Enrollment Records for Licensed Type A Homes." This rule has been revised to include a Certified Nurse Practitioner (CNP) as a health care provider whom can sign off on a child's medical statement.

**Rule 5101:2-13-38** "Care of Children with Health Conditions in Licensed Type A Homes." This rule has been revised to define who is required to have a Medical/Physical Care Plan on file and what information must be included in that plan.

The electronic version of the Child Care Type A Home Manual is located at: http://emanuals.odjfs.state.oh.us/emanuals. The manual contains all rules and transmittal letters that the department has issued to licensed type A homes. This letter is to notify stakeholders that the five rules listed below have been revised to improve the process for obtaining an initial license and renewing a license. These rules are effective September 29, 2011. The following is a summary of the changes to the rules:

**Rule 5101:2-13-18.1** "Transportation/Vehicle Requirements for Licensed Type A Homes" has been amended to clarify the intent of the rule requirements. The rule language has been simplified so it is clearly understood that appropriate child safety restraints must be used in vehicles used to transport children, when the vehicle is required by the United States Department of Transportation to be equipped with seat belts at the time of manufacture. This rule does not require school busses to have seat belts or to use child safety restraints.

**Rule 5101:2-13-18.2** "Transportation/Driver Requirements for Licensed Type A Homes" has been amended to simplify the record keeping requirements for contracted drivers who provide services to type A homes. The change to the rule requires the home to have the driver's employer complete a JFS 01266 "Contracted Driver Qualification Statement." This one form replaces the numerous documents contracted drivers currently must provide to the home.

**Rule 5101:2-13-25** "Employee and Child Care Staff Member Requirements for Licensed Type A Homes" has been amended as a result of the Five Year Review and to simplify the requirements for information that child care staff are required to have on file at the home. The changes to this rule include removing language requiring employees that have been home schooled to submit a letter from their local board of education or state board of education verifying they have met high school graduation requirements. This rule is also being amended to remove the requirement that child care staff members receive a tuberculosis test as part of the employee medical and to specify when all employees must receive the Pertussis immunization. Additionally, the requirement that each employee provide three references has been removed.

**Rule 5101:2-13-26** "Statement of Nonconviction and Criminal Records Check for Licensed Type A Homes" has been amended to clarify which employees of a child care home must have the results of a criminal records check on file at the home. The changes to this rule include clarification that persons providing contracted driving services may have their criminal records checks verified by a written statement from their employer rather than having a copy of the information on file at the child care home.

**Rule 5101:2-13-42** "Cribs in Licensed Child Care Programs" has been amended to clarify the requirements for dividers between cribs and to implement the new federal standards for cribs. The changes to the rule include broadening the requirements for what type of material may be used for dividers between cribs and to reflect changes made to federal requirements regarding crib construction standards. The revision date of the JFS 01235 "Sleep Position Waiver" has been updated.

The electronic version of the Child Care Home Manual is located at: http://emanuals.odjfs.state.oh.us/emanuals. The manual contains all rules and transmittal letters that the department has issued to licensed type A homes. A current version of this manual should be accessible and utilized by all administrators in all licensed type A homes.

Subject: 2011 Rule Revisions for Licensed Type A Homes as a Result of HB 153

This letter is to notify stakeholders that as a result of the passage of Am. Sub. H.B. 153 of the 129th General Assembly and the agency’s rule review process, which requires all rules to be reviewed at least every five years, the following rules have been reviewed and amended. These rules are effective September 29, 2011.

The following is a summary of the changes to the rules:

Rule 5101:2-13-01 "Definitions for Licensed Type A Homes." This rule has been amended to include the definition of "career pathways model" and to redefine "administrator."

Rule 5101:2-13-03 "License Capacity for Licensed Type A Homes." This rule has been amended to correct spacing issues. There have been no changes to the content of the rule.

Rule 5101:2-13-04 "Initial Application and Issuance of a Provisional License for Type A Homes." This rule has been amended to define a "continuous license." Programs will no longer need to reapply every two years to have their licenses renewed. After the type A home completes the provisional period, the license will continue as a regular license without an expiration date, unless the program demonstrates that it cannot operate in compliance with the licensing rules. The rule has also been amended to increase the initial application fee, to extend the provisional period to twelve months and to add language regarding the application process. This rule also prohibits a licensed type A home from being a certified type B home through the county department of Job and Family Services.

