FAMILY ASSISTANCE LETTER #116

July 3, 2012

TO: Directors, County Departments of Job and Family Services

FROM: Trudie J. Bormann, Deputy Director
Office of Family Assistance

SUBJECT: **JUNE 29, 2012 STATEWIDE HIGH WINDS**

The purpose of this letter is to describe the funding available for families and certain elderly or disabled individuals affected by the high winds which impacted the state on June 29, 2012. Due to these weather conditions, the Governor declared a state of emergency for the entire state.

We are making available TANF and non-TANF funds to the counties most severely impacted by the severe weather, as determined by the degree of power outage that occurred. Forty-five counties had at least a 20% power outage as of 12:30 p.m. on July 1, 2012 reported through the Ohio Emergency Management Agency. A map showing the percentage of the population experiencing outages is attached.

The 45 counties are:

Allen, Athens, Auglaize, Belmont, Brown, Butler, Champaign, Clermont, Clinton, Coshocton, Fairfield, Franklin, Gallia, Greene, Guernsey, Hamilton, Hancock, Highland, Hocking, Jackson, Knox, Lawrence, Licking, Logan, Meigs, Mercer, Miami, Monroe, Montgomery, Morgan, Muskingum, Noble, Paulding, Perry, Pike, Preble, Putnam, Ross, Scioto, Shelby, Van Wert, Vinton, Warren, Washington, and Wyandot.

Due to the extent of the declaration and the limited funding available, the initial amount for each county has been reduced from prior disaster programs. Each of the 45 counties will be allocated **\$30,000 in TANF funds** to provide disaster assistance to eligible families and **\$7,500 in non-TANF funds** to serve eligible elderly or disabled individuals impacted by this weather. We will monitor utilization closely and possibly adjust amounts based on identified need.

It is extremely important for counties to submit weekly reports of families and elderly or disabled served under these programs. We will be monitoring use of TANF and non-TANF funds very closely. The county reporting requirements are included later in this letter.

TANF-PRC Funds for Families

Counties can provide up to \$1500 for each family; however, due to the extremely limited funds, counties should determine if it is more appropriate to budget a lower amount in order to serve more families. Counties may supplement the benefit with funds from their local TANF allocation, as long as the county PRC plan reflects the program accurately.

Disaster-related PRC assistance procedures are discussed in the Disaster Plan Resource Guide that was distributed in September 2008 (see pages 5-6). The Guide can be accessed at <http://innerweb/ofam/pdf/DisasterPlan.pdf>. It may be necessary to amend/revise the PRC plan to access these additional funds if the current plan does not reflect the inclusion of disaster assistance procedures. In order to qualify for PRC services, there are certain conditions that must be met, including evidence of economic need. It is recommended that counties adopt 200% of the federal poverty level (FPL). There may be instances where a standard of need that exceeds 200% of the FPL might be appropriate, but such a determination should be accompanied by a logical explanation or justification explaining why the selected standard of need is appropriate and reasonable in those circumstances.

Payments for families under the 2012 Statewide High Winds program should be entered into CRIS-E as hard services.

Non-TANF funds for elderly and disabled individuals

A one-time cash payment of up to \$750 may be provided to elderly or disabled individuals without a minor child who have been adversely affected by the emergency condition. Due to the extremely limited funds, counties should determine if it is more appropriate to budget a lower amount in order to serve more elderly or disabled individuals.

Only one payment may be made per dwelling. If a disaster-related PRC payment has been made on behalf of a resident of the same dwelling, there is no eligibility for non-TANF assistance under the 2012 Statewide High Winds program.

As described on page 7 of the Disaster Plan Resource Guide, in order to qualify for payment under the 2012 Statewide High Winds program, the following conditions must be met:

- (1) The individual must be age 55 or over and without minor child(ren), or;
- (2) The individual must be without minor child(ren) and in receipt of disability benefit payments such as Supplemental Security Income (SSI), Social Security Disability, VA Disability, PERS Disability, Railroad Retirement Disability, Black Lung Benefits, etc, and;
- (3) The individual must be a resident of one of the designated counties, and;
- (4) The individual must have been adversely affected by the emergency condition, and;
- (5) The individual must be in need as defined by the county. For purposes of this provision, need is determined by comparing the household's total available income to

the need standard/poverty level set by the county. It is recommended that counties adopt 200% of the federal poverty level as the need standard/poverty level. There may be instances where a standard of need that exceeds 200% of the FPL might be appropriate, but such a determination should be accompanied by a logical explanation or justification explaining why the selected standard of need is appropriate and reasonable in those circumstances.

Payments for disabled or elderly individuals under the 2012 Statewide High Winds program should not be entered into CRIS-E or the PRC-WRT tracking system but will be tracked weekly as addressed later in this letter.

The 2012 Statewide High Winds program benefits for elderly or disabled individuals are not subject to state hearing regulations; however, the CDJFS will need to provide written notification on application decisions as well as notification to applicants of the right to a county conference. Sample approval and denial notices are attached and may be reproduced on county letterhead.

In order to receive funds, each county must submit a plan outlining the following criteria:

- (1) Categories or types of assistance that will be provided;
- (2) The county's application process; and
- (3) The county's need standard/poverty level.

A sample plan is found in the Appendix section of the Disaster Plan Resource Guide.

The plan should be submitted to:

Penny Brubeck
Office of Family Assistance
Fax Number: 614/466-1767
Phone Number: 614/644-1385
E-mail: Penny.Brubeck@jfs.ohio.gov

General Requirements

Duration: The program will begin July 3, 2012 and run through the close of business on August 2, 2012, contingent upon funding.

Reporting and Tracking: In order to monitor expenditures, we are requiring that each county track the number of individuals and families served under the 2012 Statewide High Winds program and e-mail the numbers to Penny Brubeck at Penny.Brubeck@jfs.ohio.gov by noon each Monday until all applications have been processed. Each weekly report should include the number of individuals who were approved for non-TANF funds and the number of families who were approved for TANF-PRC funds during the prior week. There is no required tracking form to complete; the CDJFS just needs to e-mail the number of applications for the prior week.

Funding and Fiscal Coding: The CDJFS must use the codes contained in the table below to report expenditures. These codes may only be used during a Governor-declared State of Emergency.

Financial Reporting Form	Program Code	Title	Definition
JFS 02827	159-515003	ADA-Adult Disaster Assistance	Funds distributed as part of the time-limited ADA emergency disaster relief effort
JFS 02827	158-515003	TANF-Disaster Related Emergency Assistance	Funds distributed as part of the time-limited disaster relief effort.
