

## Appendix A to Rule 5101:2-13-13

**Schedule for Cleaning and Sanitizing Items**

To **clean**: Wash the surface or item with a detergent solution or other appropriate commercial product used for cleaning purposes. Questions about products are to be directed to the manufacturer of the product. Follow the manufacturer's instructions exactly.

To **sanitize**: Family child care providers are to use a commercial product registered by the United States Environmental Protection Agency (US EPA) as a sanitizer that has directions for use that are appropriate for the surface or item you are sanitizing. Questions regarding commercial products are to be directed to the manufacturer of the product or the US EPA. Follow manufacturer's instructions exactly when using any product to sanitize.

**All bottles of cleaners and sanitizers are to be labeled with the contents.**