Rule 5101:2-13-04.1 "Procedures for Type A Homes Operating Under a Provisional License." This rule is a new rule which explains the requirements for compliance inspections during the provisional period, what happens at the end of the provisional period and under what circumstances a license may be proposed for revocation during the provisional period.

Rule 5101:2-13-05 "License Amendments for Licensed Type A Homes." This rule has been amended to revise the title of the rule, to remove language regarding initial applications and move that language to 5101:2-13-04 and to detail the process for requesting an amendment to a type A home license.

Rule 5101:2-13-06 "Procedures for Renewal of a Child Care Center License." This rule has been rescinded as a result of the change to a continuous license for child care.

Rule 5101:2-13-07 "Inspection and Investigation of Licensed and Unlicensed Type A Homes." This rule has been amended to revise the title of the rule, to move language regarding inspections to 5101:2-13-06, to require the home to respond to the inspection report by the date listed in the report and to remove language regarding renewal of a license.

Rule 5101:2-13-09 "Denial or Revocation of a Child Care Center Application or License." This rule has been amended to remove language about renewal of a license and to increase the number of years required to pass before someone who has had their license revoked can apply again for a child care license.

Rule 5101:2-13-10 "Building Department Inspection for Licensed Type A Homes." This rule has been amended to include the requirement that the home follow any stipulations or limitations that the building inspection department indicates on the report.

Rule 5101:2-13-11 "Fire Department Approval for Licensed Type A Homes." This rule has been amended to specify that the home must secure a new fire inspection approval if the program changes location.

Rule 5101:2-13-20 "Supervision, Staff/Child Ratios and Grouping for Licensed Type A Homes." This rule has been amended to clarify supervision standards for times when children are out of sight of the child care staff member, to replace the staff/child ratio paragraphs with a chart outlining the required ratios, and the limitation of caring for no more than three children under two years of age has been revised to caring for no more than
three children under the age of eighteen months. Additionally, language has been added regarding attendance requirements.

Rule 5101:2-13-24 "Administrator Responsibilities and Qualifications for Type A Homes." This rule has been amended to clarify that the administrator's designee does not have to meet the administrator educational qualifications, to remove the requirement that home schooled students submit a letter verifying that their curriculum met state requirements and to add the requirement that type A administrators complete the ODJFS administrator rules training course within six months of being named.

Rule 5101:2-13-30 "Written Information, Policies and Procedures to be Provided to Parents/Guardians of Children in Licensed Type A Homes." This rule has been amended to update the revision date of the JFS 01337.

Rule 5101:2-13-32 "Parental Participation Policies and Parent Roster Requirements in Licensed Type A Homes." This rule has been rescinded as the statutory requirement for type A homes to prepare and maintain a parent roster has been removed. Language regarding the parental participation policy has been moved to 5101:2-13-30.

CCBMTL 7 (Rule Review for Certified Type B Providers and In-Home Aides)

Child Care Type B Home Manual Transmittal Letter No. 7

June 27, 2013

TO: All Child Care Type B Home Manual Holders

FROM: Michael B. Colbert, Director

SUBJECT: Rule Review for Certified Type B Providers and In-Home Aides

The Office of Family Assistance amended several type B home certification rules contained in Chapter 5101:2-14 of the Ohio Administrative Code as a result of a five year review. These rules will be effective on August 3, 2013. The following rules have been amended:

5101:2-14-01 "Definitions for Certification of Type B Home Providers and In-Home Aides" has been amended to remove the definition of an absent day, this definition appears in another rule, 5101:2-16-01 of the Administrative Code, to add definition of Department, to remove definition of medically fragile foster care since this definition is covered in specialized foster care definition, and to revise the definitions of medication and publicly funded child care for consistency with other rules.

5101:2-14-02 "Application for Certification as a Professional Type B Home Provider or In-Home Aide" has been amended to revise language regarding the requirement for a provider to enter information for the provider agreement into the online portal, to add language regarding Ohio electronic child care (Ohio ECC), and remove language regarding which rules the County Department of Job and Family Services (CDJFS) has to give to the provider, this is outlined in rule 5101:2-14-61.

5101:2-14-04 "Issuance and Renewal of Professional Certification as a Type B Home Provider or In-Home Aide" has been amended to add the restriction that only one certificate shall be issued per address (previously two people certified at the same address before August 14, 2008 could retain dual certification; this provision is being removed from the rule). Certified providers with two certificates at one home must contact their CDJFS and inform them which certificate will be forfeited no later than July 3, 2013. If providers do not contact the CDJFS by July 7, 2013 the CDJFS will remove the most recently issued certificate. These certifications will end on August 2, 2013. New language has been added to require providers to obtain a new certificate if they move and to clarify language.

5101:2-14-05 "Provider Qualifications for Professional Certification as a Type B Home Provider or In-Home Aide" has been amended to remove the requirement for a repeated medical every three years, to remove requirement of three references, and to clarify language requiring the provider to give caretaker(s) the provider's tax identification number at time of enrollment.

5101:2-14-13 "Training Requirements for Certification as a Professional Type B Home Provider or In-Home Aide" has been amended to revise the hours for the health and safety training from six to eight, to allow electronic media as approved by ODJFS for first aid, communication disease and child abuse recognition training, and to clarify language. The rule was also being amended to update the revision date of the JFS 01750 "Health and Safety in Family Child Care Homes," which will be released in a separate letter.

5101:2-14-36 "Crib and Playpen Requirements for Professional Certification as a Type B Home Provider or In-Home Aide" has been amended to revise language to comply with new crib standards from the Consumer Product Safety Commission and to clarify language.

5101:2-14-56 "Issuance and Renewal of a Certificate for Limited Certification as a Type B Home Provider or In-Home Aide" has been amended to revise language to only allow one certificate to be issued to each address, to discontinue grandfathering, and to clarify language. Providers should follow the same timelines for removing the certification as indicated in instructions in the paragraph above for rule 5101:2-14-04.

5101:2-14-58 "Provider Qualifications and Responsibilities for Limited Certification as a Type B Home Provider or In-Home Aide" has been amended to update the revision date of the JFS 01750.
"County Department of Job and Family Services Certification Responsibilities for Certified Type B Providers and In-Home Aides" has been amended to update the revision dates of the JFS 01750 and JFS 02827 "Monthly Financial Statement".

The electronic version of the Child Care Manual is located at: http://emanuals.odjfs.state.oh.us/emanuals. The manual contains all rules, forms, transmittal letters and procedure letters that the department has issued to child care providers. A current version of this manual should be utilized by providers in all type B homes that are certified by the CDJFS and a current and updated copy of the manual should be accessible at all times in the type B home.

SUBJECT: Emergency/Substitute Caregivers Used as Assistants to Type B Home Providers

This letter transmits a revision to a type B provider certification rule that will allow an approved emergency/substitute caregiver to act as an assistant to a type B home provider. This revision is being made to comply with the collective bargaining agreement between the state of Ohio and AFSCME, Ohio Council 8, AFL-CIO/Child Care Providers Together.

The following is a summary of the rule revision, which is effective July 1, 2011:

Rule 5101:2-14-14: Language has been added to allow a type B provider to use an emergency/substitute caregiver as an assistant in the type B home. The provider shall provide a one-time notice to the county agency prior to using an emergency/substitute caregiver as an assistant and shall notify parents when an emergency/substitute caregiver is used. Use of an assistant does not change the provider's capacity or the provider's payment. The provider must be present in the home at all times when the emergency/substitute caregiver is used as an assistant.

A new form, JFS 01920 "Emergency/Substitute Caregiver Acting as an Assistant in a Type B Child Care Home," has been developed to document a provider's use of an emergency/substitute caregiver as an assistant. This form will be released in a separate manual procedure letter.

Child Care Type A Home & Type B Home Manual Procedure Letters
TO: All Child Care Center Manual Holders
   All Child Care Type A Home Manual Holders
   All Child Care Type B Home Manual Holders

FROM: Cynthia C. Dungey, Director

SUBJECT: Parental Notification of Intent to Revoke License

Background:
Division 5104.04 of the Ohio Revised Code (ORC) gives the Ohio Department of Job and Family Services the authority to revoke the license of a child care provider if the child care provider is in non-compliance with the ORC or Ohio Administrative Code (OAC). To initiate the revocation of a license, ODJFS issues a proposed adjudication order (PAO). This order, based on an on-site inspection report, notifies the provider of the alleged non-compliance with the Ohio Administrative Code and initiates a formal hearing.

New Procedure:
Beginning December 1, 2014, if a licensed child care provider is issued a PAO, ODJFS will notify all families for whom the provider provides publicly funded child care services. The letter will place the families on notice of the PAO, the process and the hearing date.

Please contact the Child Care Policy Helpdesk at 1-877-302-2347, option 4, if you have any questions.

SUBJECT: Changes to Background Check Requirements for Child Care Providers

Background:
Currently, background checks required by rules 5101:2-12-26, 5101:2-13-26 and 5101:2-14-11 of the Ohio Administrative Code must be updated every four years. The non-conviction statement is required at application for licensure, certification and employment, and is updated annually.

New Policy:
Effective September 29, 2013, Amended Substitute House Bill 59 of the 130th General Assembly amended Section 5104.013 of the Ohio Revised Code. This section now requires that background checks be updated every five years to align with teacher licensure issued through the Ohio Department of Education. The requirements for the non-conviction statement are not changing.

Implementation:
All background checks dated before September 29, 2009 must be updated every four years from the date the check was completed. Background checks dated on or after September 29, 2009 must be updated every five years from the date the check was completed.

Please contact the Office of Family Assistance, Child Care Policy Help Desk at 1-877-302-2347, option 4, your licensing specialist, or your county department of job and family services if you have questions regarding these changes. Effective the date of this letter, the Ohio Department of Job and Family Services (ODJFS) will no longer provide a hard copy of the inspection report after an onsite inspection. Effective immediately, full size cribs are no longer required. The rules addressing crib requirements for type A homes will be revised to reflect this change. However, as many programs are currently replacing their older cribs with new cribs that meet the new federal standards, the department wanted programs to be notified as soon as possible. Until the rule changes are finalized, during licensing inspection visits type A homes will be assessed according to the revised requirements contained in this letter.

The revised rule language will state that cribs must be used according to the manufacturer's instructions and to discontinue the use of the porta crib when the child is able to climb out or reaches the height of thirty-five inches. Current rule language requiring the program to have a combination of porta cribs and full size cribs shall be removed. Current language regarding infants being able to be placed on a cot at sixteen months with parental permission and language regarding infants who are over thirty-five inches tall shall stay the same.

Am. Sub. H.B. 153 of the 129th General Assembly made changes to the Ohio Revised Code that require revisions to child care licensing inspection procedures and the implementation of a new "Continuous License" concept. The department's goals are to shift resources to focus on new businesses and those programs experiencing challenges with maintaining licensing compliance, eliminate administrative burdens for the department and providers and to strengthen the revocation process. This letter defines Continuous License, the inspection schedule for all licensed child care centers and type A homes and the time line for implementation.

What is a Continuous License?
Child care programs in Ohio have historically been issued biennial licenses that required programs to apply to have their licenses renewed every two years. This involved completing the renewal application and submitting the renewal fee. With a Continuous License, child care centers and type A homes will be issued licenses that do not have an expiration date. A license will now be valid with no expiration date, unless the program requests to close and terminate the license or ODJFS revokes the license. Due to the elimination of the license expiration date, there will no longer be a two-year licensing period upon which to base the required inspection schedule and programs will no longer need to apply to renew licenses or pay renewal fees.

License Inspection Schedule
Current:
The license inspection period is a two-year period beginning at the initial license issuance date and extending two years. All full-time programs receive two inspections during each year of the license period, while part-time programs receive one inspection during each year of the license period. The provisional period is a six-month period which begins with the initial license issuance date and during this provisional period one inspection is completed.

Under the New Continuous License:
During the new license inspection period, a full time child care center or type A home will receive at least two unannounced licensing inspections in the 12-month license inspection period. However, a full-time child care center or type A home that meets the following criteria will receive one unannounced licensing inspection:

- The program is a Step Up to Quality (SUTQ) Star Rated program.
- The program has been Star Rated for at least 12 months.
- The program has not had its Star Rating suspended or removed during the previous 12-month period.

Provisional License: Effective September 29, 2011 the Provisional License will be issued for a 12-month period. During the Provisional License, a full-time program will have at least three unannounced inspections and a part-time program will have at least two unannounced inspections during the 12 months of the license provisional period.

The chart below provides a comparison between the current inspection schedule and the new Continuous License schedule.
**Current Schedule**

**Provisional License:** At least one inspection during six-month provisional period (at approximately day 90).

**Regular two-year license, full-time:** At least two inspections each year, at least one unannounced and one may be focused.

**Regular two-year license part-time:** At least one unannounced inspection each year.

**Regular two-year license with Star Rating**
- **Full-time program:** At least two inspections each year, at least one unannounced and one may be focused.
- **Part-time program:** At least one inspection each year and may be focused every other year.

**Continuous License, full-time:** At least two unannounced inspections each year, and one may be focused.

**Continuous License, part-time:** At least one full unannounced inspection each year and may be focused every other year.

**Continuous License with Star Rating**
- **Full-time program:** At least one full unannounced inspection each year.
- **Part-time program:** At least one full unannounced inspection each year and may be focused every other year.

**New Schedule**

**Provisional License:** Full-time programs will have at least three unannounced inspections during 12-month provisional period.

Part-time programs will have at least two unannounced inspections during 12-month provisional period.

**Regular two-year license, full-time:** At least two unannounced inspections during 12-month provisional period.

**Regular two-year license part-time:** At least two unannounced inspections during 12-month provisional period.

**Continuous License, full-time:** At least two unannounced inspections each year, and one may be focused.

**Continuous License, part-time:** At least one full unannounced inspection each year and may be focused every other year.

**Continuous License with Star Rating**
- **Full-time program:** At least one full unannounced inspection each year.
- **Part-time program:** At least one full unannounced inspection each year and may be focused every other year.

*Step Up to Quality initial Star Rating must have been awarded at least 12 months prior and the rating must not have been suspended or removed during the previous 12 months. These programs will continue to receive annual SUTQ verification visits from the SUTQ licensing specialists.

All licensed child care centers and type A homes were evaluated to determine the minimum number of inspections needed for the new license inspection period based on the above criteria. Each program is scheduled to receive the inspections as shown in the chart above. If a SUTQ program has its Star Rating suspended or removed, that program will receive a second visit.

To: All Child Care Center Administrators
   All Child Care Type A Home Administrators

From: Douglas E. Lumpkin, Director
   Ohio Department of Job and Family Services

Subject: E-mail Address Requirement for Licensed Child Care Centers and Type A Homes

This letter is to notify child care centers and type A home providers that effective December 1, 2010 all licensed child care programs will be required to have and maintain a current e-mail address. This new requirement is a result of the department's development of an automated system for processing initial and renewal license applications. E-mail access between providers and the department will also allow faster, easier and more effective communication regarding changes to licensing policy, rules and forms with less cost associated with the notifications.

Programs should remember the following points when utilizing an email address:

- As of January 1, 2011 all license renewal applications and fire inspection notices will only be sent electronically. Programs will no longer receive paper copies of the renewal application or fire inspection notices. For this reason, the department must have a current, valid program e-mail address on file for every licensed provider. Each program should obtain an e-mail address that the department will use as the program's official contact address. This email address will be treated as a public record. Programs are encouraged to not use the administrator's or any staff member's personal e-mail. Use of an e-mail address belonging to an administrator or a staff member who then leaves the program could result in the program no longer receiving notices, which could affect the program's ability to maintain a license.

- No later than December 1, 2010 all licensed programs must enter the Central Office License Tracking System - System for Online License Applications and Renewals (COLTS - SOLAR) and set up a user account. The only information needed to set up the account is your name and your child care program's e-mail address. Follow these steps to create your account.
  1. Go to http://colts-solar.ohio.gov in your browser
  2. On the Access page, create a user account by selecting the Create Account button
  3. Enter the required information (first name, last name, e-mail address) and create a Key (the Key is needed to access the system. The Key serves the same purpose as a password)
  4. Select the Create Account button
  5. Your Confirmation #, Key and activation instructions will be sent to the e-mail address you provided when you created your account
  6. Open the e-mail and follow the instructions to activate your account
  7. Once you have activated your account you are finished.

- After January 1, 2011, when the system is live, you will be able to access your application(s) online and update your program e-mail address on the application(s), if needed. Until then, if your program e-mail address changes you will need to notify your licensing specialist to change the information.

- Programs that have already submitted an e-mail address via a mailed application or through their licensing specialist must also create an account in COLTS-SOLAR. The program should be sure that the e-mail address on file matches the e-mail address used to create the account. If
the e-mail address on file does not match exactly, please notify your licensing specialist so the change can be made in the licensing system. This will prevent conflicting information from being entered into the licensing system records.

- Programs that have already submitted an application through the COLTS-SOLAR should verify that the e-mail address entered on the application under the "Facility Information" section is the program e-mail address and not a personal email address of the administrator or a staff member. If a change needs to be made, please contact your licensing specialist.

If you have questions, please contact the Help Desk for the Office of Families and Children at 1-866-886-3537, option 4.

TO: All Child Care Type B Manual Holders
    All Child Care Type A Manual Holders
FROM: Douglas E. Lumpkin, Director
SUBJECT: Collective Bargaining Agreement with Independent Child Care Home Providers

The state of Ohio has entered into a collective bargaining agreement with the American Federation of State, County and Municipal Employees (AFSCME) Ohio Council 8 Independent Child Care Home Providers. This agreement was made pursuant to Executive Order 2008-02S, "Establishing Collective Bargaining for Child Care Home Providers." The Ohio Department of Job and Family Services (ODJFS) will implement the terms of the agreement, including policy changes that affect provider certification requirements and responsibilities of the county departments of job and family services. ODJFS will work in consultation with the State-Union Committee to develop and implement new policies and to provide technical assistance.

Per the agreement, ODJFS will:

- Create a brochure for parents who are considering using subsidized child care.
- Develop a list of items to be included in a parent handbook for type B providers to distribute.
- Develop a curriculum for county certification staff to use, which will include an inspection checklist with a section for the provider to make comments at the end of the inspection. The provider will be given a copy of the form before the inspector leaves the home. A similar form will be used for complaint investigations.
- Create a form that will notify caretakers and providers when a change occurs in the caretaker's eligibility.
- Provide training and technical assistance to county staff regarding the terms of the agreement. Notice of rule changes will be made through the usual Clearance and rule-filing process.

The agreement further stipulates that:

- Each CDJFS will schedule 30 minutes during the health and safety training for type B providers to allow a union representative to distribute materials and provide membership information. ODJFS field office staff will schedule 30 minutes during initial meetings with type A providers for this purpose.
- A provider's participation on the State-Union Committee is an acceptable use of a substitute care provider.
- The term "legal representative," as used in rule 5101:2-14-40 of the Ohio Administrative Code, may include a union representative or steward designated by the child care provider.
- Providers and the union may file grievances as a result of alleged violations of the agreement.

AFSCME Ohio Council 8 is a statewide organization representing all of Ohio’s type A and type B home providers. AFSCME has eight regional offices in the following cities: Akron, Athens, Cincinnati, Cleveland, Columbus, Dayton, Toledo and Youngstown. Addresses of these offices and the names of their union representatives can be found in the December 2009 edition of the "Providers Together" newsletter. SUBJECT: JFS 01299 "Incident/Injury Report for Child Care Centers/Type A Homes/Type B Providers" -  
Optional Online Submission Beginning May 15, 2009

This letter announces a new option for licensed child care centers and type A providers, and certified type B providers to electronically submit the JFS 01299 "Incident/Injury Report for Child Care Centers/Type A Homes/Type B Providers" for serious incidents. Serious incidents are described in rules 5101:2-12-35, 5101:2-13-35, 5101:2-14-28 and 5101:2-14-58 of the Administrative Code.

Licensed child care centers and licensed type A homes are required to contact verbally ODJFS within twenty-four hours after a serious incident and to follow with a written JFS 01299 within three business days of the serious incident. Certified type B homes are required to verbally contact the County Department of Job and Family Services (CDJFS) within twenty-four hours after a serious incident and to follow with a written JFS 01299 within three business days of the serious incident. When using the electronic submission, the written notification requirement is met. The serious incident data is retained in a database that will be accessible by ODJFS and CDJFS staff.

Beginning May 15, 2009, providers may electronically submit serious incidents to the Ohio Department of Job and Family Services (ODJFS) by accessing the form at:

Providers will need to have adobe acrobat version 7.0 to utilize this feature. Submission of serious reports via this system does not fulfill the 24 hour requirement to make contact with the designated person at ODJFS or the CDJFS.

As a reminder only serious incidents (as defined in rule) are to be submitted to ODJFS.

SUBJECT: Parental Notification of Intent to Revoke License

Background:
Division 5104.04 of the Ohio Revised Code (ORC) gives the Ohio Department of Job and Family Services the authority to revoke the license of a child care provider if the child care provider is in non-compliance with the ORC or Ohio Administrative Code (OAC). To initiate the revocation of a license, ODJFS issues a proposed adjudication order (PAO). This order, based on an on-site inspection report, notifies the provider of the alleged non-compliance with the Ohio Administrative Code and initiates a formal hearing.

New Procedure:
Beginning December 1, 2014, if a licensed child care provider is issued a PAO, ODJFS will notify all families for whom the provider provides publicly funded child care services. The letter will place the families on notice of the PAO, the process and the hearing date.

From: Douglas E. Lumpkin, Director

Subject: Revised JFS 01332 "Certified Child Care Handbook for Caretakers"

The JFS 01332 "Certified Child Care Handbook for Caretakers" has been revised to account for changes in rules and processes due to the development and implementation of new modules of the Child Care Information Data System (CCIDS).

References to the Ohio Department of Job and Family Services (ODJFS) have been added because ODJFS is now making payments to providers. Language has been clarified for certification information, copayment, fees, enrollment records and children's records.

The electronic versions of the Child Care Manuals are located at: http://emanuals.odjsf.state.oh.us/emanuals. The manuals contain all child care rules, transmittal letters, procedure letters and forms.

Please contact the Help Desk for the Office of Families and Children at 1-866-886-3537, option 4 if you have questions.

CCBMPL 3 (Revisions to the Child Care Type B Homes Crib Requirements)

Child Care Type B Manual Procedure Letter No. 3

July 27, 2012

To: All Child Care Type B Homes Manual Holders

From: Michael B. Colbert, Director

Subject: Revisions to the Child Care Type B Homes Crib Requirements

Effective immediately, full size cribs are no longer required. The rules addressing crib requirements for type B homes will be revised to reflect this change. However, as many providers are currently replacing their older cribs with new cribs that meet the new federal standards, the department wanted all providers to be notified as soon as possible. Until the rule changes are finalized, during certification inspection visits type B homes will be assessed according to the revised requirements contained in this letter.

The revised rule language will state that cribs must be used according to manufacturer's instructions and to discontinue the use of the porta crib when the child is able to climb out or reaches the height of thirty-five inches. Current rule language which prohibited infants over thirty inches tall from being placed in a porta crib shall be removed. Current language regarding infants being able to be placed on a cot at sixteen months with parental permission and language regarding infants who are over thirty-five inches tall shall stay the same.

The electronic versions of the child care manuals are located at: http://emanuals.odjfs.state.oh.us/emanuals. These manuals contain all child care rules, transmittal letters, procedure letters and forms. Please contact the Office of Family Assistance, Child Care Policy Help Desk at 1-877-302-2347, option 4, or your county certification worker if you have any questions regarding this new crib policy.

The state of Ohio has entered into a collective bargaining agreement with the American Federation of State, County and Municipal Employees (AFSCME) Ohio Council 8 Independent Child Care Home Providers. This agreement was made pursuant to Executive Order 2008-02S, "Establishing Collective Bargaining for Child Care Home Providers." The Ohio Department of Job and Family Services (ODJFS) will implement the terms of the agreement, including policy changes that affect provider certification requirements and responsibilities of the county departments of job and family services. ODJFS will work in consultation with the State-Union Committee to develop and implement new policies and to provide technical assistance.

Per the agreement, ODJFS will:

- Create a brochure for parents who are considering using subsidized child care.
- Develop a list of items to be included in a parent handbook for type B providers to distribute.
- Develop a curriculum for county certification staff to use, which will include an inspection checklist with a section for the provider to make comments at the end of the inspection. The provider will be given a copy of the form before the inspector leaves the home. A similar form will be used for complaint investigations.
- Create a form that will notify caretakers and providers when a change occurs in the caretaker's eligibility.
- Provide training and technical assistance to county staff regarding the terms of the agreement. Notice of rule changes will be made through the usual Clearance and rule-filing process.

The agreement further stipulates that:

- Each CDJFS will schedule 30 minutes during the health and safety training for type B providers to allow a union representative to distribute materials and provide membership information. ODJFS field office staff will schedule 30 minutes during initial meetings with type A providers for this purpose.
- A provider's participation on the State-Union Committee is an acceptable use of a substitute care provider.
- The term "legal representative," as used in rule 5101:2-14-40 of the Ohio Administrative Code, may include a union representative or steward designated by the child care provider.
- Providers and the union may file grievances as a result of alleged violations of the agreement.

AFSCME Ohio Council 8 is a statewide organization representing all of Ohio’s type A and type B home providers. AFSCME has eight regional offices in the following cities: Akron, Athens, Cincinnati, Cleveland, Columbus, Dayton, Toledo and Youngstown. Addresses of these offices and the names of their union representatives can be found in the December 2009 edition of the "Providers Together" newsletter. A link to more information for home child care providers can be found at: [http://www.afscmecouncil8.org/](http://www.afscmecouncil8.org/)

SUBJECT: JFS 01299 "Incident/Injury Report for Child Care
   Centers/Type A Homes/Type B Providers" - Optional Online Submission Beginning May 15, 2009

This letter announces a new option for licensed child care centers and type A providers, and certified type B providers to electronically submit the JFS 01299 "Incident/Injury Report for Child Care Centers/Type A Homes/Type B Providers" for serious incidents. Serious incidents are described in rules 5101:2-12-35, 5101:2-13-35, 5101:2-14-28 and 5101:2-14-58 of the Administrative Code.

Licensed child care centers and licensed type A homes are required to contact verbally ODJFS within twenty-four hours after a serious incident and to follow with a written JFS 01299 within three business days of the serious incident. Certified type B homes are required to verbally contact the County Department of Job and Family Services (CDJFS) within twenty-four hours after a serious incident and to follow with a written JFS 01299 within three business days of the serious incident. When using the electronic submission, the written notification requirement is met. The serious incident data is retained in a database that will be accessible by ODJFS and CDJFS staff.

Beginning May 15, 2009, providers may electronically submit serious incidents to the Ohio Department of Job and Family Services (ODJFS) by accessing the form at: http://www.odjfs.state.oh.us/forms/findform.asp?formnum=01299 on the Forms Central website and submitting the PDF version of the form. Providers will need to have adobe acrobat version 7.0 to utilize this feature. Submission of serious reports via this system does not fulfill the 24 hour requirement to make contact with the designated person at ODJFS or the CDJFS.

As a reminder only serious incidents (as defined in rule) are to be submitted to ODJFS.

Please contact the Help Desk for the Office for Children and Families at 1-866-886-3537, option # 4 if you have any questions.

What is a temporary license for pandemic child care?

What is a temporary pandemic family child care license?

A temporary pandemic family child care license is a short-term license to provide child care services to children whose parents are employed providing health, safety and other essential services as defined by the director of the Ohio department of job and family services in consultation with the director of the Ohio emergency management agency.

When may ODJFS issue a temporary pandemic child care license?

ODJFS may issue a temporary pandemic child care license if the governor of Ohio declares a state of emergency and directs ODJFS to issue this license type.

How do programs apply for a temporary pandemic child care license?

A licensed family child care provider shall apply to become a pandemic family child care by submitting the JFS 01258 "Application for Temporary Pandemic Program" to ODJFS.

What are the licensing requirements for a pandemic family child care provider?

The pandemic family child care provider shall meet the following requirements. The other requirements in this chapter shall not apply during the temporary license period.

1. All employees and child care staff members (including the provider) shall submit a request for background checks and fingerprints pursuant to rule 5101:2-13-09 of the Administrative Code within seven calendar days of the individual's date of hire or assignment. Child care staff may be used in ratio but shall not be left alone with children until the JFS 01176 "Program Notification of Background Check Review for Child Care" is received by the pandemic family provider.

2. There shall be at least one child care staff member on-site during all hours of operation who is currently trained in cardiopulmonary resuscitation (CPR) appropriate for all age groups that the provider is licensed to serve. The training shall meet the requirements in appendix A to rule 5101:2-13-10 of the Administrative Code.

3. The pandemic family child care provider shall ensure that the following staff child ratios and maximum group size limitations are maintained at all times:
   (a) Each pandemic family child care provider shall care for no more than six children at any one time. No more than three of those children may be under two years of age.

4. Child care staff members shall not leave a child unsupervised. Supervision means the child care staff members have knowledge of a child's needs and accountability for his or her care at all times. Supervision includes awareness of and responsibility for the activity of each child and being near enough to respond and reach children immediately including responding to the child's basic needs and protecting them from harm.
(5) The child care staff members shall ensure all children in care are within sight or hearing of child care staff members at all times. Within sight and hearing means without the use of mechanical devices such as baby monitors, video cameras or walkie talkies. The use of mirrors to view children in another room does not meet the supervision requirements of this rule.

(6) Each child care staff member shall use only the allowable discipline techniques in appendix A to rule 5101:2-13-19 of the Administrative Code.

(7) If the provider, employee or child care staff member suspects that a child has been abused or neglected, he or she shall immediately notify the public children services agency (PCSA).
